Fog Calendar Adjustment Letter #2

Dear Mustangs,

Last week at the regularly scheduled Board Meeting, the following adjustments were made to this year's academic calendar to make up instructional time lost due to fog delays and closures. Although our waivers were approved for the 2 closure dates (avoiding the added 2 days of school), we are still responsible for meeting the minimum instructional minutes each school year. Currently we are significantly under for grades Tk - 3. These adjustments will bring all grades in line with state mandated minutes.

- **April 27 thru May 22nd** - All students in Tk - 8th will be released at 2:56pm each day

This will be similar to our 1pm minimum days and we ask parents to be patient with the dismissal of more students. A reminder that all TK and K students are picked up at the front gate. If you have plans for one of these dates that requires your student to be picked up before 2:56pm, please visit the office to check them out early.

And a reminder that March 27th had previously been changed from a minimum day to a regular school day (Friday before spring break).

This has obviously been an unprecedented year for fog and delays and we appreciate your patience and understanding. Should additional changes to this year's calendar be made, we will ensure further communications are sent.

If you have additional questions, please feel free to reach out.

Sincerely,

Maple School District, Superintendent
