1. INVITATION

Pursuant to Ind. Code 5-22-9, as amended, the Metropolitan School District of Lawrence Township, Marion County, Indiana (“MSDLT”), invites qualified security companies (each, an “Offeror” and collectively, the “Offerors”) to submit proposals for comprehensive security services described herein at the two high schools operated by MSDLT (each, a “Proposal” and collectively, the “Proposals”). **Proposals must be submitted in conformance with this Request For Proposals for Comprehensive High School Security Services, dated March 20, 2026 (this “RFP”) by no later than 1:00 p.m. (applicable Eastern Time) on April 16, 2026 (the “Submission Deadline”).**

2. BACKGROUND

MSDLT is one of the largest school districts in the State of Indiana, serving over 16,000 students in 21 buildings. The City of Lawrence is a residential suburban community of over 95,000 residents and home to Fort Benjamin Harrison State Park and Geist Reservoir. MSDLT contains two high schools: (i) Lawrence North High School, and (ii) Lawrence Central High School. In addition to regular school day activities, each high school also plays host to a number of community and athletic events.

3. PROJECT DESCRIPTION

- A. Daily Security Officers.** MSDLT is seeking two (2) security officers at each high school (4 total) to perform various activities throughout the regular school day as further defined herein (each, a “Daily Officer” and collectively, the “Daily Officers”). The Daily Officers will not be needed during summer break, but will return to duty on August 4, 2026. MSDLT will determine if and when one or more of the Daily Officers are needed during extended holidays or breaks without penalties.
- B. Special/ Athletic Events.** On frequent occasion, MSDLT has a need for multiple security officers (anywhere from 2 – 12 based upon other activities being operated by MSDLT) to perform duties during special/athletic events at one or both of the high schools as directed by MSDLT (each, a “Special Event Officer” and collectively, the “Special Event Officers”). Special Event Officers will generally work from 5pm to 10pm, weekdays and weekends. Special Event Officers will primarily observe visitors, assist with traffic, and perform other duties as assigned by the MSDLT’s Administration and/or Security Supervisor. In general, MSDLT annually hosts at the high schools approximately seventy-five (75) athletic events and two hundred (200) special events and currently anticipates requiring Special Event Officers at all such events.

4. SECURITY, ASSIGNMENT, AND RESPONSIBILITIES

MSDLT’s main objective in issuing this RFP is to ensure campus safety during the regular

school day and during special events at each of its high schools. In general, the Daily Officers and the Special Event Officers will work to keep the high school campuses safe during the regular school day and during special events. The Daily Officers will attend to the Weapon Detectors as needed, assist the MSDLT school security officers, identify all visitors who are entering the high school campus, and direct all visitors to the appropriate office. Further information regarding the services to be provided by the Daily Officers at Lawrence Central High School are attached hereto as Exhibit A (collectively, the “LC Security Services”). Further information regarding the services to be provided by the Daily Officers at Lawrence North High School are attached hereto as Exhibit B (collectively, the “LN Security Services”, and together with the LC Security Services, the “Services”). In connection with providing such Services, the Award Recipient (as hereinafter defined) shall provide each Daily Officer with a vehicle during the time such Daily Officer is providing such Services, which vehicle must be less than ten (10) years old, without defects (cosmetic or otherwise), in good working condition and be clearly marked on the outside of the vehicle with both the word “Security” and the name of the Award Recipient.

5. SCHOOL PRIORITIES FOR SELECTION

MSDLT will review and determine the Proposals that seem most advantageous to it. MSDLT may create a short list of Offerors who are determined to be reasonably susceptible of being selected for award (each a "Potential Awardee" and, collectively, the "Potential Awardees").
