

RESOLUTION
Regarding Fairness in Girls Sports

Preamble: The current CHSAA bylaws, which allow participation by transgender athletes based on gender identity rather than biological sex, stand in direct conflict with the federal government’s renewed commitment to safeguarding single-sex sports categories.

WHEREAS, this Board affirms that the Education reEnvisioned BOCES (“ERBOCES”) defends the right of girls to expect fairness and personal safety in sports;

WHEREAS, this Board affirms its support of the Executive Order “Keeping Men Out of Women’s Sports”, dated February 5, 2025; and

WHEREAS, the aforementioned Executive Order explicitly directs the U.S. Department of Education to interpret Title IX as prohibiting the participation of males in female sports categories at schools receiving federal funding;

NOW, BE IT RESOLVED, we, the Education reEnvisioned BOCES Board, do hereby endorse the attached “Dear Colorado High School Activities Association Leadership” letter.

ADOPTED AND APPROVED this 8th day of April, 2025.
