Painting Requirements:

- Paint must be water-based interior/exterior latex paint.
- DO NOT cover the white lines, front curb/bumper block, or parking space number. Students must leave 4 inches between the white lines and their design. It is advisable to tape this border off prior to painting. It takes about 2 gallons of paint if you plan to do a base coat before painting your design.
- NO spray, fluorescent, reflective, glitter, oil based, or other types of paint allowed.
- NO offensive language, pictures, flags or symbols.
- NO profane, negative or rude language.

*Prohibited items will be painted over at the discretion of the Administration, and you will forfeit your right to a painted parking space. NO REFUND WILL BE GIVEN.

On Painting Day (Saturday August 15th after senior sunrise), you will need:

1-Your copy of your design

2-A receipt showing that you paid the GCS parking fee and the school hangtag with your parking number

3-A form of ID showing your name

4-A broom to sweep your space before you begin

5-Painting supplies (brushes, paint roller, painters' tape, bucket of water, etc.)

6-Newspaper, tarp or tape to block off areas that are not part of your space, so they don't get paint on them.

7-Pop up tent, umbrella or other shade source

8-WATER, hat and sunscreen!

Parking spaces will be the students personal parking space until the end of the year, at which time the STUDENT will paint over the space with **black water-based exterior latex paint. This must be done before the student is allowed to graduate. We will plan cover up painting dates as the end of the school year approaches.

Suggested Materials, Tips and Hints

Water based primer paint/base coat if desired — it takes about 2 gallons for a base coat.

Paint can be expensive, so ask family and friend if they have extra paint to donate. Consider limiting the number of colors in your design or sharing paint colors with friends. Consider that complicated designs may take a lot of paint, time, and could be costly.

Chalk to sketch out your design before painting.

Paint brushes/rollers — try to use a roller with extension handle for the base coat or large areas

Paint pans or plastic containers for water, brushes and paint stirrers

Painters tape to mark of 4" from white lines

Plastic drop cloths to put under paint cans (remember paint can't be erased)

Broom to sweep space

Old cloths or paper towels

A bag for your trash

Pop up canopy or sunshade, sunscreen, sun visor or hat. Protect yourself from the sun!

WATER and snacks

Lawn chair, step stool or towel to sit on
