Y10 – Y13 Lloyds Banking Group Virtual Work Experience, 30 March or 7 April, 10am – 2pm

LLOYDS BANKING GROUP

Are you ready to take your first step into the world of banking and finance this Easter break? Whether you are considering apprenticeships, work experience, internships or graduate schemes—this session could be your launchpad.

Lloyds Banking Group is a world-renowned commercial, personal, and investment banking management firm and the UK's biggest Bank. LBG has over 30 million customers and around 60,000 employees globally and is a FTSE 100 company. Under the Lloyds Banking Group business, they also own Halifax and Bank of Scotland, as well as other financial institutions such as Scottish Widows.

You will get an introduction to LBG, learn how to evolve your presentation skills, take part in business-related challenges, commercial awareness and building essential skills workshops, learn about banking, finance, and digital technology and learn about a SWOT analysis and putting it into practice.

You can choose to join either the 30 March or 7 April session. The Zoom link will be provided upon registration. Apply here - Lloyds Banking Group: Easter Virtual Work Experience Survey

Y10 – Y13 Unifrog University Webinars

Unifrog are running a series of webinars to help you with your university research and planning:

- **Electrical engineering taster: why do planes vanish?** Think electrical engineering is just wires, circuits, and maths? Think again. Join Professor Simon Maskell from the University of Liverpool as he shows how curiosity, creativity, and a love of computers led to an unexpected career in electrical engineering – from modelling the coronavirus R number to searching for the missing flight MH370. Tues 24 Mar 5:30pm-6:15pm

- **Explore studying business, marketing, and tech degrees built for international career success**, Wed 25 Mar 2:30pm-3:15pm

- **Biomedical science taster: from challenges to breakthroughs**. Discover how researchers make biomedical breakthroughs. You'll explore new research, from AI in healthcare and tackling obesity, to advances in transplant therapies and stem cell technologies. Wed 25 Mar 5.30pm -6.15pm

- **Product design engineering taster: do designers also need to be philosophers?** Join lecturer Fazil Akin from the University of Liverpool to explore the relationship between humans and technology in the world of AI- made music, self-driving cars, and swarm drones. Thurs 26 Mar 5.30pm -6.15pm

- **Medicine taster: how doctors use digital imaging to see inside bodies.** In this session, Dr John Chilton from the University of Plymouth will show you how visualisation tools are transforming medical education. You'll discover how digital imaging and 3D models help doctors understand structures from whole organs to cells, proteins to drugs, and how new technologies are changing the way medicine is taught. Thurs 26 Mar 6.30pm -7.15pm

Register via your Unifrog Homepage.

Y10 – Y13 Medicine and Dentistry Virtual Work Experience with Birmingham Universities Hospitals Trust and Medic Mentor

Crafted in collaboration with Birmingham Universities Hospitals Trust, these 6-month medical and 4-month dental programmes provide a unique glimpse into the medical and dental fields. With the flexibility of an e-learning format, you can navigate the placements at your own pace, exploring vital topics like ethics, procedures, and broader team roles. This programme covers a range of specialities, providing a deep understanding of medical and dental practices. Each month, a new focus area is introduced, allowing you to delve into different aspects of the field.

You will have one month to complete each specialty. Upon successful completion of all sessions, you will receive a certificate from Medic Mentor and UHB, which you can include in your UCAS and apprenticeship applications.
This month's spotlight is on Obs & Gynaecology or Paediatric & Dental Surgery. From 6 April, a new rotation will begin for the month, changing to General Practice or Public Health & Oral Pathology.
