

Chromebook Chargers:

What to do if lost or damaged?

Dear Families:

We understand that chargers can be lost or become damaged over time. Unfortunately lost or damaged chargers are not covered under the district's Chromebook insurance coverage. Here is some helpful information to guide you in finding an appropriate replacement:

Charger Specifications:

- Charger Type: USB-C (USB Type C)
- Output Wattage: 45W or 65W
- Output Amperage: no higher than 3A

Recommended Manufacturers:

Acer, Dell, Lenovo, HP, Pwr+, Belkin, Anker, Amazon Basics
