## Ongoing Reductions that Result in Loss of Staff

.4 Music	OSG/DH
1.0 Technology	CMS
1.0 Tech/Math	CHS
1.0 Secretary	CHS
1.0 Admin Asst	CO

### Additional Recall Priorities:

CMS/CHS technology, administrative stipends, possible adjustments to elementary specialists (see earlier slide), secretarial support at CHS and CO

# Budget Updates (as of 3/18/26)

---

We will continue to make budget-conscious decisions during hiring and ordering that will mitigate additional reductions. As that happens, we will, as is possible, reinstitute reductions that were made throughout this process.

Thank you - Town officials and community members who have engaged with us throughout this process

# Budget Updates (as of 2/25/26)

---

CPS Leadership fine-tuned budgeting, resulting in a 8.82% FY27 increase v. an 11.88% increase as originally presented

In collaboration with the Town Manager we can now expect a 3.62% increase over FY26

A 3.62% increase = \$898,905 additional dollars for FY27

A 3.62% increase leaves us with a \$1,291,605 dollar deficit from level service funding

This presentation will offer updated recommendations for closing this financial gap

# Overall Impact on the District

---

- General efficiencies
  - Less contingency funding
  - Fewer supplies, materials and instructional resources
  - Minimal, if any, professional development leading to less movement toward district and school goals
  - Larger, but reasonable class sizes
  - Loss of support for administrators
- 
- Teachers “making do” to maintain student experiences
  - More staff supporting students in more than one building
  - Loss of talented and committed educators and staff

# What Was Not Impacted

---

- **Reading & Math Specialists (K-8)**

- **Rationale:**

- Maintaining these positions for as long as we can continues to support the work we've done through MTSS to provide intervention to students at early ages to build strong foundations in reading and math.
- It also provides support to students through the intervention process rather than the IEP process and possible increase in special education evaluations.

- **Class sizes at Osgood & Deer Hill**

- **Rationale:**

- Current class sizes support student engagement, social emotional learning, and academic achievement.
- Creating strong foundations in all areas mentioned above allows for greater success 6-12.

# Supporting Staff

---

- **Reduction in Force protocols**
- **Timely notification**
- **Ongoing updates as available**
- **Formal notification**
- **Support staff via networking**

# CPS Next Steps

---

Continue to refine as more information is available

Continued updates will be provided at each School Committee meeting (3/4 and 3/18)

# Budget Updates (since 1/21/26)

---

Governor's budget came in at a 2.03% increase. This includes an increase of \$104,700 in Chapter 70 for FY27.

In collaboration with the Town Manager we can now expect a 3.5 - 4% increase over FY26

A 4% increase = \$993,233 additional dollars for FY27

A 4% increase leaves us with a \$1,957,286 dollar deficit from level service funding

This presentation will offer initial recommendations for closing this financial gap

# Proposition 2 ½ Override: What is it?

---

## The Basics

- Massachusetts law limits annual property tax increases to **2.5% + new growth**
- This cap applies **even when costs rise faster than 2.5%**

## A Prop 2½ Override

- A **local vote** that allows Cohasset to raise taxes **above the 2.5% limit**
- **One-time vote** → permanent increase to the tax base
- **Only happens with voter approval**

## Why Overrides Are Considered

- To fund **essential services** (schools, public safety, town services)
- To address **ongoing costs** that cannot be covered within the cap

# Proposition 2 ½ Override Considerations

---

## Consensus

School Committee  
Selectboard  
Advisory Committee

## Sustainable Plan

An operational override plan must both support our community for FY27 - FY32

## Accurate Projections

All community departments must be able to accurately project budget needs for the next 5 years

## Ongoing Solution

We need to change the narrative around Prop 2 ½ Override so it becomes part of the ongoing municipal funding solution

# Debt Exclusion Override: What is it?

---

## The Basics

- A debt exclusion is a **temporary property tax increase** to pay for a **specific capital project**
- Common uses include **school buildings, renovations, and major infrastructure**

## How a Debt Exclusion Works

- Requires **voter approval** at a local election
- Taxes increase **only for the life of the debt** (typically 20–30 years)
- When the debt is paid off, the tax increase **automatically ends**

## How It's Different from an Override

- Used for **one-time projects**, not ongoing operating costs
- **Not permanent**—it expires when the project is fully paid

# Debt Exclusion Override: When Will We Need It?

---

**CMS & CHS Feasibility Study**  
Spring 2026

Approx \$1.5 ~ \$2.0 million

*\*\*Approximate MSBA reimbursement rate = 30% (~\$450,000)*

**CMS & CHS Building Project**  
Winter 2027, Spring 2027, or  
Winter 2028

Approx \$300 million

*\*\*Approximate MSBA reimbursement rate = 30% (~\$100 million)*

# Prop 2 ½ v Debt Exclusion Override Comparison

---

## Prop 2 ½ Override

Funds ongoing operating costs

Permanent increase to tax base

Used for schools, staffing, services

Requires voter approval

Ongoing Needs

## Debt Exclusion Override

Funds specific capital projects

Temporary tax increase

Used for buildings, renovations

Requires voter approval

# FY27 Requested Budget

## FY27 BUDGET

Salaries are 79% of the total CPS budget.

Special Ed Out of District Tuitions are 5.2% of the total CPS budget

Utilities are 3.8% of the total CPS budget.

**These 3 obligations make up 88% of the total CPS budget.**

# FY27 Requested Budgetary Increase Drivers

*The proposed FY27 level service budget accurately reflects our current FY25 & FY26 spending & includes contracted and recommended FY27 increases as well as tuition-free, full-day kindergarten.*

# The Funding Pie: A Local Partnership

---

Cohasset relies primarily on local funding. State aid covers only a small fraction of our operating costs.

The funding formula for schools across the Commonwealth presents a structural issue for all districts, especially small districts like Cohasset.

# Understanding Chapter 70 Aid

*The Chapter 70 program is the major program of state aid to public elementary and secondary schools. In addition to providing state aid to support school operations, it also establishes minimum spending requirements for each school district and minimum requirements for each municipality's share of school costs.*

## Foundation Budget

The state calculates a "minimum" adequate spending level for our district based on enrollment, wage adjustment factor, and inflation.

The Town of Cohasset funds the schools at a higher rate than the minimum required.

## Local Ability to Pay

Because of our high property values, high income for residents, and the municipal revenue growth factor, the state formula determines Cohasset can fund most of the school budget locally.

## Functional Categories

Enrollment factors that impact our funding are based on 13 categories\*\*. Students in categories 1-7 are factored at the same base rate while categories 8-13 are factored at above base rates. Cohasset has low student numbers in categories 8-13 so we don't receive much funding above the base rate.

\*\*13 Categories

1 - 7: Preschool, Half-day Kindergarten, Full-day Kindergarten, Elementary School, Middle School, High School, and Vocational

8 - 13: Special Ed, In District \*, Special Ed, Out of District \*, Multilingual Learners, Elementary \*, Multilingual Learners, Middle \*, Multilingual Learners, High School/Voc \*, Low Income \*

Course levels play an important role in scheduling in grades 9-12 as do electives, choice, and post-secondary planning.

*It is essential to note that CHS often runs several sections together, ie Eng 11 Accelerated and CP are scheduled together. They are taught in 1 class period by 1 teacher.*

Given the pathways we offer at CHS, class size is not as easy as dividing the number of students by the number of sections per subject as we currently offer many subjects in each content area.

Additionally, reducing staff will reduce course choice and professional pathways we are working to develop.

# CHS Block Schedule Benefits

---

“Cohasset High School utilizes a semester-based block schedule format, whereby courses meet on a rotating basis four days out of five every week for 80 minutes/class. The extended class time allows students to develop an ability to think critically and creatively by participating in educational activities and experiences that prepare them physically, emotionally, and academically. The block schedule allows students to take more courses per year on average than in a traditional schedule and provides them with the opportunity to move among levels based on their academic development. As a result of the block schedule, students finish a majority of the core curriculum during their freshman and sophomore years. This flexibility allows them to individualize their schedules and pursue personal interests and academic goals in their junior and senior years. Advanced Placement courses are scheduled for a full year, while the majority of the remaining academic classes are one semester in length. Students attend a daily 30-minute utility period and receive tiered academic support from teachers, participate in a club or co-curricular activity, or attend an assembly.”

“The school implements an 80-minute rotating block schedule, incorporating quarter, semester, and full-year classes. The block schedule allows for in-depth discussions, curriculum presentations, high-level science labs, off-campus field trips, and multi-layered collaborative projects at different levels of academic rigor. Additionally, CHS students have a 28-minute daily utility period for tiered support and student programming. The school dedicates time to addressing student needs through the MTSS process, the BRYT Program, and the AIMS Program.”

# Benefits of the CHS Block Schedule

---

## THE BLOCK SCHEDULE AT CHS SUPPORTS AND ENHANCES THE VALUES AND GOALS OF THE COHASSET COMMUNITY AND THE CPS STRATEGIC PLAN

- Increased time on learning in all year-long courses
- Necessary supports for students on IEPs and in Tiered Support
- Balanced social-emotional, stress, anxiety load for students and staff
- Students are able to change their trajectory in leveled courses
- Increased access to AP courses for ALL students, including those on 504s and IEPs
- Allows for project-based and deeper learning
- More choice for students to explore academic and career interests
- More flexibility to support ALL students to accumulate credits for graduation
- Access to utility which allows for extra help, intervention, clubs, etc
- Higher level of readiness for post-secondary education

# FY26 Budget in Action: Difficult Decisions Have Already Been Made

We closed a **\$1.2 million budget gap** that was a result of what the district needed to maintain level service and the FY26 allocation from the town through painful cuts and significantly increased fees on families.

**Personnel Reductions**

Office Staff  
Director of Curriculum & Instruction  
Educational Support Professionals (ESPs)  
Custodial

**Frozen Professional Learning**

Grant Funded Only  
CPS Educator Led (Admin & Educators)

**Increased Fees for Families**

\$3000 Full-Day Kindergarten Tuition  
70% ↑ Athletic Fee (\$250 - \$425)  
29% ↑ Transportation Fee (\$350 - \$450)  
\$180 Student Parking Fee

# State of the Town of Cohasset for FY27

---

## Local funding is VERY limited

- Budget Busters: SHREC, health insurance, etc
- Town of Cohasset budget requests will also exceed their funding allocations
- Additional local funding for the school will be 1% - 6%
- We are beyond the timeline to seek an operational override for the community (schools and town) for FY27
- Governor's updated budget numbers are still unknown

# FY27 Budget Funding Gap Crisis

Our Need

**\$27,781,099\***

Town Funding

**1% - 6%**

Critical Gap

**-\$2,672,699 ~  
-\$1,238,644**

- Reduction of essential teaching positions
  - Larger class sizes
- Loss of critical student support staff
- Loss of programs that define our excellence
- Fewer supplies that support effective curricula
- No professional learning to move our district toward our vision

**WHAT 1% - 6%  
REPRESENTS**

*\* All amounts are estimated due to ongoing contract negotiations.*

# CPS Next Steps

---

## Continue to work closely with the Town Manager

Leadership team will identify and recommend reductions that reflect the goal increase of 6% over our FY26 budget

Leadership team will identify and recommend reductions that reflect an increase of 1% - 5% over our FY26 budget

Recommendations and an updated FY27 budget presented at the February 4, 2026 School Committee Meeting

Joint School Committee, Selectboard, and Advisory FY27 budget presentation - FEBRUARY 10, 2026

Continued updates will be provided at each School Committee meeting (2/25, 3/4, and 3/18)

Public School Committee Budget Hearing to be held on March 18 at 5:00pm

School Committee vote on proposed FY27 Budget on March 25, 2026

# FY27 Budget Funding Gap Crisis

---

Larger Class Sizes  
Fewer Opportunities for Students  
Less Individualized Attention (*IEP services will remain intact*)  
Declining reputation & property values

**Without Investing in  
CPS**

Maintain Class Sizes  
Maintain Blue Ribbon Standards  
Maintain & Increase Top Test Scores  
Secure Student Opportunities & Experiences

**With Investing in  
CPS**
