

Registration (RMA):

Aktivate is the new site at which families register their athlete(s)...formerly known as Register My Athlete-RMA.

An Aktivate account **MUST** be created, or updated, and fully completed each year before an athlete may try out or participate in a sport. Please only create one account. Multiple sports per year may be registered for on one account.

For **Aktivate instructions**, PDF linked below.

For the **physical form**, PDF linked below.

For the **Authorization and Release for Information Form**, PDF linked below.

Important:

The '**Medical Eligibility**' page of the physical form, completed by the physician, **MUST** be uploaded to the athlete's Aktivate account. It is the ONLY page of the physical form to be uploaded (if multiple pages are uploaded the system will reject the application and the registration process will be delayed). All athletes must fully register for each of their sports on Aktivate.com.

The '**Authorization and Release for Information**' form **MUST** be completed, signed, and turned into the Athletics Office. It is the ONLY hard copy document that will be accepted by the Athletics Office.

TRANSFERS: If an athlete has attended another high school or middle school outside of the Sierra Vista zone in the last 12 months, the athlete must go through the transfer process to gain eligibility. This process includes communication between the athlete/family, the Sierra Vista Athletics Office, CCSD Athletics, and the NIAA and can therefore be lengthy. The earlier the athlete/family begins this process the quicker the athlete may be cleared. For FAQ regarding documents needed for this process, including *Proofs of Address*, *Documentation of Abandonment*, and *Transcripts*, [click here](#).

Non-CCSD Charter Schools

Fees: Students enrolled in non-CCSD charter schools, and that are zoned for Sierra Vista, **MUST** pay a program-specific fee to be eligible to play sports.

Registration: Parents of students enrolled in non-CCSD charter schools (including Home School) **MUST** complete the Online Registration (OLR) process in Infinite Campus to be eligible to play sports.
