

How to Access your Student's STAAR Scores

STAAR 3-8 Reporting Timeline	EOC Reporting Timeline
<u>May 29, 2026</u> • Early Scale Scores and Performance Levels • Districts can access scale scores and performance levels and make decisions regarding students.	<u>May 22, 2026</u> • Early Scale Scores and Performance Levels • Districts can access scale scores and performance levels and make decisions regarding students.
<u>June 16, 2026</u> • Results for families available in the Ascender Parent Portal.	<u>June 10, 2026</u> • Results for families available in the Ascender Parent Portal

Once Spring 2026 results are available in the Texas Assessment Family Portal, your child's results will be available through your Ascender Parent Portal account.

<https://portals11.ascendertx.com/ParentPortal/login?distid=249903>

You will click on the green Texas Assessment button to find your child's most recent STAAR assessment results. This process is only accessible on the desktop version of Ascender. Additional information will be shared with families as the scores become available. To access any previous year's STAAR scores, you will use the same process through your Ascender Parent Portal account.
