Notices, conditions and specifications issued incident to the proposal to purchase Food Items described herein, together with the purchase policies of Pocatello/Chubbuck School District No. 25, are on file for examination in the Office of the Director of Business Operations, shall form a part of the contract conditions.

NATURE OF CONTRACT:

Specifications are technical for purposes of establishing high standards of line-item material purchasing. Bidders shall indicate the manufacturer's brand names where specified in their proposals. All items bid or under contract stipulate there is no guarantee, promise or commitment to any quantity estimated or service to be rendered other than materials, supplies, equipment or labor authorized by direct orders.

Procurement and delivery of items will be on an "as needed basis" according to orders placed by the Food Service Coordinator. Purchase timeframe will be in effect from July 1, 2026 through June 30, 2027. Summer delivery will be required for the summer lunch program.

The Buy American provision was added to the National School Lunch Act (NSLA) by Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Public Law 105-336). Section 12(n) to the NSLA (42 USC 1760(n)), requiring school food authorities (SFAs) to purchase, to the maximum extent practicable, domestic commodity or product.

The Buy American provision (7 CFR Part 210.21(d)) is one of the procurement standards SFAs must comply with when purchasing commercial food products served in the school meals programs.

For *unprocessed foods*, the agricultural commodities must be domestic, and for *processed foods* they must be processed domestically using domestic agricultural food components that are comprised of over 51% domestically grown items, by weight or volume. The following are two limited exceptions when non-domestic foods may be purchased:

- The food or food product is not produced or manufactured in the United States in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the cost of a United States food or food product is significantly higher than the non-domestic product.

If the above exceptions apply to a food product on your bid proposal, fill out the Exception Documentation Worksheet to be submitted with your bid proposal. Fill out **one form for each food item requiring an exception to the Buy American Provision.**

QUALITY OF MATERIALS:

IT IS SPECIFICALLY UNDERSTOOD THAT PRODUCTS OFFERED AT THE TIME OF BIDDING SHALL BE EQUAL TO THOSE SPECIFIED. **Substitutions or major alterations must be indicated upon the proposal sheet at the time of bid submission.**

All pricing will be priced to the unit of measurement specified herein or the bid will not be considered.

Schools participating in the federal school meal programs are required to purchase domestic commodities and products for school meals to the maximum extent practicable. Domestic commodity or product means an agricultural commodity that is produced in the US and a food product that is processed in the US substantially (at least 51 percent) using agricultural commodities that are produced in the US.

Vendor must affirm their willingness to assert their best and reasonable efforts to ensure compliance with this Federal rule.
