1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

In 2024-2025, Pacifica School District (PSD) strategically utilized Proposition 28 funding to expand access to arts and music programs across multiple schools. Funding supported the hiring of certificated teachers in music and performing arts to offer a complete music education from TK-8 with strong foundations in music in TK-5 with continuation in existing band programs in 6th-8th grades. At the middle school level, musical drama electives program was again offered in 2024-2025. These programs provide students with meaningful opportunities to explore creativity, develop artistic skills, and engage in culturally rich experiences. This investment directly supports PSD's LCAP goals: Goal 1 - All students will have access to rigorous and engaging instruction provided by highly qualified teachers and supported by highly effective leadership with appropriate resources. Goal 2 - We will increase achievement for all our students while decreasing performance gaps and educational inequities. Goal 3 - We will significantly increase family and community engagement to inspire and support them to be actively involved in preparing their students to be college and career ready and to reduce chronic absenteeism. Through these efforts, PSD continues to ensure that arts and music are integral to a well-rounded education, equipping students with creativity, collaboration, communication and problem-solving skills that prepare them for future academic and career success.
