Learning & Growing...

Frost Middle School 8th grade US History students used Virtual Reality to explore the Oregon Trail in Miss Blauet's classes!

Learning & Growing...

Mrs. Garbutt's first graders at Roosevelt Elementary worked alongside Mrs. Currie's fourth graders to create leprechaun traps.

Learning & Growing...

MBA students at LCTC completed the Microsoft Office Specialist Certification in PowerPoint—and their hard work truly paid off! The certification was delivered online and included 38 multi-part questions, all to be completed within 50 minutes. We are thrilled to share that the class achieved an amazing 95% pass rate! And a special congratulations to Amelia Harris, who earned a perfect score of 100% – an extraordinary accomplishment!

Learning & Growing...

The Auto Tech 2 class at LCTC is tackling a huge real-world job: a full engine replacement on a vehicle with major internal failures. This project is packed with processes, precision, and problem-solving — and we couldn't be prouder of our students for taking it on!

March is Reading Month!

**Classes all around LPS were creative in making fun reading spots for kids!
We saw tents, caves, igloos, and more!**

March is Reading Month!
