EMPOWERING STUDENTS ON THEIR PATHWAY TO SUCCESS

Dear Parents/Guardians and Students,

As we return from Spring Break, we want to share an important update regarding student parking on campus. Due to ongoing construction, there will be temporary changes to where students are permitted to park for the remainder of the school year. We understand that parking adjustments can be frustrating, and we appreciate your patience and cooperation as we work through this necessary phase of our campus improvements.

Beginning after Spring Break, **only students displaying a Yellow Parking Pass** will be permitted to park in the **south end of the student lot** and in the **small lot just south of North Street** (please refer to the included map for specific locations). A red line will also mark the boundary for student parking - please do not park beyond this line. Students who are eligible to receive a Yellow Parking Pass have already been notified. If you have been notified please stop by SS 10-12 before spring break to pick up your yellow pass if you have not already done so.

The construction timeline is managed by the builders and has been carefully planned to **minimize disruption to the learning environment** during the school day. While these temporary adjustments may require some flexibility from students and families, they will only remain in place **for the remainder of the current school year**.

To help manage the limited space available, **security personnel will be present as students enter the parking lot to check for valid parking tags**. Students who park in the student lot or any other school lot **without proper authorization** may be **ticketed and could be subject to towing**.

Please know that we have worked to **maximize the number of parking spaces available to students** while maintaining safety and allowing the construction project to move forward efficiently.

Students who choose to park **off school property** should remember that they are subject to **all local street parking rules and regulations**, and the school is not responsible for the availability or security of those spaces.

We appreciate everyone's understanding and cooperation as we navigate these temporary changes. The improvements being made will benefit our school community for many years to come. Thank you for helping us maintain a safe and organized campus during this time.

Sincerely,
BBCHS Administration
