Role of a High School Counselor

GBHS Counseling is committed to addressing the holistic needs of your student(s).
School counselors serve a vital role in maximizing student success in the following areas:

- **Academic**
- **College/Career**
- **Social/Emotional**

4 x 4 Block Schedule

- **More credits / more college prep classes**
- **Fast paced (18 weeks a semester)**
 - **A year's worth of curriculum in half a year!**
- **10 credits per class**
- **4 classes in the Fall (earn 5 credits in October, 5 credits in December).**
- **4 classes in the spring (earn 5 credits in March, 5 credits in May).**

Course Selection Worksheet

2025-2026 Freshman Course Selection Worksheet – Students complete an Academic Plan each school year in Californiacolleges.edu. This document is used to help students understand which classes are available at each grade level. For new students to Granite Bay who do not have access to enroll online, please use this sheet and the Granite Bay Course Catalog to help you make your selections for the following year.

Direction: Freshmen are required to take English, PE 9, NGSS Biology, Health & Wellness, and Math. In addition to these mandatory courses, students must choose 3 other classes from the options provided. A total of 8 classes should be selected, with 4 classes already chosen for you. Please ensure you select the appropriate level for each class. Zero-period classes are optional and will not replace any of your selected courses, but will be added to your schedule. Furthermore, 5 alternate class options must also be listed on this worksheet in case of scheduling conflicts. After completing this worksheet, please fill out the Google form to officially submit your classes, which can be found on our website under Services > Enrollment at GBHS.
