MUENSTER INDEPENDENT SCHOOL DISTRICT EDUCATION FOUNDATION
MISSION STATEMENT

Our Mission Is to Promote Community & Alumni Support for the Muenster ISD. This Support Is Intended to Provide and Manage Funding and Other Resources to Assist Teachers in and Staff Delivering Instructional Programs for The Students of Muenster ISD.

Welcome
M.I.S.D Superintendent Mr. Matthew Quick and family

(Left to Right) Ava '25, Eden '30, Matthew, Naomi, and Carter '28 Quick

We are excited to welcome the Quick Family to not only MISD but to the Muenster community

A letter from Mr. Matthew Quick –

As I sat at the table, during the second interview for Superintendent, the Muenster ISD Board asked a powerfully simple question: Why do you want to be the Superintendent of Muenster ISD? My response was probably not communicated as clearly as it sounded in my head, but I chose Muenster because of the reputation of excellence that Muenster holds in the educational community. I was ready to be challenged and stretched in my capacity to lead a group of educators towards a common purpose. In my eyes, Muenster ISD was too good to be true. It was a great place for me as a first time Superintendent and also an exceptional learning establishment for my three children. Will Durant's quote, "We are what we repeatedly do. Excellence, then, is not an act, but a habit," rings loudly in my ears when I think of what Muenster ISD has accomplished year after year; constantly at the forefront of all areas of academics and extracurriculars. In my interview, I proudly stated that Tatum (my last school) was in the top 10 for Lone Star Cup. I was asked if I knew Muenster's ranking; it was in the top five at the time! I love that! That pride and confidence that comes from being a part of something bigger and better than one's self. At that moment I knew this is where I wanted to be, a place that doesn't accept mediocrity, a place that expects just as much out of themselves as they do others. I, my wife Naomi and our three children, Ava, Carter, and Eden, have been so welcomed to Muenster since day one and, we look forward to being a part of future success that Muenster will continue to experience for years to come. Thank you MISD School Board, Staff, students, parents and community members for giving me this privilege and opportunity to be a part of a tradition of success.

Go Hornets!

Matthew Quick

Education Foundation News

The Muenster Independent School District Education Foundation is looking forward to the beginning of another school year! Our main goal is to support our amazing teachers and students through instructional grants. In the fall of 2023, the education foundation awarded three grants that totaled $8,947.13. Those recipients were:

- FCS (Family Consumer Science) teacher, Brooke Beall. Ms. Beall stated, "The *Ready-or-Not Tots* were a practical and significant addition to the Family and Consumer Sciences Child Development classroom this year. Students were able to engage in simulations of normal baby-tending needs along with fussy periods in the baby programming. They also participated in hands-on activities like cradling, the football hold, swaddling, changing diapers, feeding, and putting on clothes.
  Students learned how to properly support a child's head and were able to get a feel for the size of a real infant. They were eager to try and willingly participate during their station activities in the classroom. Having the "baby" models not only helped the students in the classroom but will help with any future childcare jobs they may have. These "babies" will continue to be an asset in our child development classes at MHS and hopefully, the students will remember these very important skills throughout their lives."

Brendan H '26, Will C '26, Garrett H '26, and **Carter H '27**

Della W '27, Carly M '27, Emma H '27, and **Caityln M '27**

- Behavior and Life Skills teachers, Marie Morrison and Khara Meyers, shared the following with us. "We want to say thank you again for the grant to purchase our washing machine and Smartboard for our Life Skills and Behavioral classrooms.
  Throughout the school year, we were able to use the washing machine several times per week, washing clothing, towels, etc....while teaching our students how to operate the washing machine. It has been a great learning activity for them as they practice vocational and functional skills to become more independent. For cleaning purposes in our classrooms, it has been an absolute necessity. Our students have enjoyed learning the process and following directions.

  Our Smartboard has not been installed yet, but will be this summer, due to installation guidelines. We were advised to have it installed when several other smart boards are installed so it is more streamlined, more economical, and the personnel needed to install can be on campus at the same time. However, we know that the use of a Smartboard will have a tremendous impact on our students' daily activities. It offers a much larger screen for interactive and individualized learning activities, a larger

screen for implementing technology into our lessons, and it also provides an ability for students to have larger visual guidance when watching tutorials, cooking videos, etc...as we work on our daily living and functional skills. Once again, thank you so very much for the ability to add to our program and thank you for the support! It is very much appreciated!"

- Tara Whitely, Ag teacher, said, "The Ag department is incredibly grateful for the opportunity to incorporate hands-on simulators into our classroom and witness the positive impact they have had on our students' education. The simulators opened up new avenues for exploration and experimentation, allowing our students to develop essential skills that will benefit them in their academic and professional pursuits. The advanced animal science students were able to not only learn through lectures but had the opportunity to recognize scenarios they might encounter as well as problem-solve ways to handle those situations.

  One student said, "The experience was better than sitting down and just learning through a video. It gave me an opportunity to use real life skills in the classroom."
  The hands-on learning experiences facilitated by these simulators have sparked curiosity, creativity, and a passion for learning among our students, empowering them to excel and thrive in their educational journey. The MISD Ag Department extends our heartfelt gratitude to the generous contributors who have made these invaluable resources available to further enrich our students' educational experience.

The MISD Education Foundation eagerly awaits to read over this fall's grant applications! Thanks to our many supporters whose donations make this happen!

RECAP of THIS PAST YEAR'S FUNDRAISERS:

Oktoberfest 2023:

The MISD Education Foundation and Sacred Heart Catholic School shared the responsibility of securing gate workers for this community event. The foundation made $3,300. Thanks to everyone who volunteered to work a shift or two!

Trivia Night 2023:

The 5th Annual Trivia Night did not disappoint! What a fun evening of fellowship, food, and friendly competition! Many thanks to our award winning MISD BBQ team for preparing the meat and beans and to our FCCLA program for providing the sides! There are two individuals who deserve a huge pat on the back, Susan Hermes, who graciously emceed, and Jeff Presnall, who worked his technology magic to make sure that this night went off without a hitch! This event brought in $7,081.09.

2024 Basketball Board:

We are very grateful to Liz for donating the proceeds from this board to the foundation in the amount of $4000.

Party in the Park 2024:

~~This year the foundation voted to lend a~~ hand to our local Jaycee Organization. Once again, we partnered with the Sacred Heart Catholic School Alumni to find volunteers to work the entrance gates. Although entrance into the park was free, many generously gave a donation upon entering the park. It was from these donations that the Jaycees paid The MISD Education Foundation and Sacred Heart Alumni for

their help. We received $5,300. Again, thanks to everyone who volunteered their time to work a shift!

Besides these fundraisers, we would also like to say thank you from the bottom of our hearts to those who annually donate to the foundation or give to the foundation in honor or in memory of a loved one. We could not do what we are doing for our teachers and students without you! The MISD Education Foundation is grateful for your generosity and support!

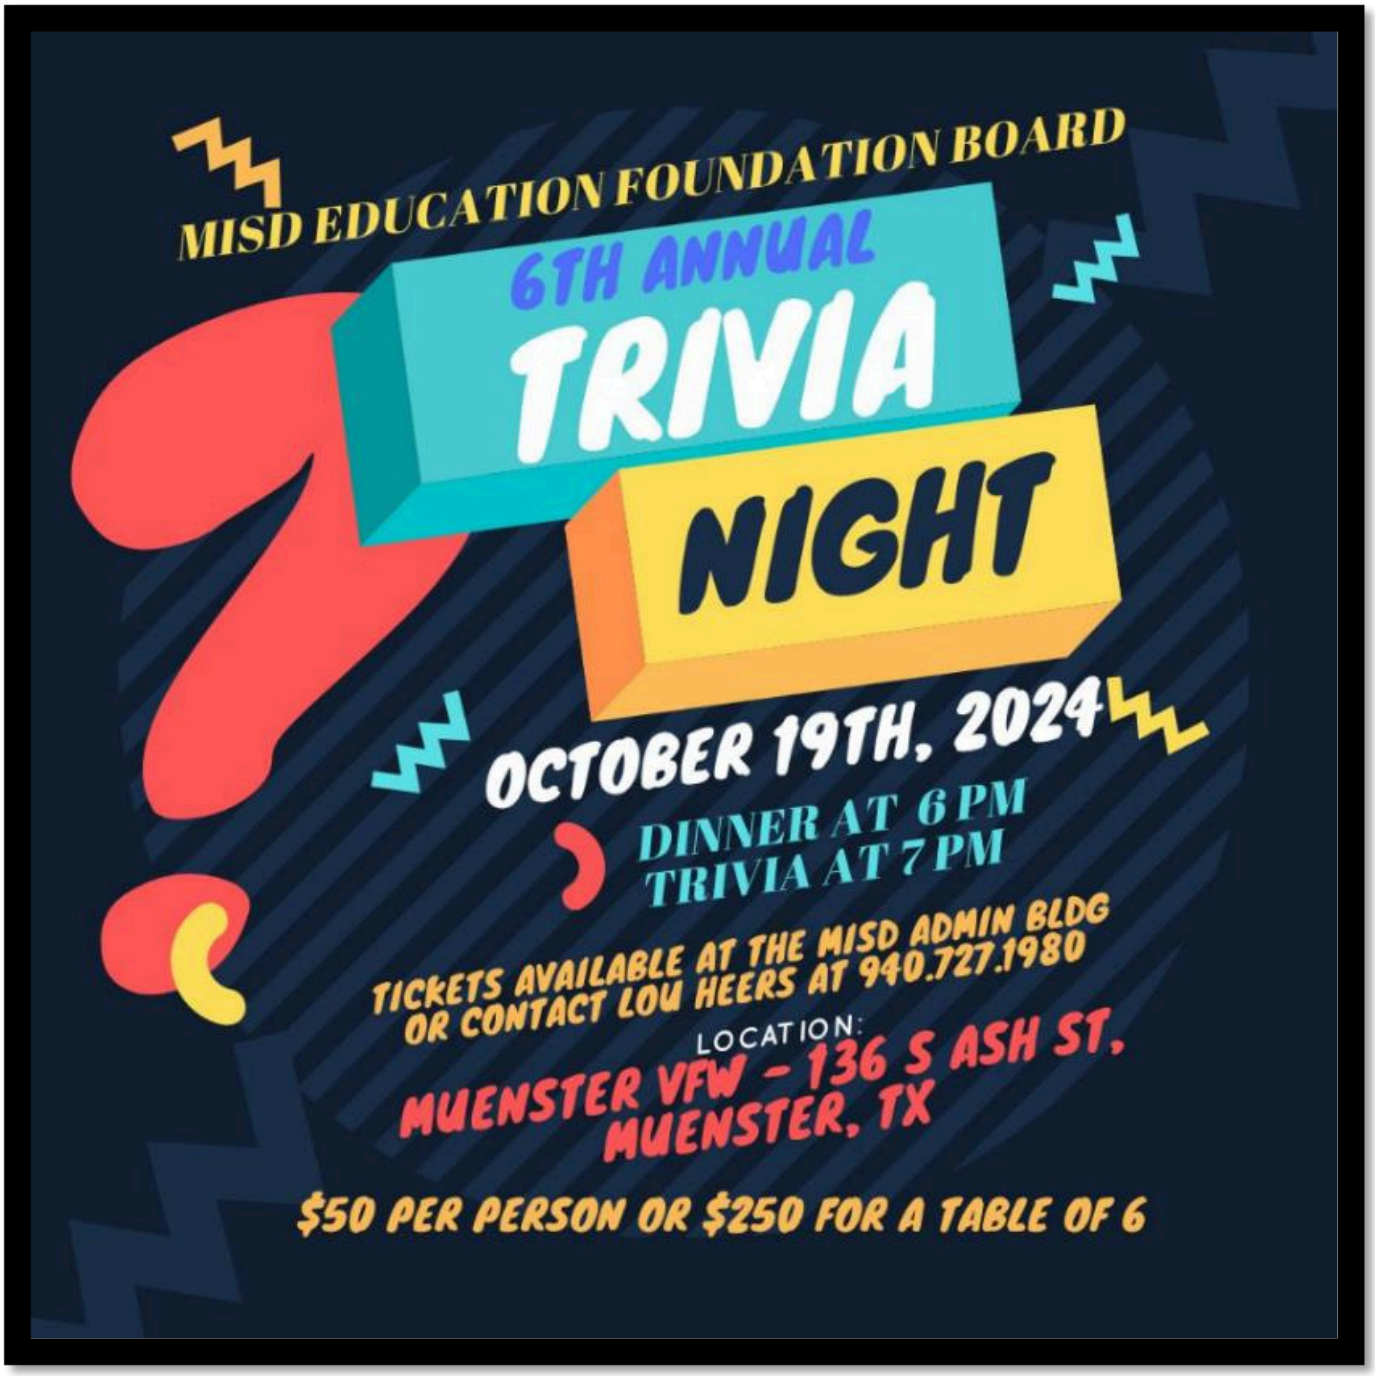

HOMECOMING 2024:

October 18, 2024, is HOMECOMING at Muenster High School. This year we will be recognizing alumni from the classes of 1954,1964, 1974, 1984,1994, 2004, 2014, and 2024. This year's homecoming football game will be a battle of the Hornets as our Muenster Hornets take on the Era Hornets. Kickoff at Hornet Stadium is at 7 p.m. During halftime, the 2024 Homecoming Queen will be crowned, and past graduates will be honored. Also, this year we are trying something new! After the game, past alumni and Hornet fans are welcome to gather at the KC Hall, 403 North Oak Street, for a chance to reminisce on old times! Finger food will be provided. Don't pass up this opportunity to reconnect with a friend!

TRIVIA NIGHT 2024:

SAVE the DATE! The 6th Annual Trivia Night is set for Saturday, October 19, at the VFW Hall, 136 S. Ash Street! That's right, the day after homecoming! The Hornet Booster Club has a golf tournament that morning, and that evening the Education Foundation is hosting a night of trivia! Get a jump start now by recruiting your team of six! Doors open at 6 p.m. for a delicious meal prepared by our MISD BBQ Team and FCCLA students, and trivia begins at 7 p.m. This is the foundation's main fundraiser! Tickets will go on sale in early August at the MISD Administration Office --- $50 per person or $250 for a table of six. If you are interested in sponsoring a team or donating a door prize, please contact Lou Heers or email foundation@muensterisd.org. Visit the Muenster ISD Education Foundation page on Facebook for the most current information.

Alumni Spotlight

Karl Klement

Karl was raised in Muenster, Texas by his parents, Martin 'Marty' and Edna Klement. He was a 1972 graduate of Muenster High School and attended Cooke County College in Gainesville.

Karl married Kim Tredenick Klement from Gainesville, Texas in 1989. They are blessed with two children, Courtny Klement Strom and Kody Klement, and two grandsons, Bennett and Keeton Strom. Courtny and Kody both work in the Klement Enterprise of companies and have their father's work ethic.

Karl's father, Martin J. Klement, had been the dealer/operator of Endres Motor Company for 48 years. By the time Karl was 5 years old, he was helping his father at the dealership. Karl was a wash boy, worked in the parts department, was a line mechanic, a salesman of both new and used cars and trucks, and, finally, a sales manager before purchasing the Ford-Mercury dealership in Decatur, Texas in 1983 at the age of 29. At the time, he was the youngest owner of a Ford dealership in the country. Karl moved to improve his market position even further in 1987 when he purchased the Chrysler-Dodge-Jeep franchise in Decatur. Karl purchased the Muenster dealership from Edna Klement and Urban Endres in January 1997 and built a new dealership for Klement Ford of Muenster. The dealership is now 78 years old, and one of the oldest family-owned franchises in the country.

Quality Commitment is Ford's way of judging dealerships. Karl prides himself on excellent customer satisfaction and has won numerous awards over the years for "Distinguished Achievement Awards", "The Chairman's Award" and "Chrysler-Dodge-Jeep's Five Star Award."

Literally, being raised in a car dealership, Karl achieved his lifetime dream. In 2024, he attained the Chrysler-Dodge-Jeep dealership in Decatur with over 55,000 square feet and 40 service bays.

Karl's interests are not confined to the automobile dealerships that bear his name. He owns several homes, apartment complexes and commercial properties. Karl bought his first house when he was just 16 years old. Earl Fisher of Muenster State Bank gave him his first loan to purchase it.

Karl's love for land and cattle has now grown to a cattle feed yard he designed and built himself. At this time, he has over 1,000 head of cattle.

The family went on a vacation to Florida about 20 years ago. In the airport, Karl saw an ice cream vending machine and just knew it would be the perfect idea for Texas. Klement Distribution Inc. was started that very day. Courtny Klement Strom runs the company. It has grown from one machine to thousands. Klement Distribution is the distributor for Hershey's ice cream with businesses all throughout Oklahoma and Texas.

About that same time, Karl was building a new office space for Karl Klement Properties Inc. He had about 800 extra square feet left over and decided to build a laundry mat in that space. It did so well that he now has 17 of them. He named them Roy's Wash n Dry after his father-in-law. Kody manages several of them. Karl looks at everything he decides to do with the goal of making it happen, and this empty space has grown into a huge success.

Clearview Tree began with a tree that had fallen on one of his rent houses. Karl had requested a bid for the removal of it. Once he got the quote, he decided he could start a company and do the job cheaper. At one time, he had three full crews and was contracted with Oncor all over Texas. Since then, he now only does the work for himself.

His love of riding motorcycles while growing up has never left him. He has one of the largest Ducati motorcycle collections in the country. He buys and restores them to their original condition with all original parts. He has over 160 currently. Karl started a NHRA pro stock team in 2007. He won his first "Wally Award" soon thereafter at the O'Reilly NHRA nationals in Dallas, Texas.

Moby Oil and Gas, LTD. is his oil company. He has a greenhouse nursery where he raises 5,000 poinsettias annually only to donate all of them to charities, churches, rest homes, family and friends. Karl Klement Aviation, Inc. has donated his plane many times for flying sick people and their families to doctors and hospitals all over the country. He has been involved with the Boy Scouts of America, the Boys and Girls Clubs, Camp Sweeney for diabetics, the FFA Youth Shows, the Catholic Church Charities and many more organizations throughout his life. Being raised in the wonderful small community of Muenster has helped to make Karl who he is today, a great man, leader, entrepreneur, friend, husband and family man.

Karl employs over 250 people throughout his companies. His most long-term employee, friend and mentor is John Yosten '63 with 62 years of experience. Chris Stoffels is not far behind with 51 years. Karl has never lost his roots with Muenster, his friends and the community that helped him achieve his goals.

Retiring from MISD…

Kristi Pagel Schneider ‘87, Counselor at Muenster ISD, has announced her retirement after 31 years in education with all of these years at Muenster ISD. Mrs. Schneider ‘87 grew up in Muenster, Texas. She graduated from Muenster High School in 1987. She earned her bachelor’s degree from the University of North Texas in 1993. In the fall of 1993, Kristi ‘87 was hired as an elementary teacher at Muenster Elementary. After teaching elementary students for 10 years, she moved to the counselor role and earned her Master’s Degree in Counseling from the University of North Texas in 2004. She served Muenster ISD as the only school counselor until 2022 when a second counselor was hired to serve the elementary school. Mrs. Schneider ‘87 has served countless students in her 31 years of service to education. Her contributions to the district are innumerable from the classroom teacher to guiding students in the future college and career readiness to the support of social and emotional well-being, and everything in between. In her spare time, she enjoys the newest addition to her family, her grandson and soon to be second grandchild. Mrs. Schneider ‘87 is married to Tim ‘82 and together they have two daughters, Chloe ‘12, married to Tommy Torcellini, and Claire ‘16, married to Garrett Yancey. We know she will enjoy even more time being the best grandma! We wish her all the best in her retirement!

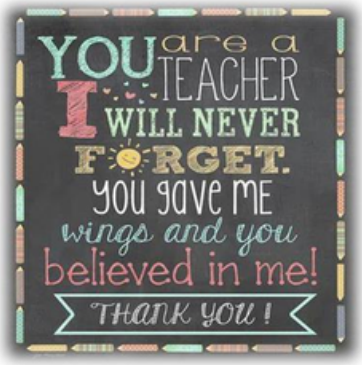

Retiring from MISD...

Danna Hess, Mathematics Teacher at Muenster High School, has announced her retirement after 33 years in education with all of these years at Muenster ISD. Mrs. Hess grew up in Muenster, Texas. She graduated from Sacred Heart Catholic High School in 1988. She graduated from Texas Woman's University in 1991 with a Bachelor of Science in Mathematics with a Secondary Certification in Grades 6-12. Danna was hired as a high school mathematics teacher in 1991. During her many years in this position, she has grown the Muenster ISD math department to what it is today. She started the AP program at Muenster High School in 1995 which has benefited numerous students over the years as they gained experience in the area of higher mathematics education. Her passion for math led students outside of the classroom with UIL and Texas Math & Science Coaches Association (TMSCA) competitions. She has coached UIL Math since 1994 and UIL Number Sense since 2004. From 2004-2024, she has coordinated the high school TMSCA program and has been the High School UIL coordinator for the past four years. Her service to students and other teachers has benefited from her role on the College Board Small and Rural School Advisory Board from 2005-2006. She has also coached the High School Golf Team for the last two years. Mrs. Hess has served students that have stretched generations. In fact, you can often find students recalling math formulas from the tiles on her ceiling or past graduates' senior portraits in her treasured photo album. Her call to education is displayed in all her previous student success in and out of the classroom.

She has been married to Brian "Zeke" Hess for 32 years. They have two daughters, Erin Hess '14 of Alpine Texas, and Halle Hess a 2024 graduate of Muenster High School. She loves traveling and hiking in far west Texas in the Big Bend area visiting her oldest daughter. She also enjoys golfing and thrifting! She is looking forward to spending more time with her family.

20 years: Vicki Eldridge

Muenster Elementary 4th grade teacher, Mrs. **Sadie Stoffels Anderle '13**, pictured with Superintendent Matthew Quick and Elementary Principal Debra Sicking, was honored at the Region 11 Teacher of the Year Awards Ceremony.

Secondary Teacher Spotlight
Amy Otto Binder ‘94

Amy Otto Binder ‘94 has been a Lady Hornet her entire life! This school year will start her 24th year as a teacher and coach, all at Muenster ISD. Amy graduated from MISD in 1994. She attended Grayson County College for a year and played basketball as a Lady Viking. She moved on to earn her associates at NCTC, then finished her Bachelor of Science degree at Texas Woman's University with a major in Mathematics and a minor in Computer Science in 1999.

Amy is married to her high school sweetheart, Cy Binder. This year, they will celebrate their 28th anniversary. Cy and Amy have 5 children and 1 grandson. Their children have all attended Muenster ISD. Mason ‘14 is a coach and teacher at Saint Jo ISD. Mason has their only grandchild, Jensen, who turned 2 this year. Brennan ‘17 has a degree from Texas Tech in marketing. He is employed as a registered associate for Raymond James in Frisco. Jada ‘21 is their only daughter. She is the operating partner for *Sonic* in Muenster. Cy and Amy have two more sons attending Muenster ISD. Dax will be a sophomore and Titan will be in 8th grade this school year.

Amy began her teaching career in the fall of ‘99 at Muenster ISD. She has spent most of her years teaching junior high math, but also has taught Algebra 1, Geometry, Health, PE, and most recently she is a proctor of the Spanish classes.

This school year, Coach Binder will proudly lead the Lady Hornets as the head girls’ basketball coach, head cross country coach, and the head girls’ track & field coach. Her hopes for the Lady Hornet program are to foster a sense of belonging and sisterhood, to build a support system among the girls, and to encourage them to compete in multiple sports as well as other school extracurriculars. Her favorite saying is “How you do one thing, is how you do everything.” Their success in athletics bleeds into all aspects of their lives and will carry over into their adulthood.

Over the years, she has led her JH and JV girls’ basketball teams to winning seasons each year. With her new title this past year, Coach Binder led the varsity girls to the program’s 20th Regional tournament appearance, and they finished the season 29-7. She was named Coach of the Year for District 13. In 2014 and 2020, Coach Binder was awarded the 2A Texas Association of Basketball Coaches (T.A.B.C.) assistant coach of the year.

As the head coach of cross country and track over the last decade, the Muenster Lady Hornets have made numerous trips to the Regional and State meets. Coach Binder has served on the Texas Girls’ Coaches Association (TGCA) All-State selection committee for both Cross Country and Track & Field.

In her spare time, Coach Binder enjoys doing arts, crafts and wood working. She loves walking her dogs and weightlifting. She is happiest when all her children are home enjoying a home cooked meal. Coach Binder would love to travel more with her family and extended family. Her fondest memories have been made while snow skiing, cruising to beautiful islands, and kayaking on the river.

Elementary Teacher Spotlight Amy Anderle

Amy Anderle was born and raised here in Muenster, Texas. She grew up on a farm just north of Muenster with her parents and three siblings. Amy graduated from Sacred Heart Catholic School in 1990. She then graduated from Texas Woman's University with a degree in Interdisciplinary Studies with a minor in teaching Reading. Amy began her teaching career at Gainesville ISD. She taught fourth grade there for one year. When a 1st grade teaching position opened at Muenster ISD, she jumped at the chance. The following year a third-grade position became open, and Amy accepted the challenge. She quickly discovered this was her favorite grade to teach. This school year will begin her 24th year teaching third grade!

Amy is married to John Anderle '86 and together they have five children and one granddaughter. They include Karli and her husband Nat McEwen, parents of Della McEwen, Bailey '18 and her fiancé Bryson Jackson, Annie '21, *the late* Marcus '23, and Garrison who is currently a freshman at Muenster ISD. Her family means everything to her. She enjoys spending time with them, baking, cooking, gardening, fishing, hunting, and watching high school sports.

She thanks God for the many blessings He has placed in her life here in this wonderful community of Muenster. She hopes and prays that God will continue to bless her, her family, the students who come into her classroom, and the people of Muenster with his love and graces.

Macy Bayer, 2024 Valedictorian

Halle Hess, 2024 Salutatorian

Macy Bayer and Halle Hess, 2024 graduates of Muenster High School, have been awarded scholarships by the Texas Interscholastic League Foundation.

Macy received the Jim & Marcia Hilsabeck Scholarship, which recognizes success in the UIL Spelling & Vocabulary contest. She competed at the state level in Spelling & Vocabulary four times, placing second individually and first as a team in 2024. Macy plans to double major in journalism and marketing at Texas Christian University.

Halle received the Larry & Mona White Number Sense Scholarship, given to competitors in the UIL Number Sense contest. She competed at the state level in Number Sense twice, placing fifth in 2024. Halle plans to attend Texas A&M University and major in physics.

Muenster Seniors 2024

Muenster ISD EDUCATION FOUNDATION

Supporting the Tradition of Success

KEEP "THE HORNET HIVE" ALIVE!

Greetings, Hornet alumni! We hope this newsletter finds you well! As you know, the Education Foundation is here to support our educators and our students of Muenster ISD. And with that, we want to share the happenings of our school by way of our newsletter. Unfortunately, as with everything else, the cost of publishing "The Hornet Hive" has increased. The MISD Education Foundation sends out this newsletter twice a year, an end-of-summer and a winter edition.

At our last meeting, we spent a great amount of time brainstorming possible solutions. An idea that we all agreed upon was creating a page for ads. The ad would be 1" x 2" and cost $200 for the year; $100 for the end-of-summer edition and $100 for the winter edition. This ad could be from a business, an organization, an individual wanting to show support of the newsletter, or simply "in memory of" or "in honor of" a loved one.

Purchasing an ad is a tax-deductible gift that will greatly help with the cost of publishing the newsletter. The MISD Education Foundation's main goal is to assist teachers in their efforts to implement programs that enhance the learning of their students through instructional grants. However, "The Hornet Hive" is an excellent way for us to promote our school and alumni, and it is our wish to see that this continues.

Please email foundation@muensterisd.org with your desire to purchase an ad. You will then receive an email in return with an attached form to be completed. Enclose form and payment in an envelope and mail it to:

The MISD Education Foundation
PO Box 608
Muenster, TX 76252

You can also simply drop off your information at:

MISD Administration Building
113 E. 7th Street
Muenster, TX 76252

Your consideration and support in this matter are greatly appreciated!

North Texas Giving Day is your one-stop shop to supporting local nonprofits. Their mission is to empower nonprofits and encourage donors by providing a platform and resources that connect givers with the North Texas causes that matter most to them. We would love you to join us in supporting **Muenster Independent School District Education Foundation**. Donations can be made starting September 1st through the 19th. Thanks for your support!

https://www.northtexasgivingday.org/organization/Muenster-Independent-School-District-Education-Foundation

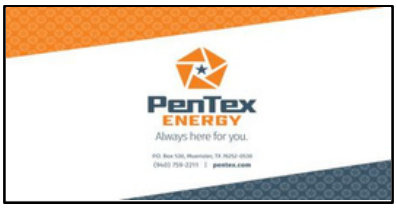

Wayne '67 & Tudor '69

The Eric Hellman Family

Thank you for your kindness and generosity in purchasing an ad to help defray the cost of publishing The Hornet Hive! If a business or individual is interested in helping with this cause simply email Lou Heers at foundation@muensterisd.org.
