Welcome to Marsh Creek, sixth grade center home of the Narwals. This is where your middle school adventure begins, and we can't wait to welcome you. 00:05

Let's take a look at what life is like at Marsh Creek. I'm Mr. Krier, one of your assistant principals. 00:19

Marsh Creek is a special place because every student in Downingtown area school district comes together here for the first time. 00:35

That might sound like a big change, but don't worry. We'll be here to guide you every step of the way. 00:43

At Marsh Creek, we use a team structure to help make our big school feel smaller. You'll be assigned to a team 00:49

and you'll experience field trips, lunch and classes together with your teammates. Hi, I'm Mrs. Fisk, your other assistant principal. 00:56

There's so much to explore and get involved in here. We offer clubs and activities throughout the year plus intramural sports. 01:05

Whether you love art, drama, math, or reading, there's something for everyone. You'll have plenty of opportunities to discover new interests and make new friends. 01:12

My name is Dr. Barr and I am the very proud principal here at Marsh Creek. We are so excited to welcome you here in August. 02:18

Sixth grade can be the most amazing experience of your lives, and we are here to make sure that you'll be supported, challenged, 02:25

and encouraged for the next year. We cannot wait to welcome you to what is going to be the best year of your journey 02:32

through the Downingtown Area School District. Pretty soon you'll be sixth graders here too at Marsh Creek. We cannot wait to see you all. 02:39
