

NATURE'S LITTLE EXPLORERS *Early Childhood Education Programs*

(Programs are for Caregivers and children ages 3 – 5)

Join us for one or attend all of our spring programs to engage little minds and hearts. Each class is designed to foster nature connection, socialization and caregiver bonding.

New Shoots, New Growth

Around this time, the hardiest of green plants begin to emerge on the landscape. Join us on a new shoot scavenger hunt where we'll hike together in exploration. Nature craft and story included.

Monday, March 23 | 2:30 – 4:30 PM | Trail House

Seeds, Seeds, Seeds!

Discover and play with seeds large and small from corn kernels to broccoli seeds. Plant a vegetable or flower seed with your little one and take home a planted pot to watch grow!

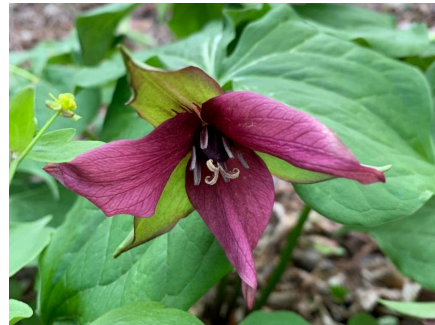

Monday, April 6 | 2:30 – 4:30 PM | Trail House

Finding Wildflowers

Join a flowery adventure seeking out and enjoying early spring ephemeral wildflowers! Connect with your little one and the landscape in a guided hike and a wildflower craft.

Monday, April 21 | 2:30 – 4:30 PM | Trail House

Baby Animals

Join us for these interactive sessions at our North Barn where baby chicks, baby goats and baby rabbits arrive in spring. Delight in visiting animals, learn their parts, help with tasks, and enjoy a sensory farm experience!

Monday, May 4 & 18 | 2:30 – 4:30 PM | Trail House

COST: \$10/members and \$15/non-member per child per program
