American Red Cross – Swim Lesson Level Descriptions

PRESCHOOL AQUATICS: AGES 3-5 (all skills are completed with flotation devices and/or assistance from the instructor)

Level 1: Orients children to the aquatic environment and helps them gain basic aquatic skills such as:

- Entering and exiting the water
- Blowing bubbles through their mouth and nose
- Submerging mouth, nose and eyes
- Opening eyes underwater
- Front and back glides
- Back floats
- Rolling from back to front and front to back
- Treading with arm and hand actions
- Alternating and simultaneous leg actions on front and back
- Alternating and simultaneous arm actions on front and back
- Combined arm and leg actions on front and back

Level 2: Helps children gain greater independence in their skills and develop more comfort in and around the water.

- Enter the water by stepping in
- Exit water by using the ladder, steps or side of the pool
- Bobbing in the water
- Opening eyes and retrieving submerged objects
- Front and back glides
- Front and back floats
- Recovery from floating
- Rolling from back to front and front to back
- Treading water using arm and leg actions
- Combined arm and leg actions on front and back

Level 3: Helps children start to gain basic swimming propulsive skills in order to be comfortable in and around the water.

- Enter the water by jumping in
- Fully submerging and holding breath
- Bobbing
- The basics of rotary breathing
- Jellyfish and tuck floats on front
- Recovery from floating
- Gliding
- Changing direction while swimming
- Treading water using arm and leg actions
- Finning arm actions
- Combined arm and leg actions on front and back

LEARN TO SWIM: AGES 6+

Level 1: Introduction to Aquatic Skills – helps participants feel comfortable in the water

- Entering and exiting the water using ladder, steps or side
- Blowing bubbles through mouth and nose
- Bobbing
- Opening eyes and retrieving submerged objects
- Recovery from floating and gliding
- Treading water using arm and leg actions
- Alternating and simultaneous arm actions on front and back
- Alternating and simultaneous leg actions on front and back
- Combined arm and leg actions on front and back

Level 2: Fundamental Aquatic Skills – gives participants success with fundamental skills

- Entering water by jumping from side
- Fully submerging and holding breath
- Bobbing
- Opening eyes and retrieving submerged objects
- Rotary breathing
- Front, jellyfish and tuck floats
- Floating and gliding on front and back
- Rolling from back to front and front to back
- Changing direction of travel while swimming
- Treading water using arm and leg actions
- Combined arm and leg actions on front and back
- Finning arm action on back

Level 3: Stroke Development – builds on skills learned in LTS 2 through guided practice in deeper water

- Entering water by jumping from the side
- Headfirst entries from the side in sitting and kneeling positions
- Bobbing while moving to safety
- Survival floats
- Changing from vertical to horizontal positions on front and back
- Pushing off in a streamlined position and kicking
- Treading water
- Flutter, scissor, dolphin and breaststroke kicks
- Front crawl and elementary backstroke

Level 4: Stroke Improvement – develops confidence in skills previously learned and improves other aquatic skills

- Headfirst entries from the side in compact and stride positions
- Underwater swimming
- Feet first surface dives
- Survival swimming
- Front crawl and backstroke open turns
- Treading water using two different kicks
- Front crawl, backstroke, elementary backstroke, breaststroke, sidestroke and butterfly
- Flutter and dolphin kicking on back
- Pushing off in a streamlined position and kicking on back
