2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

The mission of Peters Canyon Elementary School is to promote academic, social, and technological excellence in a caring environment and to prepare students, in partnership with parents and our community, to be life-long, self-directed learners in a diverse society. Peters Canyon serves over 375 students in transitional kindergarten through grade five. Our campus represents diverse cultures and includes general education as well as special education scholars. We provide our scholars with a well-rounded academic curriculum including Balanced Literacy, Math, Science, Social Science, English Language Development, as well as Physical Education, Music, and Art. Technology is integrated throughout the instructional day to support learning. PCE utilizes Positive Behavior Intervention and Support (PBIS) to create a positive climate on our campus. Scholars are taught expected behaviors across campus and they are practiced regularly. Staff acknowledges students regularly

2025-26 School Description and Mission Statement

for exhibiting appropriate behaviors by giving Positive Behavioral Interventions and Supports (PBIS) rewards on a digital platform.

Teachers and staff are committed to helping each child reach their individual best both academically and socially-emotionally. Our CAASPP scores demonstrate our excellence in academics, however, we remain focused on continuous improvement in English Language Arts, Math, and Attendance as written in our School Plan. We utilize DIBELS (Dynamic Indicators of Basic Early Literacy Skills) Reading Assessments three times each year, as well as the CAASPP interim assessments, and other formative assessments to measure student growth and determine instructional adjustments to be made. Struggling scholars are provided in-class intervention as well as extended intervention through our Multi-tiered System of Support. Social-emotional learning is critical to our mission and staff are diligent in fostering the concept of being "Bucket fillers" by being kind, inclusive, and caring toward others. The staff implements social-emotional learning vocabulary and systems such as morning meetings, mindfulness, and zones of regulation.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority on ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 29, 2025, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on the textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at <https://tinyurl.com/TUSD-Facility-Inspection-Tool>. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Peters Canyon Elementary takes pride in the campus and maintaining a safe and effective learning environment. School facilities are supported and maintained by both on site custodial personnel and district maintenance and operations. The Tustin Unified School District inspects each school on an annual basis to ensure the safety of all school members. The facility inspection upon which this report was generated resulted in a rating of "good" in all categories, with no action items for repair. Recent upgrades have been made to our campus. In 2025, new carpet was installed throughout the whole school. In 2022, the entire exterior of our school was painted. All the hallways inside the building were replaced and updated with new flooring. In 2020, a solar panel structure was installed in the main parking lot.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Tustin Unified School District values our parents and community. We believe that parental engagement is integral to student success and one of our goals is to continuously increase parental involvement in our schools. In TUSD, parents receive regular emails from a Parent Square listserv that provides information on district and school-wide updates and events, available resources, training, opportunities, etc.

In addition to district-wide efforts, our school believes that parent involvement drives the daily learning for all students. Parents and credentialed teachers work together to review the core program, academic support, and supplemental learning opportunities available to students. Annually, parents have the opportunity to meet with their child's teacher and work together in the development of the student's educational plan and goal setting at the beginning of each school year. Additionally, parents always have the opportunity to communicate with the administrative team, teachers, counselor, and other school support staff when the need arises.

All parents have the opportunity to be on our School Site Council or to attend the meetings. School Site Council members are elected for a two-year term and meet a minimum of four times per year. The function of the School Site Council is two-fold: to provide feedback and advice to the School Plan for Student Achievement, as well as suggestions and ideas for improving the school's educational programs; and to uphold the mission of the school and contribute to the success of the school. Parents of EL students have access to our TUSD Office of Language Acquisition, site-based ELAC, and district DELAC committees to learn about the EL Program and the comprehensive support available to EL families. Parents of ELs are able to provide input into decisions related to English language acquisition at the ELAC and DELAC meetings.

For Special Education students, there is ongoing parental collaboration and support provided to the parent to ensure that their student's needs are met as part of the Individualized Education Program. Parents have access to special education support providers as well as special education department administration.

Parents at Peters Canyon Elementary School participate in activities such as our Parent Teacher Organization (PTO), Back to School Night, Open House, Fundraisers, Parent Education Nights, Family Nights, Superintendent's Advisory Council, and GATE Advisory Council. Parents can sign up to volunteer through our Peters Canyon PTO website.

For more information on how to become involved at the school, please contact Kristy Andre (principal) or Pouria Paknejad (PTO president) at (714) 730-7540.

2025-26 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 12/01/2025
 Date Updated and Approved by SSC: pending approval 12/01/2025
 Date Discussed by Staff: 08/08/2025

Our School Safety Plan includes comprehensive measures designed to promote a secure and orderly learning environment. Key components of the plan include child abuse reporting procedures; routine and emergency disaster procedures; suspension, expulsion, and mandatory expulsion recommendations; procedures for notifying teachers of dangerous pupils; discrimination and harassment policies; provisions for any school-wide dress code; procedures for safe ingress and egress; standards for maintaining a safe and orderly environment; school discipline rules and dress code expectations; hate crime reporting protocols; and clearly defined school safety goals and objectives, which include an Instructional Continuity Plan.

At Peters Canyon Elementary School, we also maintain a School Safety Committee that annually reviews and updates the School Safety Plan and coordinates annual safety drills for all students and staff. The committee includes administrators, certificated and classified staff, and may also include parent or student representatives. During the 2023–24 school year, all TUSD schools participated in Stop the Bleed training, which prepares school sites to respond to a bleeding emergency before professional help arrives. In the 2025-26 school year, we conducted a review of Stop the Bleed procedures and completed annual health and safety trainings. Staff also received Narcan training, which teaches participants to recognize the signs of an opioid overdose and administer the reversal medication Narcan.

Additionally, in collaboration with our Student Services Department, we continuously practice emergency response procedures for fire, earthquake, lockdown, and shelter-in-place scenarios. These drills ensure that district-wide expectations for school safety are being met and safety teams are familiar with their roles and responsibilities and with the location and use of emergency supplies and equipment. During the 2025 school year, a new doorbell camera system was installed at the front office to enhance safety and improve visitor communication.

Fiscal Year 2024-25 Types of Services Funded

In addition to base per pupil funding, our school receives supplemental one time and ongoing funds to support all students and student groups in academic achievement. The Tustin Public Schools Foundation and site PTO also supports the school with generous donations and financial contributions throughout the year to support school-wide programs and events for students. The Tustin Public Schools Foundation funded teacher release days to provide dedicated time for collaborative planning and preparation of our new ELA curriculum, ensuring thoughtful implementation, aligned instruction, and improved literacy outcomes for all students.

Our School Plan for Student Achievement (SPSA) focuses on meeting identified student needs by providing additional staff hours to support ELPAC planning, preparation, and testing, and by investing in supplemental reading materials, library books, and research-based instructional resources to accelerate achievement for at-risk students and long-term English learners.

Some of these district and school-wide programs include ST Math, Freckle, Lexia English, Seesaw, and PBIS Rewards.

Please refer to our district LCAP or School Plan for Student Achievement for a more detailed list of goals and actions that the

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. The comprehensive training takes place before the school year starts, providing teachers with current best practices and opportunities for collaboration around instruction/curriculum for the upcoming year with site and district colleagues. An all district professional development day is also provided on a non-student day in the fall, focusing on any current instructional or organizational professional learning needs at the time.

Schools also provide professional development opportunities based on school-wide student needs driven by an analysis of student data and funded by site categorical or supplemental allocations. Staff development opportunities can take place before, during, or after school and by release time throughout the school year. All new teachers engage in the Induction Program through OCDE, which provides new teachers with ongoing support through the first two years of teaching.

As a school, we focus on providing ongoing professional development opportunities that are aligned to our student needs. At Peters Canyon, teachers participate in Professional Development opportunities in Literacy, Mathematics, Technology, Science, Social Studies, Professional Learning Communities, and Parent Communication. After reviewing student achievement data, the primary professional development focus is on the new curriculum adoption for language arts. The teachers learn about the language arts curriculum by attending a week long summer training, after school workshops, and individual mentoring. The teachers analyze literacy data during their Professional Learning Communities to discuss instructional strategies and intervention ideas. Professional Learning Communities also focus on math instruction in the area of problem-based math. Teachers are supported by the Principal and Teachers on Special Assignments (TOSAs).
