

PowerSchool Public Portal Help for CREC Arts HD Families

Students and families can access CREC's PowerSchool Public Portal in two ways:

- On an internet browser at <https://crec.powerschool.com/public/>
- Using the PowerSchool Mobile App, district code: PTFL

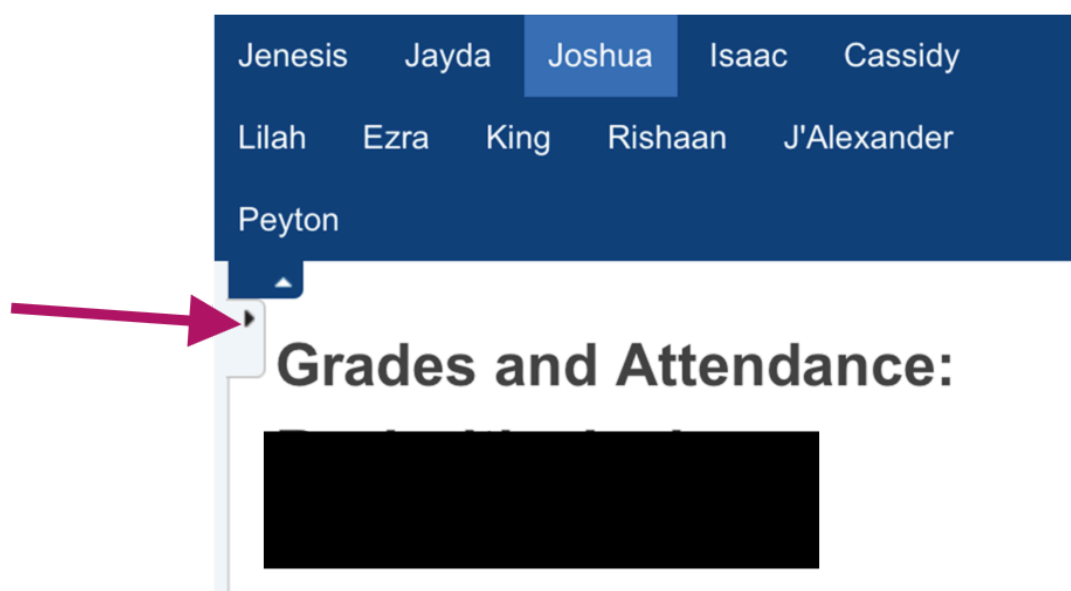

Important: Each school district has its own instance of PowerSchool. The web address and the district code are unique to each district. This means that on a single device, **you can only use the app with one district.**

For example, if my student attends New Britain High School and then comes to the CREC Arts Academy in the afternoon, I can use the app on one device with **either** New Britain **or** CREC. You can not add your student's CREC profile when you are either logged in to New Britain's PowerSchool web address or you have entered the New Britain district code into the PowerSchool app.

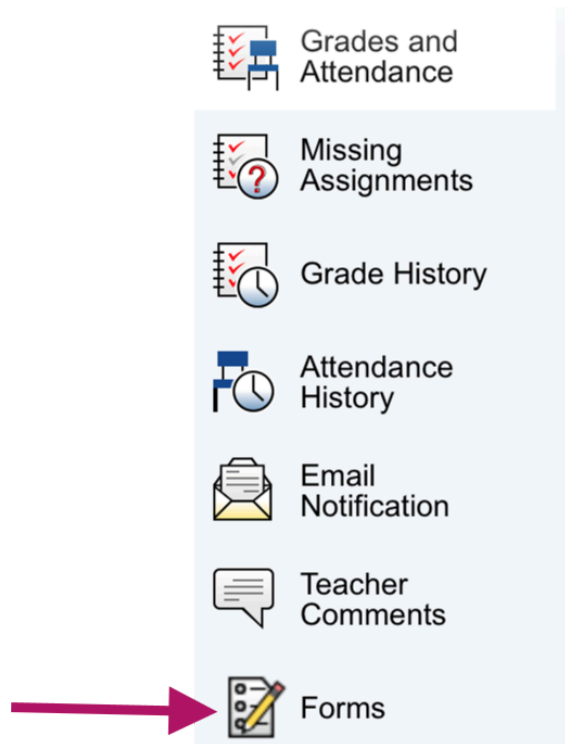

You can always use the app for one district and a browser for the other. When signing permission slips for field trips, the Forms link on a phone browser looks nearly identical to the Forms link in the app.

How to Sign Field Trip Permission Slips in a Browser on a Phone

- Open a browser and go the CREC's PowerSchool website:
<https://crec.powerschool.com/public/>
- If you have multiple students at CREC, you will see their names across the stop. Choose the correct student.
- Open up the menu by clicking on the small, black arrow.

- Choose Forms

You will see any available forms. If a form has been signed, it will say Submitted. If it has not been signed, it will say Not Started.
