

CELEBRATING MUSICAL MILESTONES

**Exciting things are
happening in our music
department!**

***Congratulations to Benji Finley
for qualifing to perform a solo on
alto saxophone at All State. This is
an impressive achievement that
reflects a lot of dedication,
practice, and musical skill.***

**GUHS will be hosting the Tri-County
Band Festival on Monday, April 20th.
This festival will bring together several
small school bands from across the
region for a full day of collaboration
and music-making. Throughout the
day, students will rehearse together in
the new gym, working on their festival
music and learning from one another.**

**Dr. Abbie Brown from Pacific University
will be the guest clinician. Dr. Brown
will work with the students during
rehearsals, offering expert guidance
and helping them refine their
performance. Opportunities like this
allow young musicians to learn from
experienced professionals and grow as
performers.**

**The day will end with a concert in the
evening that is open to the public,
giving the community a chance to hear
all the hard work from the day.**
