## Final Steps

1. Have you requested 7.5 credits worth of classes? That is 16 total requests.
2. Have you selected five alternatives? Your alternate selections are critical. If you do not get one of your requested classes, you will be taking one of your alternatives. If you don't have 5 alternatives, they will be selected for you.
  - a. You must select both fall and spring terms for year long classes. This counts as one alternative selection.
3. To SAVE "Click here to return to course request summary" button, and close out of StudentVue. You are done!  
If you would like to change a selection, you may go back and do so until you meet with your counselor.
4. Please make sure to review and discuss your scheduling requests with your parents/ guardians. Class changes will be limited next year. Course offerings and staffing decisions are based upon schedule requests.
