PHILOSOPHY

In accordance with the goals of education, the Pontiac High School Athletics philosophy is to help young people develop mentally, physically, emotionally, and intellectually to their fullest potential. The athletic program contributes to this goal by providing intermediate and high school students with opportunities to participate as team members in sports competition with other schools. The development of physical skills, sportsmanship, teamwork, self-discipline, loyalty, tolerance, and perseverance are desired individual outcomes.

TEN COMMANDMENTS FOR PARENTS WITH ATHLETIC CHILDREN

- 1) Make sure your children know that win or lose, scared or heroic, you love them, appreciate their efforts, and are not disappointed in them. This will allow them to do their best without a fear of failure. Be the person in their life they can look to for constant positive reinforcement.
- 2) Try your best to be completely honest about your child's athletic capability, their competitive attitude, sportsmanship, and actual skill level.
- 3) Be helpful, but don't coach them on the way to the field, the court, the track, or at breakfast, and so on. It is tough not to, but it is a lot tougher for the child to be inundated with advice, pep talks, and often critical instruction.
- 4) Teach them to enjoy the thrill of competition, to be "out there trying," to be working to improve their skills and attitudes. Help them to develop a feel for competing, trying hard, and having fun.
- 5) Try not to relive your athletic life through your children in a way that creates pressure.
- 6) Don't compete with the coach. If the coach becomes an authority figure, it will run from enchantment to disenchantment, etc., with your athlete.
- 7) Don't compare the skill, courage, or attitudes of your children with other members of the team, at least within his/her hearing.
- 8) Get to know the Athletic Director and the Coaching Staff so that you can be assured that the philosophy, attitudes, ethics, and knowledge are such that you are happy to have your child under their leadership.
- 9) Always remember that children tend to exaggerate, both when praised and when criticized. Temper your reaction and investigate before overreacting.
- 10) Make a point of understanding courage, and the fact that it is relative. Some of us can climb mountains and are afraid to fight. Some of us will fight, but turn to jelly if a bee approaches. Everyone is frightened in certain areas. Explain that courage is not the absence of fear, but a means of doing something in spite of fear or discomfort. The job of the parent of an athletic child is a tough one, and it takes a lot of effort to do it well. It is worth all the effort when you hear your youngster say, "My parents really helped; I was lucky in this."

PHOENIX COACHING STANDARDS & EXPECTATIONS

The Board of Directors and Administration of extra-curricular programs in the Pontiac School District recognize the need to maintain a standard of excellence for our students. As such, we support the adoption of these standards to be used by the Athletic Director as the basis for the evaluation of coaches and programs.

A coach has a role as leader and mentor to student athletes, and is an official representative of the school at interscholastic athletic activities. Since they work in such an important capacity, these standard behaviors should be practiced (including those clubs and athletic programs not sponsored by MHSAA):

1. Develop an understanding of the role of interscholastic athletics and communicate it to players, parents, and the public.
2. Develop an up-to-date knowledge of the rules, strategies, safety precautions, and skills of the sport and communicate them to players and parents.
3. Develop, communicate, and model policies for athletes' conduct and language in the locker room, at practice, during travel, during competition, and at other appropriate times.
4. Develop fair, unprejudiced relationships with all squad members.
5. Allow athletes to prove themselves anew each season and do not base team selections on previous seasons or out-of-season activities.
6. Allow athletes time to develop skills and interests in other athletic and non-athletic activities provided by the school and community groups.
7. Give the highest degree of attention to the athletes' physical well being.
8. Teach players strict adherence to game rules and contest regulations.
9. Teach players, by precept and example, respect for school authorities and contest officials, providing support for them in cases of adverse decisions and refraining from critical comments in public or to the media.
10. Present privately, through proper school authorities, evidence of rule violations by opponents, and counteract rumors and unfounded allegations of questionable practices by opponents.
11. Attend required meetings, keep abreast of MHSAA policies regarding the sport, and be familiar with MHSAA eligibility and contest regulations.
12. Present a clean professional image in terms of personal appearance, and provide a positive role model example in terms of personal habits, language, and conduct. Use of tobacco within sight of players and spectators, and use of alcohol any time before a contest on the day of the contest is not acceptable.

PARENTAL STANDARDS & EXPECTATIONS

When the coaching staff, the athletes, and the parents of our Phoenix Athletes are working together for the good of the team, a season is successful. Please help us provide the best possible environment for our athletes to have a quality experience. Everyone must play his/her role. The coaches need to coach, the players need to work hard and sacrifice for the good of the team, and parents need to support their children with attendance and encouragement. As models to our student athletes, the following behaviors should be practiced by parents:

1. Encourage good sportsmanship by demonstrating positive support for all players, coaches, and officials at every game.
2. Place the emotional and physical well being of the participants ahead of any personal desires to win.
3. Provide support for coaches and officials working with the participants to provide a positive, enjoyable experience for all.
4. Promote a tobacco, alcohol, drug, and violence-free sports environment for the participants and agree to assist by refraining from their use at all events.
5. Refrain from comments and actions that are intended to intimidate, bait, anger, or embarrass others.
6. Maintain a position as a spectator and refrain from “coaching from the stands.”
7. Support the participants in the appropriately designated areas for spectators.
8. Remember that the game is for the students and not for adults.
9. Make youth sports fun for the participants.
10. Expect that your child treat other players, coaches, fans, and officials with respect regardless of race, sex, creed, or ability.
11. Keep all comments from the stands positive, including those directed toward individuals other than your own child.
12. Promise to help your child enjoy the extra-curricular experience within your personal constraints by being a respectful fan, providing transportation, or whatever you are capable of doing.

EXTRA-CURRICULAR ROLES & RESPONSIBILITIES

Actions by coaches, student athletes, administrators, parents, and the board of education are subject to the same standards and expectations as stated in board policy and the contractual agreement between the board and the teacher's association. The same expectations of teachers, as stated in these documents, are expected of coaches.

Extra-Curricular Participants will:

- Come prepared to work at every practice where he/she is physically able.
- Accept the team rules as established by the coach and the athletic department.
- Attempt to communicate all questions and concerns with the coach in a timely fashion.
- Display a respectful attitude toward his/her teammates, coaches, officials, spectators, and opponents at all times.

Coaches will:

- Abide by MHSAA coaching standards as stated in the MHSAA Handbook.
- Come prepared to practice daily.
- Make a strong effort to run a safe practice and competition area.
- Communicate important information (such as team expectations and important dates) to parents and administration.

Administrators will:

- Communicate to parents the conflict resolution process.
- Enforce the chain of command as outlined in the conflict resolution process.
- Review with coaches the expectations as stated in the team's guidelines.
- The Athletic Director will conduct a meeting in the off-season with the coaches to discuss standards and procedures.

Parents will:

- Be supportive of not only their children, but of all competitors.
- Support team guidelines and goals.
- Abide by the code of conduct for parents as found in the S.J.P.S. Athletic Handbook.
- Communicate concerns directly to the coach while respecting the 24-hour "cooling off period."

The Board of Education will:

- Recognize athletes and programs for academic and athletic success.
- Serve as an arbitrator in disputes that have exhausted the full grievance process.
- Enforce the chain of command as outlined in the conflict resolution process.
- Remain neutral by refusing all requests to become involved in a dispute before the superintendent has been notified and all steps in the conflict resolution process have been exhausted.

EXTRA-CURRICULAR CONFLICT RESOLUTION PROCESS

- All complaints **MUST** be heard at the lowest possible level **BEFORE** intervention by a higher authority can occur.
- A 24-hour “cooling off period” must be granted before any complaints are initiated.
- Complaints must be made within 10 days of the incident. For the sake of all parties, the entire process must be concluded within 30 days of the incident.

This system works very well, so we are committed to abide by it.

- Step 1 **Start with the Source**
The player will speak directly to the coach. A cooling off period will be granted for all parties before resolution is sought. This meeting should be done in private, away from practice sites and game arenas, and should be conducted face to face. Students who do not feel comfortable speaking solely to the coach may request a parent to be present; however, the meeting should be conducted by the athlete.
- Step 2 **Move to Program Head**
This step is necessary only if the issue is in regards to a subordinate or assistant (i.e. an assistant, JV coach, etc.). If going to the source does not resolve the problem, then the head of the program should be notified and he/she should attempt to facilitate a solution. If the source is the head of the program, move to step three.
- Step 3 **Contact Athletic Director**
If an agreeable solution is not reached, then the Athletic Director will conduct a meeting between the parties in an attempt to find resolution.
- Step 4 **Contact Principal**
If an agreeable solution is still not reached, then the principal will conduct a meeting between the parties in an attempt to find resolution.
- Step 5 **Notify the Superintendent**
At this point in the process, individuals who still believe their disputes have not been resolved adequately can submit a written narrative of their complaint to the School Superintendent. A copy of this will be given to all concerned parties, who will be afforded the option of a written rebuttal. After the Superintendent has reviewed the documents he/she can conduct a meeting in a final attempt to resolve the dispute.
- Step 6 **Request Non-Partisan School Board Mediation**
This final step is appropriate only in extreme circumstances and shall follow the same process laid out for the Superintendent.

COMMUNICATION BETWEEN PHOENIX COACHES & PARENTS

The purpose of the interscholastic athletic program at Pontiac High School is to provide an arena in which students can learn and grow in meaningful ways that are not always possible in a classroom setting. Our ultimate success in achieving a positive athletic experience will be measured by our ability to establish lines of communication. Through good communication, people feel valued and understood, even if complete agreement is not always reached. We are all concerned about the *education* of our students. Part of the process of growing up is learning to handle your own difficult situations. If a conflict or misunderstanding between an athlete and a coach occurs, learning to resolve it is an important educational experience for the athlete. Parents should react slowly. Children tend to exaggerate at times, leave out part of the story, or present a skewed version of an incident. Taking responsibility for your part in a conflict is a learned skill. It requires maturity and honest self-reflection. Parents should always seek more information before drawing conclusions. The most productive long-term help a parent can give a child in awkward situations with a coach is to teach and model the skills of conflict resolution. Help your child resolve his or her own differences. When a student successfully deals with difficult interpersonal conflicts, he or she learns and grows. Parents are encouraged to help their athlete learn the valuable lessons that athletics can teach, even the tough lessons that may be difficult for everyone involved. Of course, a parent always retains the right to intervene on behalf of a child.

Communication all parents can expect from their child's coach or the Athletic Director:

Team Itinerary: Parents need to know the location and times of all try-outs, practices, games, bus trips, meetings, banquets, team camps, conditioning sessions, etc., as well as directions to away contests.

Team Rules: Parents appreciate knowing not only the philosophy of the coach, but also any team policies, including consequences that the coach established to supplement the code of conduct, rules, and regulations.

Criteria for Team Selection: Coaches should develop and distribute written criteria for team selection, including objective criteria such as those measured against the stopwatch or skills completed, as well as subjective evaluations, such as attitude, effort, coachability, grades, or potential.

Injury: Parents can expect to be immediately informed by the Athletic Director/Coach when an injury occurs that requires medical attention.

Problem Behavior: Coaches should call parents whenever an athlete exhibits atypical behavior that persists longer than 48 hours.

Discipline: The coach will inform parents within 24 hours of all discipline that result in the loss of contest participation or removal from the team. This contact will be done before the parent is to attend the contest whenever possible.

COMMUNICATION COACHES APPRECIATE FROM PARENTS

Schedule Conflicts: If you cannot reach the coach directly, it is then appropriate to notify the main office to get a message to the coach.

Emotional Stressors: Coaches appreciate knowing about any unusual event in the life of an athlete that is causing the young person additional stress.

Volunteers: The Athletic Director/coaches need help with so many aspects of managing the program (fundraisers, work projects, team dinners, awards banquets, etc.) that they are always glad to hear from parents who have ideas and are willing to work for the team.

Forthrightness: Every coach wants to try to resolve a conflict before it is taken to the Athletic Director, principal or other higher authority, or before it is discussed “in the stands.”

Appropriate Concerns for Parents to Discuss with Coaches:

1. The treatment of your child
2. Ways to help your child improve
3. Concerns about your child’s physical health and welfare, academic progress, or violation of the Code of Conduct (matters regarding other athletes are to be left to their respective parents)

Areas of Control that Belong to the Coach, Alone:

1. Tryout procedures, team placement, team size, and selection criteria
2. Position(s) played, lineups, and playing time
3. Offensive and defensive strategies, play calling and style of play
4. Practice plans, drills, and scrimmages
5. Coaching staff (upon approval of the Athletic Director)

How to Discuss an Appropriate Concern with the Coach:

Communication is the most vital aspect of heading off potential problems. Any concern a student or parent has must always be addressed by following the “Extra-Curricular Conflict Resolution Process.” The first step of this is to contact the source. Whenever possible the student should initiate, but whether the parent or the student begins the process, there are some suggestions on how to handle this conversation.

Student Contacting the Source: The student should talk directly with the coach, in private, face-to-face, away from the practice site or game arena. A telephone call may be necessary to arrange an appointment. E-mail, voicemail, and letters are good methods for communicating information, but they are not as effective for communicating feelings and concerns. By their nature they tend to distance coaches and athletes.

Parent Contacting the Source: Contact the coach to talk directly, in private, face-to-face, away from the practice site or game area. Making an appointment, sitting down, and listening to both sides is far more productive in reaching a mutually satisfying resolution. Our coaches are expected and encouraged to meet with individual parents to discuss concerns that affect that parent’s child. Our coaches are not expected to meet with groups of parents to discuss issues of concern. Please do NOT attempt to confront a coach before or after practice or a contest. These can be emotional times for both the parent and the coach. Our coaches are NOT expected to endure yelling, verbal, or physical abuse from parents. Make an appointment. Help teach your child the skills of mature conflict resolution.

ACTIVITIES SANCTIONED BY PONTIAC PUBLIC SCHOOLS

The following activities are sanctioned by the Pontiac Public Schools' Board of Education and are subject to all considerations presented in this handbook:

Fall

Cross Country (Boys and Girls)
Football (Boys)
Sideline Cheerleading (Girls)
Soccer (Boys)
Volleyball (Girls)

Winter

Basketball (Boys)
Basketball (Girls)
Wrestling (Boys)

Spring

Soccer (Girls)
Track & Field (Boys & Girls)

GOALS OF AN ACTIVITIES PARTICIPATION

The goal of extra-curricular participation in Pontiac Public Schools should be an educational experience developing individual skills and formulating team concepts that can be used for a lifetime.

1. **Teamwork:** Develop self-discipline, respect authority, work hard, and place team objectives above personal desires.
2. **Success:** Perform at one's best regardless of the final outcome.
3. **Good Sportsmanship:** Learn to accept winning and losing gracefully. Treat others with respect. Maintain emotional control, honesty, cooperation, and dependability.
4. **Develop Good Health Habits:** Develop good nutritional habits, get proper exercise, and follow guidelines set up by Phoenix coaching staff.

CODE OF CONDUCT

A student who elects to participate in the activities program is voluntarily making a choice of self-discipline and self-denial. Being a member of these groups is a privilege and must be treated as such. An individual's conduct should reflect positively upon himself/herself and his/her family, school, and community.

1. In the arena of competition, behavior should reflect good sportsmanship.
2. In the classroom, good citizenship, the highest individual academic effort, and social responsibility should exemplify the conduct of a good athlete.
3. The student is responsible for equipment and facilities used in the performing of the activity.
4. Dropping out of athletics is a serious matter. As a courtesy, the student and parents should discuss this decision with the coach and the Athletic Director before making a final decision.
5. High school students should use good judgment in emulating only those college and professional performers who display positive qualities of sportsmanship.
6. A student should respect and adhere to the expectations of the individual coach/supervisor as outlined in the activities' written guidelines.
7. Athletes may transfer from one sport to another during a season when agreed upon by the player, both coaches, and parent (obtain a transfer form in the Student Activities Office). If both coaches and players do not agree, appeals will be made to the Activities Director.

All rules of this section as well as other sections of the Student Activities Handbook are in effect from the beginning, with their first day of participation in an extra-curricular activity, and continuing through to the date of graduation or the last date of participation, whichever is later. All infractions will be penalized and be applicable at any time during the calendar year and will carry over from year to year.

The students are at all times representatives of the activities program of the School District and must not engage in conduct that is disreputable or unbecoming a student of the School District. Conduct that would constitute a violation of any law or ordinance, and that involves an act of dishonesty or criminal intent, will be subject to the penalties and disciplinary measures of the Athletic Code.

Violations of the Code of Conduct are punishable by the disciplinary measures and penalties as follows:

- a. **Suspension:** Restricted from participation in the scheduled events and/or games of the athletic activity for a specified duration. The athlete must attend practices.
- b. **Removal:** Removal from participation in any and all athletic activities including practices for a specified period or permanently.

The Athletic Director and the Assistant Principal for Discipline shall determine the degree of the penalty or disciplinary measure imposed on a case-by-case basis according to the seriousness and severity of the violation. The student's assigned high school counselor will be consulted when appropriate.

The above training rules are the minimal standards that are to be adhered to by students. **But any coach may implement her/his own training rules and regulations, which go above and beyond the minimum standards previously stated, with approval of the Activities Director.**

STUDENTS' CONDUCT CODE FOR PARTICIPANTS IN EXTRA-CURRICULAR ACTIVITIES

Recognizing that participation in extra-curricular activities is a privilege, the District requires that the conduct of student participants be exemplary at all times. Participants are representatives of the District and their school, and must conduct themselves appropriately at all times, both while in school and out of school. Student participants who violate this policy are subject to being removed from the activity at the discretion of the coach, sponsor, building principal, or Athletic Director, in addition to any other applicable punishment.

The Activities Director shall require that all coaches and sponsors of extra-curricular activities have rules or a conduct code for their participants consistent with this policy and the rules adopted by the MHSAA. These rules should contain a notice to participants that failure to abide by them could result in removal from the activity. The rules of the conduct code shall be reviewed by the building principal periodically at his or her discretion and presented to the School Board. (See alternative paragraph below.)

All coaches and sponsors of extra-curricular activities shall annually review the rules of conduct with participants and provide participants with a copy.

Participation shall at all times abide by the safety rules of their activity or sport. Unsportsmanlike behavior will not be tolerated.

Participants' conduct, in and out of school, shall not reflect negatively on their school or create a disruptive influence on the discipline, good order, moral, or educational environment in the school.

Participants who violate this conduct code are subject to being removed from the activity at the discretion of the coach, building principal or Athletic Director, in addition to any other applicable punishment.

SPORTSMANSHIP

Activities in our schools have earned an outstanding reputation in the area of school and community sportsmanship. Our students, fans, and participants have always conducted themselves in a commendable manner. Everyone is very proud of this reputation and works hard at upholding it. Please review the following suggestions for future consideration:

1. A student spectator represents his/her school the same as the athlete.
2. The good name of the school is more valuable than any game won by unfair play.
3. Accept decisions of officials without dispute.
4. Recognize and show appreciation of fine play and good sportsmanship on the part of the opponent.
5. Advocate that any spectator or athlete who continually demonstrates poor sportsmanship may be excused from the athletic program.

ADULT FAN BEHAVIOR GUIDELINES

If a fan is acting in an unsportsmanlike manner, he/she will be approached and be advised of the inappropriate behavior by a Phoenix staff member, with a follow-up letter sent by the Athletic Director.

A second offense will result in a suspension of two home contests and any other athletic event during the suspension time period.

A third offense will result in a suspension from all athletic contests for the remainder of the school year. This process may be accelerated if the administration deems it necessary.

MHSAA MINIMUM REQUIREMENTS

What follows is a condensation of the Michigan High School Athletic Association's standards found at <https://www.mhsaa.com/portals/0/documents/ad%20forms/eligibility%20summary.pdf>.

Questions as to the details included in these standards should be taken to the District's Athletic Director.

Michigan High School Athletic Association Eligibility Standards:

A. ENROLLMENT:

Students must be enrolled not later than the fourth Friday after Labor Day for the first trimester or second trimester, or not later than the fourth Friday of February for the second or third trimesters to be eligible for interscholastic athletics.

B. AGE:

A student must be under nineteen (19) years of age at the time of the contest unless the student's birthday occurs on or after September 1 of a current school year. Should the student's birthday occur on or after September 1, the student is eligible for the balance of that school year.

C. MAXIMUM COMPETITION:

A student, once enrolled in grade 9, shall be allowed to compete in only four first, four second and four third trimesters.

D. SEMESTERS/TRIMESTERS OF ENROLLMENT:

A student shall not compete in athletics that has been enrolled in grades nine through twelve, inclusive, for more than eight semesters, or 12 trimesters. The seventh and eighth semesters or the 10th, 11th and 12th trimesters must be consecutive. Students are allowed four first semesters and four second semesters or four first, four second and four third trimesters of enrollment. Enrollment in a school after the fourth Friday counts as a semester/trimester. Participation in one or more interscholastic athletic contests also constitutes a semester/trimester of enrollment.

E. UNDERGRADUATE STANDING:

The student must not be a high school graduate.

F. PREVIOUS SEMESTER/TRIMESTER RECORD:

The student must have passed 66% of the credit load for work taken during the last regular trimester of enrollment, and have passed at least four (4) out of five (5) trimester courses. A student who fails to pass 66% of the credit load - (4) out of five (5) - trimester courses at the end of any trimester period shall be ineligible for the next 60 school days unless the deficiencies are made up. Eligibility may be reinstated during the next trimester when the school accepts the credit.

G. CURRENT SEMESTER/TRIMESTER RECORD:

The student must be passing at least 66% of the credit hours of work during the current trimester, passing a minimum of four (4) out of five (5) courses.

H. TRANSFERS:

The student must be accompanied by the persons with whom the student had lived when moving out of a former school district or service area and into a new school district. The student is ineligible to participate in an athletic contest or scrimmage for one full semester unless the student qualifies for at least one of the 15 exceptions as stated in the MHSAA Handbook, Section 9, pages 36-42.

I. AWARDS:

A student may not accept an award for athletic performance that exceeds a value of \$25.00. An award may not include cash, merchandise certificates or negotiable certificate for any value.

J. AMATEUR PRACTICES:

The student must not accept money or any other type of valuable consideration (merchandise, etc.) for participating in any type of athletics, sports or games. Nor should the student accept this same type of consideration for officiating interscholastic athletic contest. A student is not to sign a contract with a professional team.

K. LIMITED TEAM MEMBERSHIP:

1. After a student has represented the school in an interscholastic athletic activity, the student may participate in a maximum of two (2) non-school individual interscholastic athletic meets or contests during the athletic season of the school year while not representing the school only in the sports of cross country, golf, gymnastics, swimming and diving, tennis, track and field, and wrestling.
2. The student may not participate in any "all-star," charity or exhibition contests in any interscholastic athletic event not sponsored by the Michigan High School Athletic Association before graduating from high school.
3. Parents should always check with the Athletic Director before allowing a student-athlete to participate in any non-school athletic activity. This is important to the student's future athletic eligibility. A violation of the limited Team Membership rule results in ineligibility for three competitions.

L. REINSTATEMENT OF ELIGIBILITY:

A change in status for an athlete who has been ineligible occurs on the first full day of the new semester/trimester on which regularly scheduled classes are held, and not on the last day of the previous semester/trimester.

M. COMPETITION DISQUALIFICATION:

Note: This is the wording of the Michigan High School Athletic Association – Reg. V, Sec. 3, Pg. 89:

The following policies for disqualifications shall apply in all sports:

1. When a student is disqualified during a contest for flagrant or unsportsmanlike conduct, that student shall be withheld by his/her school for the remainder of that day of competition and for at least the next contest/day of competition for that team.
2. When a coach is disqualified during a contest/day of competition for unsportsmanlike conduct, that coach shall be prohibited by his/her school from coaching for the remainder of that day of competition and from coaching at or attending at least the next contest/day of competition for that team.
3. Failure of the school for any reason to enforce this regulation will prohibit the school from entry in the next MHSAA tournament for that sport, or for the remainder of the current tournament if the disqualification occurs during an MHSAA tournament or during the last regular season contest/day of competition.

4. Disqualifications from one season carry over to the next season in that sport for undergraduates and coaches, or the next season in any sport for seniors.
5. If the playing rules for a sport specify an additional penalty or more rapid progression, or use of such a progression for other violations, the playing rules apply. (1990)
6. Any coach who is disqualified for unsportsmanlike conduct two or more times during a season, any player who is disqualified for unsportsmanlike conduct three or more times during a season, and any coach or player who is ejected for spitting at, hitting, slapping, kicking, pushing or intentionally and aggressively physically contacting an official at any time during that season, is not eligible to participate in the MHSAA tournament for that sport that season. If the tournament disqualifying ejection for that individual occurs during the MHSAA tournament, that player or coach is ineligible for the remainder of that tournament.

I. POTENTIAL DANGERS IN ATHLETIC PARTICIPATION

A. Informed Consent: By its nature, participation in interscholastic athletics includes risk of injury, which may range in severity. Although serious injuries are not common in supervised school athletic programs, it is impossible to eliminate the risk. Participants have the responsibility to help reduce the chance of injury.

Players must obey all safety rules, report all physical problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily.

Also due to the nature of athletics, the possibility of the exchange of body fluids is present in sports.

Regardless of how remote the possibility of transmission of diseases such as HIV/HBV is, all athletes should be aware of the inherent risks associated with athletic competition.

B. Risk taking: Participation in athletics is a voluntary extra-curricular activity in which the student participates at the risk of injury. Athletic activities can be hazardous and participation in such activities is a calculated risk on the part of the student and parents.

II. INSURANCE

Parents or guardians of athletes are required to obtain adequate insurance coverage for their children in the event of injury. All students participating in athletic events must carry some type of health and accident insurance.

- A. The Pontiac School Board of Education does not assume liability for injuries suffered by students while participating in athletic activities. The responsibility for the expenses incurred in athletics for doctors, ambulance, or medical expenses for injury must be assumed by the parent or guardian.
- B. The athlete's family or the athlete's family's employer's insurance must provide coverage in the case of any injury suffered while participating in athletics in the Pontiac Public School system.
- C. The school district offers the opportunity for athletes to purchase reasonably priced insurance coverage from an independent carrier. Inquire with the high school's Student Activities Office.

III. PHYSICALS

A physical form must be properly completed and signed by the parent/guardian and examining physician. This form shall be kept on file in the Phoenix Athletic Office of the high school before a student may participate in athletic activities.

- A. A physical examination given after April 15 is good for the following school year.

B. Physical examinations will be given through the school at the Teen Health Center.

IV. INJURY POLICY

Injury Reporting: Students absent from practice due to extended illness or any athlete who sustains an injury while participating for Pontiac School District or on his/her own time needs to report the injury to the Head Varsity Coach.

Release to practice/compete following an injury: Any athlete who has sustained an injury must be released to return to competition or practice by their Family Physician, M.D. or D.O. Release by the M.D. or D.O. must be delivered in writing to the head trainer.

Head Trainer's Role: The head trainer is responsible for injury prevention, care, treatment, and rehabilitation under the direction of the team physician.

Athlete's Responsibility: It is the responsibility of the athlete to follow the instructions of his/her physician, as well as the head trainer's recommendations and directions with regard to an injury; it is his/her own responsibility to follow up with treatment as directed by the team trainer.

V. DUAL PARTICIPATION POLICY

There exist circumstances in which it may be in the best interest of both a particular team and an individual athlete to allow participation on more than one athletic team during a particular season. This would allow individual athletes an opportunity to excel in activities that will help both them and others grow and develop physically, socially, and emotionally while, at the same time, helping the overall growth, development, and success of the entire team.

A parent/guardian of a student who wishes to participate in two sports should request a meeting with the student, the coaches of both sports, and the Athletic Director to discuss these wishes and review the following guidelines:

- A. A written contract will be established wherein all the above named parties may agree upon training and performance requirements concerning the games and practices.
- B. The athlete must choose his/her primary sport and would be expected to attend all practices and contests of the primary sport.
- C. The athlete will only be able to participate in the secondary sport when there is not a conflict with primary sport activities. Potential conflicts will be resolved by the parties involved and be included in the contract.
- D. The athlete would be expected to abide by all team rules for both sports, unless mutually agreed upon.
- E. If the athlete fails to comply with any of the agreed upon criteria, the athlete will no longer be eligible to participate in the secondary sport.

GENERAL POLICIES

PREVIOUS SEMESTER/TRIMESTER RECORD

No student shall compete in any contest during any trimester, who has not passed at least 66% of the credit load (passing at least 4 out of 5 courses) for the last trimester during which he or she shall have been enrolled in grade nine to twelve, inclusive for a period of three weeks or more, or during which the athlete shall have taken part in any interscholastic athletic contest. A student who fails to pass 66% of the credit load - (4) out of five (5) - trimester courses at the end of any trimester period shall be ineligible for the next 60 school days unless the deficiencies are made up. Eligibility may be reinstated during the next trimester when the school accepts the credit.

A student entering the 9th grade for the first time may compete without reference to his/her record in the 8th grade. In determining the number of hours of credit received during a semester under this rule, the usual credit allowed by the school shall be given. However, reviews and extra-curricular work, and work for which credit previously has been received, shall not be counted. Deficiencies, including incompletes, conditions, and failures from a previous semester may be made up during a subsequent semester, summer session, night school, or by tutoring. Eligibility may be reinstated during the next semester when the school accepts the credit.
