Technical Career Center*

March 20, 2026

Dear Parents/Guardians,

You are cordially invited to attend the North Montco Technical Career Center (NMTCC) **Senior Recognition Ceremony, on Thursday, May 21, 2026**. This is our annual awards/recognition program honoring the accomplishments of the Class of 2026.

This special occasion is a time of joy and celebration as we recognize our seniors for their hard work, dedication, and success. We look forward to highlighting their achievements in a meaningful and memorable way.

Important Information:

- **Arrival Time:** All students must report to the main office lobby at the arrival time listed on the chart for their specific program. (See other side for details.)
- **Transportation:** Students must provide their own transportation to and from North Montco for the Recognition Ceremony. This is not a traditional school day; therefore, no bus transportation will be provided to the school. Seniors are excused from their sending high school on this day.
- **Dress Code:** All students will wear gowns provided by NMTCC. Students should dress appropriately beneath their gowns with appropriate footwear (no flip/flops). Following the ceremony, gowns must be returned before students receive their portfolios.
- **No Tickets Required:** Tickets are not required for this event, but seating is limited.
- **Livestream Available:** If you are unable to join us in person, watch via livestream. Link will be available on our website (nmtcc.org)
- **Pictures:** There will be time after the ceremony for you to take pictures with your student.
- **Conclusion:** Following the ceremony, students are free to leave the campus for the day, as this is not a regular school day, and we will be preparing for additional ceremonies.

Please note that ALL financial obligations must be paid in full prior to this event. Students with outstanding obligations will not be permitted to participate.

We look forward to honoring the Class of 2026 and hope you will join us for this special occasion!

Sincerely,
