CNY Community Week

March 30—April 3, 2026

Free daily events

- 
- 3/30** **Careers in Tech – Onondaga Community College**
Who should attend: Students (grades 6–12)
Meet local astronaut Dr. Jeanette Epps and explore science and technology careers. Enjoy interactive STEM activities and a tour of the Micron Cleanroom Simulation Lab.
Registration required. Space is limited.
- 3/31** **Careers in Tech – North Syracuse Junior High**
Who should attend: Students (grades 6–12)
Students are invited to hear from astronaut Dr. Jeanette Epps, explore science and technology careers, and participate in interactive STEM activities.
Registration required. Space is limited.
- 3/31** **Careers in Construction and Trades (evening event) – OCM BOCES Training Center**
Who should attend: Community members and students interested in construction and trades.
Learn about construction and skilled trades roles – some of the first jobs tied to the Micron project.
Registration required. Space is limited.
- 4/1** **Micron Tech Talk with CenterState CEO – INSPYRE Innovation Hub**
Who should attend: Technology and business professionals. CenterState members prioritized. Join Rob Simpson and the CenterState CEO team for a Tech Talk featuring Micron executives ranging from AI and memory innovation to global manufacturing and expansion.
Registration via CenterState CEO required. Space is limited.
- 4/2** **Micron Community and Volunteerism – Central New York Food Bank (AM) and Central Library, South Salina Street (PM)**
Who should attend: Nonprofit leaders and community members (families welcome)
Come volunteer with us! Learn about Micron’s volunteerism and giving initiatives, hear about United Way’s Day of Caring, and help assemble food kits (AM) and hygiene kits (PM) for those in need.
Registration required.
- 4/3** **Free STEM Fest Day – MOST**
Who should attend: Open to the public, all ages
Enjoy a free day of hands-on STEM learning at the MOST. Visit the Micron exhibit for interactive exploration.
No registration required.

Registration

- Registration is required for events as noted
- Students may register for only one Careers in Tech session to allow broader participation
