

Children's Services Fund Student & Family Services

The Clay County Children's Services Fund (CSF) provides services to protect the well-being of children and strengthen families. Beacon Mental Health, Crittenton Children's Center, Dr. Joan Augustyn, and Synergy Services have partnered with LPS to extend care to students and families. Many services are available by school referral only and require parent/guardian consent.

Individual Therapy (in school)

Therapists are scheduled at each building to provide individual therapy. Schools have limited spots available. A school referral and parent/guardian consent are required. All elementary and secondary buildings served by Synergy Services and Beacon Mental Health.

Resiliency Services (in school)

Resiliency Specialists provide classroom lessons focusing on resilience and prevention. They may also meet with small groups or individuals to provide lessons. Limited spots for group and individual sessions are available by school recommendation. A parent/guardian permission slip is required for group/individ. Most elementary served by Synergy Services.

Behavioral Support (in school)

A Behavior Analyst conducts observations and assessments to identify appropriate interventions. A Behavior Support Implementer may be assigned to provide individualized support to students in need. Limited spots are available. A school referral and parent/guardian consent are required for this service. All elementary buildings served by Synergy Services.

Wellness Services (in home)

Services focus on how to form and keep successful routines, how to best match the environment to a person so they can feel safe, calm, and ready to learn, as well as strategies to support social and emotional regulation across contexts. A school referral is required for this service. All PK-12 buildings served by Dr. Joan Augustyn OTD, OTR/L.

Intensive In-Home Services (in home)

Clinical case management and/or individual and family therapy services include teaching coping/communication skills, linking to community resources, and school coordination as needed. Visits occur 2-4 times per week and take place in the home. A school referral and parent/guardian consent are required for this service. All PK-12 buildings served by Crittenton Children's Center.

Psychiatric Services (in the community)

Schools may refer students for psychiatric assessment and services for significant mental health concerns (excluding ADHD and academic evaluations). Intake clinicians will assess the student and refer directly to Beacon for services. A school referral and parent/guardian consent are required for this service. All PK-12 buildings served by Beacon Mental Health.
