

BIG NEWS FOR GRANT SCHOOL DISTRICT #3!

A Big Welcome

Grant School District #3 has some exciting news to share! After a careful search (and probably a lot of coffee and long meetings), the District has selected Rebecca Nordtvedt as the next Superintendent of Grant School District #3.

And here's the best part: she's coming home.

A Leader with Experience

Mrs. Nordtvedt brings 11 years of administrative leadership to the role. She has served as Superintendent for the Wallowa Education Service District, Troy School District, and most recently Enterprise School District. Basically, she's already survived the world of school leadership - which means she's probably ready for anything...Homecoming chaos, our crazy student section at games, and maybe even Frank the ghost janitor.

Her educational background is just as impressive...basically a bunch of degrees from a bunch of impressive places. So yes, she's extremely qualified... which is good, because running our schools are kind of a big deal.

A Proud Grant School District Graduate

Here's what makes this story even cooler - Mrs. Nordtvedt graduated from here in 1993.

That means she once walked the same halls, sat in the same classrooms, and experienced the same small-town community students do today.

And honestly, it's probably a good thing she already knows John Day - because if you're not used to Grant County life, the whole "everyone knows everyone" thing can be a bit of a surprise.

On the bright side, she already knows what she's getting into...or does she? Like does she know that Mr. Lusco is widely known for being hilarious and just a little bit out of control (in the best possible way), while Mrs. Northway keeps the building running with the calm authority of someone who clearly rules the place? Maybe we should let her figure those things out on her own...

REBECCA NORDTVEDT

Ms. Nordtvedt says she is honored she is to return to the district that helped shape her. She expressed her commitment to ensuring today's students have the same high-quality education and supportive environment that prepared her for success.

Welcome Home Mrs. Nordtvedt!
