2026 SEASON PRESENTS THE PRODUCTION OF:

The star of a popular pirate play — *The Fearsome Pirate Frank* — is the teenage heartthrob of every girl in Shakespearean England, even though he can't remember his lines for the life of him! However, when the actor playing Frank and his supporting cast, including prima donna Esmerelda, get kidnapped by real pirates during one of their productions, it's good-bye stardom, hello servitude on a real pirate ship!

But pirate actors are not the only ones hijacked in this comic romp... so is the plot from a particular popular pirate flick! In a chilling flashback sequence, the tale of how Captain Frank received the "Blackmark" comes alive as we see her send her crooked captain to walk the plank. Nightmare sailors, zombie pirates and hypnotizing mermaids fill this zany spoof with pop culture — even Spiderman makes an appearance!
