

LICENSED PRACTICAL NURSES CONTRACT 2025-2027

We are pleased to report that we have a proposed settlement with the Licensed Practical Nurses Unit of School District 742. The proposed contract, if adopted, would represent a total settlement cost within the budgeting parameters established by the School Board for settlement with this employee group.

In considering and comparing the cost of settlement packages in our various bargaining and employee groups, it is important to note that costing percentages are composed of the sum of lane improvement, longevity, step improvement, salary schedule improvement, insurance and retirement contributions. Further, in addition to board authorized monies for contract settlement, employee groups may realign existing monies within their contract to achieve a tentative agreement.
