Re: November 2025 Treasurer's Report
Date: February 2, 2026

Attached are financial reports for November 2025. Below are explanations of major variances compared to the prior year.

Local revenue is approximately \$7,997,000 greater than the prior year, primarily due to an increase of \$7,570,000 in real estate tax revenue. This reflects the impact of a 4% tax rate increase, assessed value growth, and the timing of receipts. Earned income tax and interest on investment revenues are also greater than the prior year by approximately \$467,000 and \$334,000, respectively. Real estate transfer tax is less than the prior year by approximately \$415,000; however, we will see an increase year over year in December for a significant transfer tax transaction.

State revenue is approximately \$280,000 greater than the prior year. Retirement and social security revenues are greater than the prior year by approximately \$177,000 and \$89,000, respectively, because of increased salary expenditures. Basic education subsidy is greater than the prior year by approximately \$93,000. Property tax reduction revenue also increased by \$327,000. Ready to Learn grant, rental/sinking fund, and PHEAA Student teacher stipend revenues are less than the prior year by approximately \$310,000, \$76,000, \$20,000, respectively, due to the timing of receipts. Federal revenue is greater than the prior year by approximately \$152,000 primarily due to the timing of Medical Assistance funds.

Expenses are greater than the prior year by approximately \$2,947,000. Personnel expenses are greater than the prior year by approximately \$2,801,000. Salaries and benefits increased by \$1,375,000 and \$1,426,000, respectively. The increase in salaries is reflective of contractual salary increases and additional positions added in the 2025-26 budget. Benefits are primarily reflective of increases in health insurance, PSERS, and social security employer contributions of approximately \$756,000, \$590,000, and \$90,000, respectively, due to salary and rate increases. Non-personnel related expenses are greater than the prior year by approximately \$146,000, however the subcategories have varied greatly between years. At this point, the Administration is attributing this variation to timing and inflation.

On a monthly basis, actual revenue and expense by detailed lines are compared to budget and prior year actuals. The budget column represents the full year, therefore, each month we look at the receipts or spending to date as a percentage of the total budget, taking into consideration known variations in the timing of each line.
