# Welcome to the **FAME** Academy

The mission of the Pemberton Township High School FAME Academy is to provide students with a specialized, yet comprehensive, high school education that meets or exceeds the New Jersey Core Curriculum Content Standards as it prepares students for success in their lives beyond high school.

The Academy unifies students and staff members who share a passion for the visual and performing arts. Educational research strongly supports the positive role that arts education plays in helping students develop important skills that will contribute to their success, regardless of their chosen profession. Specifically, research related to arts in education has found the following:

- Students who participate in the arts outperform their peers on virtually every measure. Researchers found that “sustained learning” in music and theater correlates to greater success in math and reading.<sup>1</sup>
- Cognitive neuroscientists at seven major universities have found strong links between arts education and cognitive development (e.g. thinking, problem solving, concept understanding, information processing and overall intelligence.)<sup>2</sup>

- 8th graders from under-resourced environments who are highly involved in the arts have better grades, less likelihood of dropping out by grade 10, have more positive attitudes about school, and are more likely to go on to college.<sup>3</sup>
- “The arts teach children that in complex forms of problem solving purposes are seldom fixed, but change with circumstance and opportunity. Learning in the arts requires the ability and a willingness to surrender to the unanticipated possibilities of the work as it unfolds.”<sup>4</sup>

<sup>1</sup>Champions of Change: The Impact of the Arts on Learning (1999)

<sup>3</sup>Doing Well and Doing Good by Doing Art: A 12- Year Longitudinal Study (2009)

<sup>2</sup>Learning, Arts, and the Brain (2008)

<sup>4</sup>The Arts and the Creation of Mind (2002)

## Eligibility Requirements and Expectations

- Students interested in enrolling in the FAME Academy should simply notify their guidance counselor. Your counselor will notify teachers in the Academy of your intent to complete the required coursework and participate in the Academy events.
- Enrollment in the Academy will make you eligible to participate in a variety of field trips, presentations, and special activities that are exclusively designed for students who share your interest in the visual and/or performing arts.
- FAME Academy students must comply with all school rules in order to participate in the Academy activities and events.
- In order to earn the FAME Academy Certificate and to be eligible for the FAME Academy scholarship, students must complete a minimum of 35 credits during their high school experience and participate in events and community service.

*“The aim of art is to represent not the outward appearance of things, but their inward significance.” ~Aristotle*

## Visual Arts Course Sequence
