

Media Little League

2026 Capital Improvement and Infrastructure Plan

2026 League Goals

- Introduce Media's first Challenger League with two teams
- Improve facilities for all 610 players and their families
- Increase community engagement through outreach and cooperation with Upper Providence Township Council
- Increase funding through state and local grant programs
- Win the 2026 Little League World Series!

Identified Critical Infrastructure Needs

- Renovate/Expand bathrooms for improved functionality and to ensure ADA compliant facilities(In Progress)
- Replace failing cement pad in front of snack bar
- Regrade and/or resurface upper parking lot to allow for handicap parking spaces and reduce water runoff into clubhouse area
- Install lights in upper parking lot to enhance security
- Install ADA compliant walkways between the clubhouse and lower three fields
- Regrade and fix drainage on Continental League field(SLMS softball field)
- Repair/Replace stairs to upper clubhouse

MEDIA LITTLE LEAGUE'S NEW
CHALLENGER LEAGUE
INCLUSIVE BASEBALL

Media Little League
1900 N Providence Rd.
Media, PA 19063

Bathroom Renovations

- Women's room will increase in size and have two standard and one ADA compliant stall with a changing table. It will also now have two sinks. Men's room will also increase in size allowing for two urinals, one stall and two sinks.

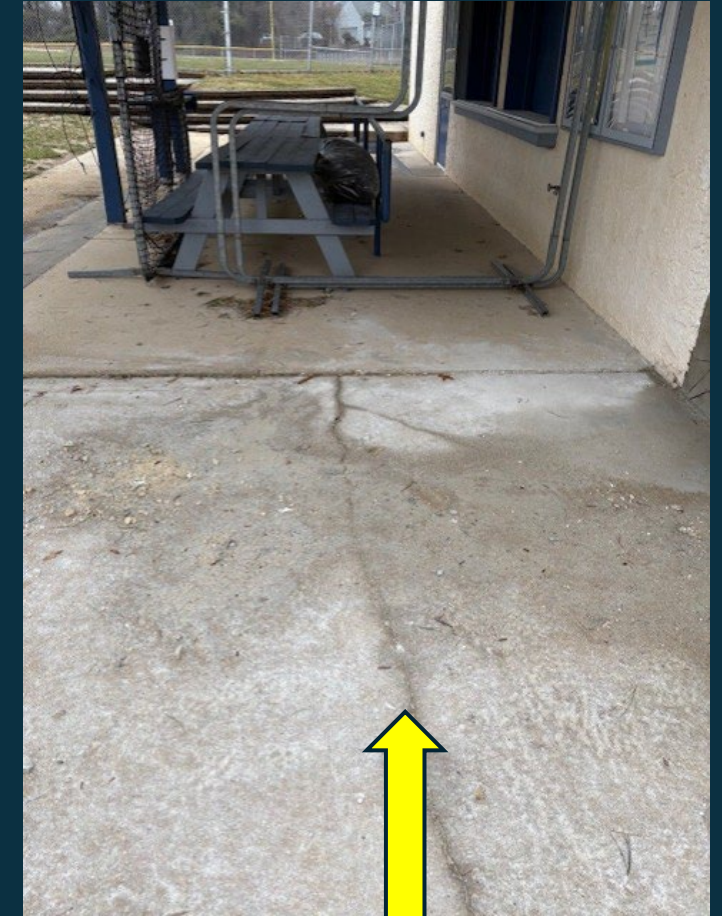

Failing Snack Bar Cement Area

Settling has led to a need for patched "ramps"

Erosion has led to exposed underlayment

Cracks throughout due to improper water runoff

Upper Parking Lot

Current grading has caused numerous low spots for water to pool and wash away dirt foundation

Every fall and winter, plowing as well as water runoff washes most of the top gravel towards the clubhouse and snack bar

Clubhouse Stairs and Downspouts

Non-Critical Infrastructure Improvements

- Fix sinkhole in National League centerfield
- Add native species plants throughout complex
- Install shade trees along entrance to complex
- Add batting cages for American League field
- Install materials bins to retain more field materials and improve appearance
- Add indoor training facility (we can dream)

Fundraising/Grant Opportunities

- 75th Anniversary Beef and Beer Banquet and Silent Auction (March 21st)
- Slugfest Community Day
- Legends Pathway/Custom Brick Walkway
- \$60,000 PA Senate discretionary grant
- \$60,000 PA House discretionary grant
- PA Community Conservation Partnership Grant (Up to \$500,000)

PA Community Conservation Partnership Grant

- Eligibility under 501(c)3 non-profit
- Allows for “park rehabilitation and development”
- MLL’s 25 year lease allows for us to submit the grant as long as we have permission from RTMSD
- Currently working with grant writer Terry Rumsey
