BUSINESS ADMINISTRATOR REPORT

March 17, 2026

Now that the FY27 Budget Development process has concluded with our voters overwhelmingly approving our Budget and showing their support for Public Schools (**THANK YOU!**), the Business Office will start cleaning up projects that have sat idle while time and resources were scarce. I would also like to thank the Board for your patience and support over the last seven months while energy was split between the School Board and Budget Committee.

I have been working with my colleague Ben Kilar in the Milford School District to finalize the Student Transportation contract we intend to award to Butler's Bus. I intend to bring the contract to the Board in April for review and a formal vote before signature.

The Year-to-Date report as of March 1st shows just over \$500,000 in unspent funds. I have worked with Administrators to ensure our encumbrances accurately reflect their anticipated needs through the end of the school year. With the Board's support, I will be meeting with Administrators over the next several weeks to identify any needs or projects that can be completed with unspent funds and we can present that in April.
