CONNECTING YOUNG MINDS AND SPIRITS FOR A GLOBAL PERSPECTIVE

Students learn how to shape their world through partnerships with charities, involvement in eco-initiatives, and a calendar brimming with opportunities to connect with other students through our Globeducate Events, including our International Music Festival, Global Olympics, and the International Experiences programme, comprising Study Abroad and Summer Camps.

The world is changing rapidly. Our teachers, counsellors, and partners prepare students for the challenges this brings through educational excellence, nurturing global perspectives, and developing five core skills and competencies in our students:

- Communication
- Creativity
- Collaboration
- Critical thinking
- Comprehension (local, national, and global issues)

GLOBEDUCATE VALUES

Our sustainability education ethos and focus on outdoor learning teach students how to live in an environmentally-conscious way. Innovative STEAM learning and our emphasis on soft skills help to prepare students for jobs and technologies that do not yet exist and problems that have yet to be anticipated.
