DID YOU KNOW?

Dyslexia has shaped the lives of many remarkable leaders, artists, and innovators. Well-known figures such as Albert Einstein, Richard Branson, Cher, Keira Knightly, Henry Winkler, Barbara Corcoran, and Steven Spielberg are often cited as examples of how dyslexic thinkers excel in creativity and big-picture problem solving. Their stories remind us that dyslexia is not a limitation. Rather, it is often part of the unique way talented minds see patterns, imagine possibilities, and shape the world in extraordinary ways.
