3/27 — Half day

3/30-4/10 — Spring Break

4/6-10 — Possible make-up days

How an E.L. Student can prepare for the MAP Test

- **Set a steady routine:** Do 15–20 min. of focused practice at the same time 4 days a week to build confidence without burnout.
- **Read + prove it:** Read daily and practice answering “What’s the main idea?” and “Which sentence proves it?”
- **Learn the test words:** Memorize and use common MAP directions like compare, infer, summarize, evidence, explain so questions make sense faster.
- **Explain math out loud:** Have your child talk through steps using math words like total, difference, estimate, at least to avoid language-based mistakes.

Yay, We finished the ACCESS Tests!

Congrats to all the parents, students, and teachers for doing your part in completing these state tests that measure your English proficiency. We hope you scored a 4.7 and graduate from the program like champions. If not, we will continue working next year to improve your language skills. We'll get the results by the last week of the school year, if everything goes as planned. We will share them as soon as we can.

Chat-N-Zoom Digital Meeting with Parents

On **March 23rd**, at **6:00 p.m.**, we will have a Zoom meeting with all E.L. parents. Please put this on your calendar. It's important! You will be credited 1 volunteer hour for connecting on Zoom and 1 additional hour for answering the Kahoot quiz! In addition, students who get their parents to join the zoom will earn Allen Village dollars and a dress-down day. The Zoom and Kahoot links are on the school website:
