

MLVRCS Gazette

Butterfly Science Curriculum

On April 14, 2025, our first graders released the butterflies that they have observed in their classroom since they were caterpillars. The students observed the stages of the butterfly cycle and collected data. They also help nurture them and had fun watching them build the chrysalis and go through metamorphosis.

Important Dates

**Memorial Day – No School
May 26 and May 27, 2025**

**Kindergarten Graduation –
June 11, 2025**

**Eighth Grade Graduation –
June 11, 2025**

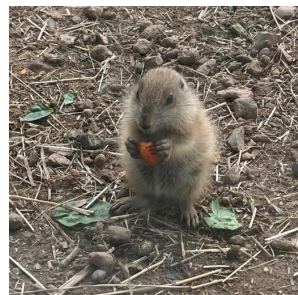

THANK YOU

Van Saun Park Field Trip

On May 13, 2025, our First Graders took a trip to Van Saun Park in Paramus. The students had so much fun seeing all the various animals and riding the carousel. They tired themselves out and most were sleeping on the bus ride back to school.

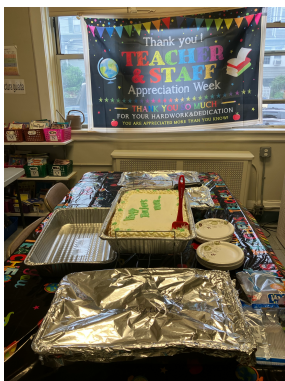

Teacher Appreciation Week

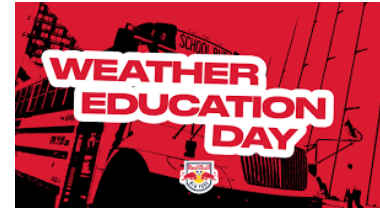

On behalf of Mrs. Segarra, Mr. Segarra, and the Board of Trustees, we would like to acknowledge and say thank you to the teachers for all they do for our students and their families. Our teachers hard work and dedication day after day has proven yet again that they make the impossible possible.

As a token of appreciation, the teachers were provided breakfast, snacks and treats throughout the week and a small token of appreciation at the end of the week. We are thankful for all the teachers here at Maria L. Varisco-Rogers Charter School
