

GET THE FACTS:

2026 PLANT FACILITIES LEVY

The Lakeland Jt. School District is committed to providing a learning environment that prepares students for the future. As part of that commitment, we continually evaluate our school facilities and take **proactive steps** to address safety and ongoing maintenance so our schools **remain safe and reliable** places for learning. The proposed Plant Facilities Levy would support essential work across **all 11 schools** in our district and represents an opportunity for our community and district to continue partnering in maintaining the facilities students rely on every day.

On **Tuesday, May 19, 2026**, residents of the Lakeland Jt. School District will vote on a **Plant Facilities Levy**.

EXAMPLES OF HOW PLANT FACILITIES FUNDS ARE USED

- Updates to Necessary Equipment
- Safety & Security Improvements
- Replacing Old & Outdated Heating Equipment
- General Preventative Maintenance
- Updates to Athletic Facilities/Surfaces
- Classroom Carpet, Furniture & Cabinetry
- Roof Repairs & Replacements
- Windows & Door Replacement
- Electrical & Plumbing

Plant Facilities Levies are our only funding mechanism for this type of work.

PROPERTY TAX IMPACT

If approved, the May 19 Plant Facilities Levy would have a property tax impact of about \$30.24 per year for every 100,000 of the taxable assessed value. The taxable assessed value of a property is its assessed value, minus the Idaho homeowners exemption of \$125,000.

For example, if your home's total assessed value is \$500,000, its taxable assessed value would be \$375,000.

This essential maintenance and improvement work will touch every school in the Lakeland Jt. School District, keeping our buildings safe, functional, and ready for learning. You can learn more at www.sd272.org
