

PATHWAYS IN TECHNOLOGY EARLY COLLEGE HIGH SCHOOL P-TECH-

Mechanical Technology/Engineering

To apply go to nfschools.net website and click on the MENU Tab then P-Tech Tab. The application will be available online on the bottom left starting March 18th 2026- May 31^h 2026

What is P-TECH

P-Tech is a public education reform model focused on college attainment and career readiness. P-TECH schools span grades 9-14 and enable students to earn both a high school diploma and a **no-cost**, two-year postsecondary degree in a STEM field. Students participate in a range of workplace experiences, including mentorship, worksite visits and paid internships.

SOME FACTS:

P-TECH students can earn their High School Diploma as well as an Associate's degree in 5-6 years for free!

P-TECH integrates the best elements of high school, college and industry. P-TECH enables students to begin their college and professional lives more quickly and with more support than the typical school-to-work pathway.

P-TECH MET Courses:

3D Technology, Applied Engineering Mechanics, Computer Aided Drafting Design, Engineering Drawing, Hydraulics and Pneumatics, Mechanics of Materials, Principles of Electricity, Robotics, Technical Calculations and Motion, Heat and Light

Why P-TECH

- High School Diploma and a College Degree (at NO COST) within 5-6 years.
- Micro Credential at the end of 12th Grade
- First in line opportunities for jobs with program business partners such as VOSS, OLIN, NYPA, M & T. NFMCC.
- 1-2 Years after High School students can earn their associate's degree and be prepared to enter the work force upon graduation. Students must attend SUNY Niagara for at least 1 if not 2 years to finish their Associate's Degree at NO COST!
- GET STARTED: Talk to your school counselor about taking your first step!!
- Through grades 9-12 you will experience high school and college classes for college credit, Job Shadowing and Internships
