RFQ 2026-01-26 Rapid 7 Cybersecurity Software as a Service (SaaS)

The Board of Trustees of the Jackson Public School District (hereafter referred to as "JPSD") is soliciting sealed, written formal Requests for Proposals (RFP) from qualified vendors (hereafter referred to as "Vendor") for the purchase of furniture, equipment, supplies, materials, labor or services as outlined in the following specifications. Sealed RFP shall be received by JPSD, in the Business Office of the Jackson Public Schools, 662 South President Street, Jackson, Mississippi, until the time specified on the RFP Opening Schedule (front page of the formal RFP document), at which time all RFP shall be publicly opened and read aloud. Neither dating of the RFP form nor placing the RFP in the mail by this date shall meet legal requirements; the formal RFP document must be **received in the Business Office** of the Jackson Public School District on or before the date and time stated.

JPSD reserves the right to reject any and all RFPs received and to waive any and all informalities. Vendors are encouraged to very carefully read all sections of this RFP document prior to submitting an RFP proposal. Any agreement generated due to an award may be terminated by the District without cause upon one week's prior notice to vendor.

The vendor must provide a current copy of their company's Certificate of Insurance with Workers Compensation and General Liability Coverage. Jackson Public School District requires coverage for not less \$1,000,000.00 dollars. JPSD must be listed as an insurer under the coverage provided. It is imperative that this insurance is maintained throughout the duration of the contract. This coverage must be submitted and kept on file with JPSD.

It is the basic philosophy of JPSD to extend to all responsible Vendors equal consideration and the assurance of unbiased judgment in determining whether their product or service meets specifications and the educational needs of the school district. JPSD shall fairly evaluate all formal RFP proposals submitted and base all decisions on the "lowest and best" RFP concept, purchasing only those products and/or services which meet the specifications as written. All decisions rendered shall strive to achieve the greatest value from every tax dollar expended. JPSD shall make no discrimination based on race, color, creed, religion, or national origin, in either the product evaluation process or in transacting business with Vendors or Vendor representatives.

The advertising and publishing of this RFP has met all legal requirements (Mississippi Code of 1972, Annotated, §31-7-13), hence the requirement to offer public notice of the intent of JPSD to solicit RFPs via this RFP document has been satisfied.

This document is to serve as an invitation to all qualified vendors to extend to JPSD an offer for the sale of all products and/or services specified herein. It is the purpose of this RFP document to clearly define "open" and "competitive" product or service rfp specifications. All items on this RFP are to be **as specified or JPSD approved equal**.

Addendum: Vendor shall acknowledge the receipt of all addendums which were issued during the course of this RFP. If specified in the text of the addendum, in addition to acknowledging receipt of the addenda below, the addenda may require additional information required for the RFP (e.g., pricing), in which case the Add RFP Addendum shall not only be acknowledged below but shall be completed and attached to the RFP at the time the RFP proposal is submitted. Receipt of the following Addendum issued during the course of this formal RFP is hereby acknowledged:

RFQ 2026-01-26 Rapid 7 Cybersecurity Software as a Service (SaaS)

It is acknowledged that this rfp proposal consists of the following sections: **PROPOSAL FORM, INSTRUCTIONS AND CONDITIONS, SPECIFICATIONS** and any **ADDENDUM** (if applicable). The Addendum chart is located on page .

Net Prices

In all cases, prices quoted are to be net including all applicable discounts. A separate price shall be offered for each item and not in combination with other items (unless the grouping of items is otherwise allowed as defined in the specifications). Unit price shall prevail in case of a conflict between unit and total price (extension); written price shall prevail in case of a conflict between written and enumerated pricing. Vendors are instructed to **round off all unit pricing and extensions to the nearest whole cent, i.e., round the pricing to two places to the right of the decimal point only**. JPSD will only accept pricing, which is stated in this manner. All items for which pricing is submitted which is other than two places to the right of the decimal shall be accepted; however, all digits beyond a whole cent (more than two places to the right of the decimal) shall be ignored in the RFP analysis process and the unit price indicated on the purchase order shall be to the nearest whole cent for each item involved.

Payment and Invoicing

Unless otherwise indicated in the detailed specifications of this RFP document, JPSD shall make remittance in a **single lump sum** payment **following satisfactory delivery of all items** listed on the purchase order or following satisfactory performance (final inspection) of all services as specified in the contract. JPSD remits by "completed purchase order" only; remittance shall not be made upon receipt of partial shipments or performance, or the receipt of invoice for same, but only after all items included on the purchase order or contained in the contract are delivered and/or satisfied.

It is mutually understood that invoices submitted against Multi-Year or Open Purchase Orders, remittances are processed based on the contracted scheduled agreement prior to the purchase order being generated. Only **Multi-Year** and **Open Purchase Orders** have multiple invoices received for remittance for payment. Professional Services, materials and other such services; invoices are submitted for payment in intervals following satisfactory delivery of ALL services and /or performance of ALL services indicated in the contracted agreement between said vendor and JPSD for that time period, following inspection if applicable. Any freight/shipping cost that may be incurred for tangible items, such as books, pamphlets, handouts, materials needed for presentations, etc. must be included in the total price proposal price submitted if and applicable.

Performance Penalty

The Vendor is subject to a 10% penalty on this agreement for the **2025-2026** school year if the academic objectives of this agreement are not satisfied. The District will withhold 10% of the total contract for final payment to be made after the academic objectives are satisfied.

Default and Delays

Upon failure of the Vendor to deliver all of the items ordered or to render service, within the time set or allowed, the successful Vendor shall be considered in default, in which case JPSD reserves the right to terminate the purchase order or contract and to purchase similar supplies, services, or furniture and equipment, on the open market or secure the manufacture, delivery, and installation thereof by contract or otherwise. The Vendor shall be charged with any cost occasioned by JPSD whether the said cost is the same as originally accepted or any excess cost.

RFQ 2026-01-26 Rapid 7 Cybersecurity Software as a Service (SaaS)

Damage to School Property

Any damage or loss to JPSD property as a result of any action by the Vendor in the delivery, execution or performance of any item or service stated in these specifications shall be repaired or replaced with the satisfaction of designated JPSD personnel, at the Vendor's cost, within a reasonable time.

Guarantee

Each Vendor, by presenting a rfp under these specifications, binds himself to make it positive that all goods are fully up to the standards set by the specifications. Should it be discovered within a reasonable period of time from the date of purchase order or contract that such goods or services are not up to standard, JPSD shall have the right to have such goods or services replaced by others conforming to the standard requirements and the entire expense be borne by the Vendor. The Vendor shall agree to guarantee and warrant all equipment provided as a result of this RFP for a period equal to the stated guaranty/warranty in the specifications. All such warranties shall provide coverage as indicated in the specifications.

Acceptance and Award of RFP Proposals

The Vendor's RFP proposal, once submitted and accepted as a valid RFP by JPSD, shall be deemed by both parties to constitute a legal and binding offer on the part of the Vendor to sell to JPSD as per the terms of the RFP specifications, all products and/or services contained therein. RFP proposals are subject to acceptance by JPSD at any time within forty-five (45) calendar days following the RFP opening date. Consequently, all price quotations shall be effective for a minimum of forty-five (45) calendar days and a maximum period as indicated in the specifications. All RFPs must be valid for the effective dates stated in the specification, if applicable.

The award of contract shall be made to the Vendor responsible whose RFP, conforming to the specifications, is deemed to be the most advantageous to JPSD, price and all other factors considered. The Vendor acknowledges the right of JPSD to reject the RFP, in part or in total, if the Vendor fails to submit the data required in the specifications, or if the rfp is in any way incomplete or irregular. Under no circumstances may a Vendor deliver, install, or perform any service as specified in these specifications without written authorization from JPSD (i.e., a duly issued purchase order or signed contract). All RFPs shall be approved by the Board of Trustees prior to the final award.

The Vendor shall be issued a purchase order document, which shall be deemed acceptance of the RFP proposal offer made by the Vendor, for all items and/or services approved by the Board of Trustees and awarded as a result of this RFP. However, if in the opinion of JPSD, a contract document is required to authorize the award of the RFP, Vendor agrees to sign and execute all such contract documents as required in the written specifications. NOTE: If Vendor policy requires that JPSD sign Vendor contract documents, a sample of all such documents shall be included with the RFP proposal and shall become a part of the Vendor's RFP proposal.

All awards are based on the availability of funding. In the event of a reduction of funds, this award can be rescinded at any time.

RFQ 2026-01-26 Rapid 7 Cybersecurity Software as a Service (SaaS)

The Jackson Public School District (JPSD) is seeking proposals from qualified vendors to provide a managed detection, monitoring, and vulnerability management platform designed to improve the district's ability to detect, investigate, and contain cyber threats in real time. As part of its cybersecurity modernization strategy, Jackson Public Schools intends to consolidate certain legacy security tools into a unified detection and response platform. This includes replacing the district's current endpoint defense solution with an integrated, managed detection and response service that provides endpoint visibility, threat monitoring, and coordinated incident response under a single operational framework.

JPSD is the third-largest school district in Mississippi, serving nearly 17,000 scholars across 35 schools. The district's technology environment consists of approximately 3,500 end users, up to 5,000 PCs, less than 30 servers, and a Nutanix hyperconverged infrastructure.

Contract Term and Pricing Structure

Jackson Public Schools is requesting pricing for a three-year (36-month) contract term. To align with the district's fiscal year budgeting and procurement procedures, vendors must structure their cost proposals to allow for annual renewal invoicing.

Annual Breakdown: Vendors must provide a clear, itemized breakdown of costs for Year 1, Year 2, and Year 3. The total proposal cost must reflect the full three-year commitment.

Invoicing and Remittance: Invoices for each year will be processed as a lump sum payment based on the contracted scheduled agreement for that specific year, following the issuance of an approved JPSPD purchase order.

Continuation of the contract for Year 2 and Year 3 is contingent upon the annual appropriation and availability of funds by the Jackson Public School District.

Proposal Requirements

Vendors must submit:

- Technical proposal describing how the Rapid7 MTC Advanced specifications and managed services will be delivered and provisioned.
- Proof of authorized reseller status for the proposed products to ensure level pricing and support.
- Cost proposal with a line-item breakdown for licensing, managed services, and deployment.
- Completed pricing table.

Evaluation Criteria

Proposals will be evaluated based on the "lowest and best" bid concept as required by Mississippi procurement laws. Evaluation will consider:

- **Price:** Total cost of software licenses, managed services, and deployment with no hidden fees.
- **Technical Merit:** Ability to meet or exceed the exact specifications of the Rapid7 MTC Advanced suite, including seamless integration with JPSPD's environment.
- **Deployment & Managed Services:** Clear demonstration of the 24x7 SOC capabilities, incident response SLAs, and dedicated advisory support.
