RFP #27-002 CC Purchase of Online Data Management Analytics and Assessment System with Professional Development for Grades Pre K-12

Questions & Answers, March 17, 2026

**1.** Q: Can the district confirm the student enrollment that this contract would serve? The RFP references approximately 7,700 students.

**A: The actual enrollment as of 3/17/2026 is 7,774 students through grades Pre K-12.**

**2.** Q: Does the District currently have an existing data management or assessment platform?

**A: Yes to both.**

**3.** Q: Section II.E, Item 10 references NJDOE Public Data –Longitudinal Performance Report Comparison Analytics. Is the District expecting a vendor to replicate the NJDOE performance reports within the platform, or is the District looking for tools that allow leadership to conduct their own longitudinal analysis using imported NJDOE data?

**A: The district is looking for NJDOE data to be imported into the system, and then allow leadership to create reports comparing various aspects of NJSLA, NJGPA, ACCESS testings, etc.**
