

CALIA PADDOCK

Honored with Excellence in the Arts Award

Art Center East recently presented an “Excellence in the Arts–Grant County” award to Calia Paddock, for their detailed drawing “Pomegranate.” This recognition celebrates outstanding student artists in the region and highlights the creativity found within local schools.

In “Pomegranate,” the fruit becomes more than just a still-life subject - it feels vibrant and almost lifelike. The balance of light and shadow adds depth, while the intricate details show patience and technical skill beyond their years.

Congratulations to Calia
on this well-earned honor!
