MUENSTER INDEPENDENT SCHOOL DISTRICT EDUCATION FOUNDATION MISSION STATEMENT

Our Mission Is to Promote Community & Alumni Support for the Muenster ISD. This Support Is Intended to Provide and Manage Funding and Other Resources to Assist Teachers and Staff in Delivering Instructional Programs for The Students of Muenster ISD.

From the Desk of MISD Superintendent, Mr. Matthew Quick

Greetings,

We are thrilled to get another school year under way! As we prepare to open our doors for the 2025–2026 school year, we want to take a moment to thank you for your continued support of all things Muenster ISD!

While summer may be a time of rest for some, our dedicated staff and teams have been hard at work over the past few months to ensure our school is ready to provide the very best environment for learning, growth, and success. From cleaning classrooms and facilities to planning dynamic lessons and extracurricular opportunities, every effort has been made with our students in mind.

We are ready and excited to pursue excellence in academics and extra-curriculars together from August to May. Our commitment to academic achievement, character development, and student engagement remains stronger than ever. Whether in the classroom, on the field, on stage, or in our clubs and organizations, we are dedicated to helping every student thrive, and continue our long standing tradition of success!

Let's make this year one of meaningful growth, memorable experiences, and shared successes. Welcome back, and let's get started!

Go Big Red!

Matthew Quick
Superintendent MISD

Education Foundation News from President, Lou Dyer Heers ‘80

Hello to all our alumni and friends! I hope everyone has had a wonderful summer full of special memories. As another school year begins, I find myself reflecting on those who have recently passed away and greatly impacted MISD. The Hornet Hive was **Kay Fette Hickey’s ‘62** “pride and joy.” She truly enjoyed writing and gathering stories related to MISD. **JoAnn Fisher Pagel ’62** was an English teacher, a cheer coach, a devout Lady Hornet and Hornet fan, a supporter of the Education Foundation, and our Hornet Hive proofreader. **Jami Flusche Fuhrmann ‘92** and I will always treasure the time we spent with her as we met at JoAnn’s home to finalize the next edition of the newsletter. **Dolphy Joe Hellman ‘61**, Harold Bindel, and **Neal Flusche ’85** were instrumental figures on the MISD School Board. Their many years of service to the teachers and students of MISD will never be forgotten. We are forever grateful for these individuals’ love and devotion to this school.

The Muenster Independent School District Education Foundation was founded in 2016 with its main goal being to support our amazing teachers and students through instructional grants. Last fall, the education foundation awarded five grants that totaled $9,789.60. The recipients shared the following:

Special Education Teacher, Mr. Chris Bevers – “Life Skills Coffee Cart Project”:

First and foremost, thank you for your generosity and support of our students. On Wednesday mornings, our students ran a coffee cart for teachers who had placed orders. They prepared and delivered the coffee, handled transactions, and made change when needed—all valuable life skills which they utilized in a real-world context.

In addition to practicing financial literacy, our students were also developing their social skills as they interacted with teachers and staff throughout the junior high and high school buildings. We are incredibly grateful to everyone who placed an order and helped make this project a success.

Thanks to your continued support, the Coffee Cart project not only helped students build essential life and social skills, but it also generated funds that allowed us to purchase new classroom manipulatives tailored to their instructional needs. We even had the opportunity to take learning beyond the classroom with outings to the movies and restaurants which further reinforced social skill development in the community.

Thank you again for your continued encouragement and support!

High School Spanish, Mrs. Amy Otto Binder ’94:

Gracias, Muenster ISD Education Foundation! We are grateful for the incredibly useful headphones we were able to get through our grant. Using the headphones in the classroom setting gave students who were shy about conversing in front of their peers a sense of confidence in speaking their newly learned language. Thank you so much for your help!

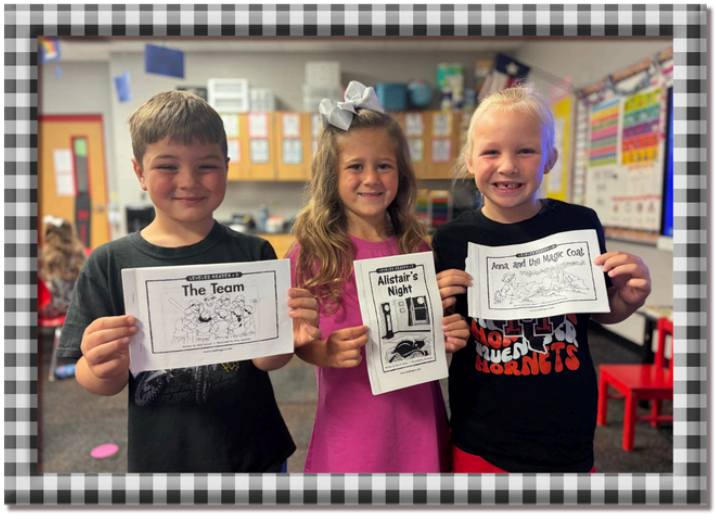

Elementary Reading Teachers:

Here are some ways that “Reading A to Z,” an on-line reading program for improving reading proficiency and fluency, is being used at Muenster Elementary.

First grade teachers, **Megan Dangelmayr Hennigan ’06** and Brennan Kendall, utilize the Reading A to Z program daily in their classroom. They use the book resources and comprehension practice in their classroom guided reading groups, in the students' homework folders for independent reading, and during their guided reading groups when the teacher is providing explicit teaching and support to the student based on their needs. **Mrs. Hennigan ‘06** and Mrs. Kendall agreed, “This is a great resource for all of our first-grade learners as we are able to focus on each student's instructional reading level.”

Kindergarten teachers, **Rebecca Grewing Thomas ’08** and **Paige Herr Voth ’13**, stated that they use the level readers “printable books” as a resource for small groups and as books to send home in students' homework bags for extra reading practice. Reading A to Z is also used for guided reading in the classroom.

Muenster Elementary teachers appreciate the donation of this program and look forward to using it again next year! Thank you, Muenster ISD Education Foundation!

Ag Science Teacher, Cody Martindale:

This past school year, our Ag program was awarded a grant to build an outdoor classroom. Thanks to this funding, students received hands-on learning experience in wood and metal working while building the structure. In addition, each class contributed by building six-person picnic tables to place under the pergola, creating a welcoming space where students can eat lunch or complete schoolwork.

I would like to send a big thank you to the Muenster ISD Education Foundation for their continued support and for helping make this project possible!

Cody Martindale superivises Casen C ‘26 and Logan F ‘25 during the building process.

Ag Teacher, Ms. Tara Whitely:

Thank you so much for your generous support of our “Food Science Fridays” project this year! This project brought so much excitement and hands-on learning into our classroom. Several Fridays out of the year, students had the opportunity to dive into real-world food science concepts through interactive labs and activities.
From exploring chemical reactions to comparing the properties of different dairy products, students were able to connect Ag science to everyday life in a way that was engaging, fun, and educational. Not only did this strengthen their understanding of science principles, but it also encouraged critical thinking, teamwork, and problem-solving skills. We are truly grateful for the opportunity to offer them experiences like this that make learning memorable and meaningful.

Thanks to the MISD Education Foundation for believing in our students and helping us bring agricultural science to life!

The MISD Education Foundation could not make any of this happen without our many supporters and their generous donations! So, a very special thank you to everyone who has given to the Foundation. We eagerly look forward to reading over this fall’s instructional grant applications!

RECAP of THIS PAST SCHOOL YEAR'S FUNDRAISERS:

North Texas Giving Day – September 19, 2024: This was the Foundation's first time to participate in this online giving platform. The Foundation made $1,850 from donations.

Trivia Night 2024: The 6th Annual Trivia Night was such a fun evening of fellowship, food, and friendly "trivia" competition! Many thanks to our award winning MISD BBQ team for preparing the meat and beans and to our FCCLA program for providing the sides! There are two individuals who deserve a huge pat on the back, Susan Hermes, who graciously emceed, and Jeff Presnall, who worked his technology magic to make sure that this night went off without a hitch!
This event brought in $7,456.38.

"Board" Participation: Thanks to everyone who purchased a square!
TX/OU Football 2024 = $4,000
College Football National Championship 2025 = $4,000
NCAA Men's Basketball Championship 2025 = $5,000

GermanFest 2025:
The Education Foundation and Sacred Heart Robotics Program partnered up in securing gate workers for this community event. We would like to thank everyone who graciously volunteered to work a shift or two at the entrance gates to GermanFest.Because of your help and support, the Education Foundation earned $6,607.50 for the general fund.

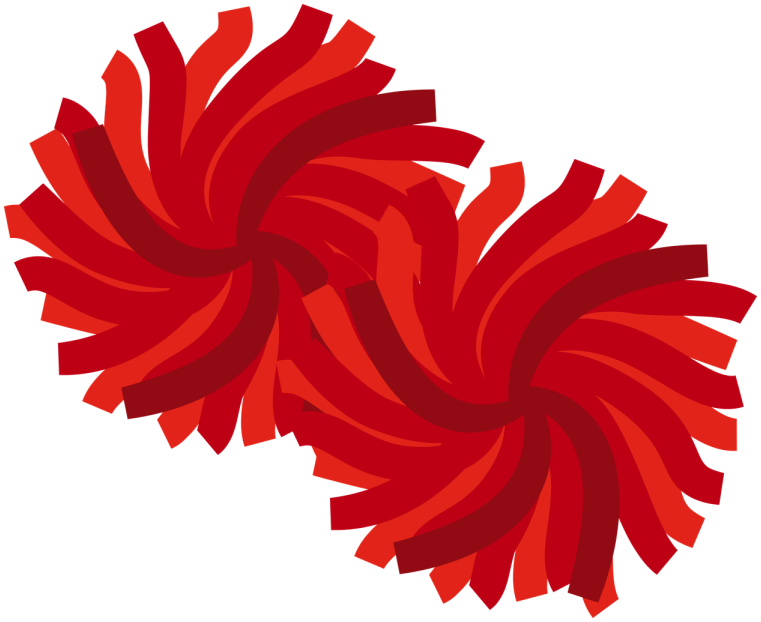

Besides these fundraisers, we would also like to say thank you from the bottom of our hearts to those who annually donate to the foundation or give to the foundation in honor or in memory of a loved one. We could not do what we are doing for our teachers and students without you!
The MISD Education Foundation is grateful for your generosity and support!

“TRIVIA NIGHT 2025"

SAVE the DATE! The 7th Annual Trivia Night is set for Saturday, September 27, at the VFW Hall, 136 S. Ash Street. Get a jumpstart now by recruiting your team of six! Doors open at 6 p.m. for a delicious meal prepared by our MISD BBQ Team and FCCLA students, and trivia begins at 7 p.m. This is the Foundation’s main fundraiser! Tickets will go on sale in early August at the MISD Administration Office --- $50 per person or $250 for a table of six. If you are interested in sponsoring a team or donating a door prize, please contact Lou Heers or email foundation@muensterisd.org. Visit the Muenster ISD Education Foundation page on Facebook for the most current information.

MHS HOMECOMING 2025

October 24, 2025, is HOMECOMING at Muenster High School! This year we will be recognizing alumni from the classes of 1955, 1965, 1975, 1985, 1995, 2005, 2015, and 2025. This year the Muenster Hornets will welcome the Wildcats of Santo to Hornet Stadium. Kickoff at Hornet Stadium is at 7 p.m. During halftime, the 2025 Homecoming Queen will be crowned, and past graduates will be honored. After the game, alumni and Hornet fans (past and present) are welcome to gather at the KC Hall, 403 N. Oak Street, for a chance to reminisce on old times! Finger foods will be provided. Don't pass up this opportunity to reconnect with a friend!
GO BIG RED!!

In loving memory of

Alumni Spotlight: In Memory of JoAnn Fisher Pagel ‘62

JoAnn Elizabeth (Fisher) Pagel, age 81, passed away on May 15, 2025, at Medical City Plano Hospital after a stroke. Her life reflected her love for God, family and her hometown of Muenster.

JoAnn was born on January 26, 1944, to Joe and Gertie Fisher. The youngest of four siblings, JoAnn grew up in a house catty-corner to Sacred Heart Church. With that proximity, she soaked up the graces of those church bells ringing as the soundtrack to her childhood. JoAnn learned her work ethic by sacking groceries and stocking shelves at Fischer’s store from a young age. In school she was an all-star -- not just the valedictorian of the MHS Class of ’62 and captain of the basketball team, but also voted “Friendliest Girl,” the honor she was proudest of. She went on to earn a Bachelor’s degree in Physical Education with a minor in English from North Texas State University in 1965.

She and **John Pagel ‘62** were married on June 11, 1966, at Sacred Heart Church. They raised their four children in the house across the alley from JoAnn’s parents. In addition to being a wife and mother, JoAnn taught at Sacred Heart School from 1970-1974 and then from 1980-2002 at Muenster Junior High and Muenster High School. Her subjects were P.E., language arts class, cheer coach, and driver’s education. For many years she’d wake up way before sunrise every day to get in her 3-mile walk before school. JoAnn was organized about grading papers, keeping the house immaculately clean, making fresh-squeezed orange juice every day, and still finding time to cheer on her kids in their activities. She created routines to keep things running smoothly at home. For example, JoAnn’s breakfast rotation when the kids were growing up: cereal on Mondays, French toast on Tuesdays, eggs on Wednesdays, oatmeal on Thursdays and pancakes on Fridays. It goes to show she was a planner and a stickler for routine.

After she retired, JoAnn remained a fan of the local school teams. She cared deeply about the community, and she set a good example of citizenship. Every Wednesday she could be found volunteering at the Muenster Library. One of her tasks was chasing down overdue books and fines, earning her the nickname “The Collector.” She and John regularly picked up and sorted the food donations for the Sacred Heart Outreach. She had outstanding energy and commitment.

Nothing made JoAnn happier than spending time with her family. She was the grandma who loved to bake cookies, color Easter eggs and play games. She was always ready to provide a good meal, help with homework, or a sympathetic shoulder to cry on. She’d travel anywhere to root for her grandkids at a tennis tournament, volleyball or basketball game, cheer competition, Boy Scout ceremony, graduation etc. She welcomed guests to her home with food, fresh sheets and unconditional love. JoAnn’s favorite decorating technique was to hang a new photo of her grandkids on the wall. She prayed daily for all her family members by name.

Like Gertie Fisher before her, JoAnn took the short walk to morning Mass as often as possible. She always sat in a pew close to the front. The Catholic faith was not just a part of her life, but her very identity, and she loved the Lord joyfully. She liked to wake up her sleeping kids and grandchildren by singing “Rise, and shine, and give God the glory glory.” While her singing voice wasn’t great, she was praising God to start the day. And thanks to JoAnn, the Pagel family prays a Hail Mary as part of the food blessing at mealtimes. That Hail Mary tradition has been passed on to the next generation due to JoAnn’s influence of devotion and prayerfulness. She had 19 ACTS shirts hanging in her closet and a different rosary for every day of the week. It was hard to keep up with all of her church-related activities.

Some of JoAnn’s favorite things included a cup of hot tea in the afternoon; girls’ trips and get-togethers with her friends from high school; sitting at her backyard grotto; any song by John Denver; and traveling to the mountains and hiking along a quiet trail.

Her family will treasure memories such as: Clean the house on Saturday morning and go to church that evening. Food scraps go to the garden. Never waste anything. JoAnn would faithfully send handwritten birthday cards. She'd wash dishes by hand because the dishwasher wasn't good enough. Her smile was sweet and her laugh contagious. She was unrelentingly dedicated to whatever she thought was right. She had a gift for seeing everyone as the best version of themselves. JoAnn wanted to serve God each and every day while helping those around her do so as well.

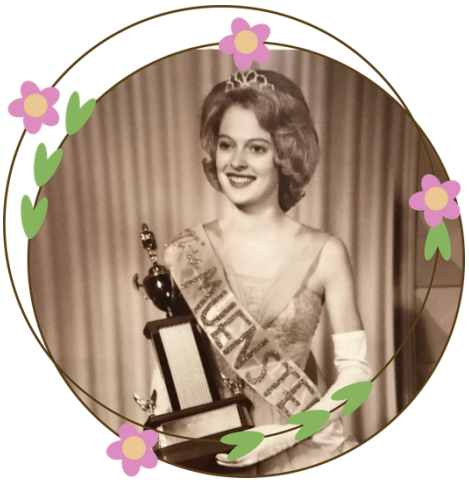

Mass of Christian Burial for JoAnn was held on Wednesday, May 21, at Sacred Heart Catholic Church. Rosary and Vigil were held on Tuesday, May 20, also at the church.

Preceding her in death were her parents, Joe and Gertie Fisher; her brother **Jimmy Fisher '55**; and her parents-in-law Jerome and Gertie Pagel. Survivors are her husband **John Pagel '62;** sons **Joe Pagel (Laura) '87** and **Mike Pagel '89** (Brenda); daughters **Jean Pagel Yaeger '86** (David) and **Dianne Pagel Endres '94** (Jason); and grandchildren **Allison Pagel Luke '12, Abby '14, Katie, '16** Caroline, Samuel, Jacob, Julia, Jensen, **Colby '20,** Reece, **Gavin '22** and **Erica '23**; and great-grandchildren Everett, Dulyn and Knox; sister **Theresa Fisher Walterscheid '60**; and brother **Neil Fisher '50**.

Thank you to the Muenster Volunteer Fire Department and paramedics who came to her aid when she had the stroke. Thank you to Father Hoodenpyle for his compassionate spiritual support. Thank you to her friends, former students, neighbors and fellow parishioners for being part of JoAnn's journey. We're saddened by her passing but are consoled by the tremendous outpouring of your love.

Written by JoAnn's children and grandchildren

The first Miss Muenster!

The love of her life!

Loving on her great-grands: Dulyn & Everett!

Alumni Spotlight:
Kevin Felderhoff '83

My journey into woodworking began in an unexpected place: the shop class at Muenster High School. Under the guidance of my teacher, Mr. Rudy Koesler, I discovered a passion that would later shape my life—and career.

During my senior year, academics took a backseat to hands-on learning. I spent three hours each day in shop class and the rest of my time playing sports. That year, Mr. Koesler introduced a new challenge: building a roll-top desk. Our class was the first to take it on. With his clear instruction and thoughtful planning, the project became achievable—even for a bunch of high school kids with more energy than experience.

For my senior project, I built two desks. The first was for me, and the second was for my sister, ***Doris '73****. Both desks stayed in the family—Mom enjoyed mine for years, and now my brother* ***Glenn '71*** *has it.*

I sold the second desk to ***Doris '73*** *for $750. To help with the build, I brought in my good friend* ***Karl Trubenbach '83.*** *He worked two hours a day while I put in three. After repaying Mom $250 for materials and splitting the remaining profit with* ***Karl '73****, I walked away with $300 and a valuable sense of accomplishment. We even started a third desk, but the school year ran out, and I eventually sold the unfinished pieces to* ***Ronnie Fisher '82.***

That early experience was more than just a school assignment—it planted the seed for a lifelong passion. Years later, in 2009, after relocating to North Carolina, I joined the Carolina Mountain Woodturners.

Surrounded by skilled artisans, I found myself drawn to woodturning—especially after seeing a handcrafted wooden cowboy hat. As a proud Texan, I was immediately intrigued.

That Christmas, my wife surprised me by connecting with Nick Neiley, a local woodturner known for making cowboy hats. Nick generously mentored me through my first project. Although it was a challenge, I stuck with it. Since then, I've turned more than 90 full-size hats and around 150 miniature versions. It took nearly 25 attempts before I finally felt confident in the results.

One of my most memorable projects began with a call from a friend in Wichita Falls, Charlie Moeller. He asked if I wanted a large mesquite root ball that had been dug up by a bulldozer. I said, "Why not?"—despite living in North Carolina at the time. The root ball sat in Mom's backyard for six months before I was able to get it to my friend David Hoenig's shop in Denton. We trimmed and partially hollowed it, hoping I could fly it back to North Carolina in a suitcase. When it didn't fit, I packed it in a heavy-duty box and checked it at the airport.

While standing in line to board the plane, I noticed the root ball and box lying on the tarmac —it had rolled off a cart. I began to think there was no way it would make the flight.

Upon landing in Greenville and waiting at baggage claim, I heard a loud noise. To my disbelief, the torn box came sliding down the carousel with the root ball tumbling behind it. TSA had opened the box and left a note inside.

After letting the wood acclimate for another six months, I turned it on the lathe and filled its natural cracks with turquoise. It became one of my favorite pieces.

***T**oday, I enjoy sharing what I've learned. I teach private woodturning lessons and lead weeklong beginner classes at the John C. Campbell Folk School in Brasstown, NC. Most of my students have never touched a lathe before, but by the third day, they're already creating some impressive pieces. My good friend David Hoenig joins me as an assistant.*

A few years ago, my sister's friend, Denise Smith Yankee, asked if I had ever made a wooden football. I hadn't—but I was intrigued. The idea sat dormant for a year until Denise brought it up again. I joked, "You don't need one football—you need two." That conversation launched one of my most rewarding and fun projects.

Each football is crafted from 239 individually cut pieces of American hardwood. The segments are glued into rings, which are then joined together to form the shape of the football. It's hollowed out to feel more like a real football than a solid piece of wood. I add engraved stitching, walnut valve stem, and maple laces. Today, I'm licensed with both Ohio State University and Texas A&M, with additional schools in progress. These handcrafted pieces have found enthusiastic fans among coaches, collectors, and alumni.

In the shop, my loyal companion Rudy—an English Cream Golden Retriever—keeps me company. Despite what many assume, he's not named after my teacher. He was born on Christmas Day, so we named him Rudolph. But the connection feels just right. Rudy has strong opinions about sawdust and is firmly convinced that squirrels don't belong in the yard.

One of my biggest breaks came after Hurricane Helene, when an ambrosia maple tree fell behind our house. A friend helping with cleanup brought it to me, and I immediately saw its potential. I turned several hats from that wood and began sharing them on social media.

The response was incredible. Powermatic, a premier woodworking tool company, reposted my work and sent a crew from California to film a feature about me. That exposure led to a call from Fox & Friends, inviting me to appear on their "Made in America" segment. On July 12, 2025, I appeared live on Fox & Friends Weekend. It was a surreal and exciting experience.

Kevin appeared live on *Fox & Friends Weekend* in July on their *"Made in America"* segment!

If you've ever been curious about woodturning, now's the time to explore. Join a local club like the Golden Triangle Woodturners in Denton or reach out to me or David Hoenig. You don't have to be a pro to start—just bring your curiosity. You might be surprised by what you can create from a simple block of wood.

Congratulations to the 2025 MISD Retirees!

Cheryl Presnall

Cheryl Presnall, Fourth Grade Teacher at Muenster Elementary, has announced her retirement after 34 years in education, with 25 of these years at Muenster ISD. Mrs. Presnall grew up in Nazareth, Texas. She graduated from Nazareth High School in 1984. She graduated from West Texas State University in 1989 with a Bachelor of Science in Education.

Cheryl spent several years in Claude, Texas teaching fifth and third grades before moving to Muenster. She was hired as a fourth grade teacher in 2000, along with her husband as coach and teacher. As well as teaching, she spent a few years co-directing the Elementary UIL, leading them to district champs and runners-up. During her many years in this position, she has grown to love the town of Muenster and the children she has taught and loves to call Muenster her home.

She has been married to Jeff Presnall for 36 years. They have two sons, Shane Presnall of Atlanta and Dr. Landon Presnall of New York City, both graduates of Muenster High School. She loves traveling and going to Broadway plays in Dallas with her husband. She is looking forward to spending more time with her family and volunteering. Mrs. Presnall will be missed at Muenster Elementary. We wish her a wonderful and happy retirement.

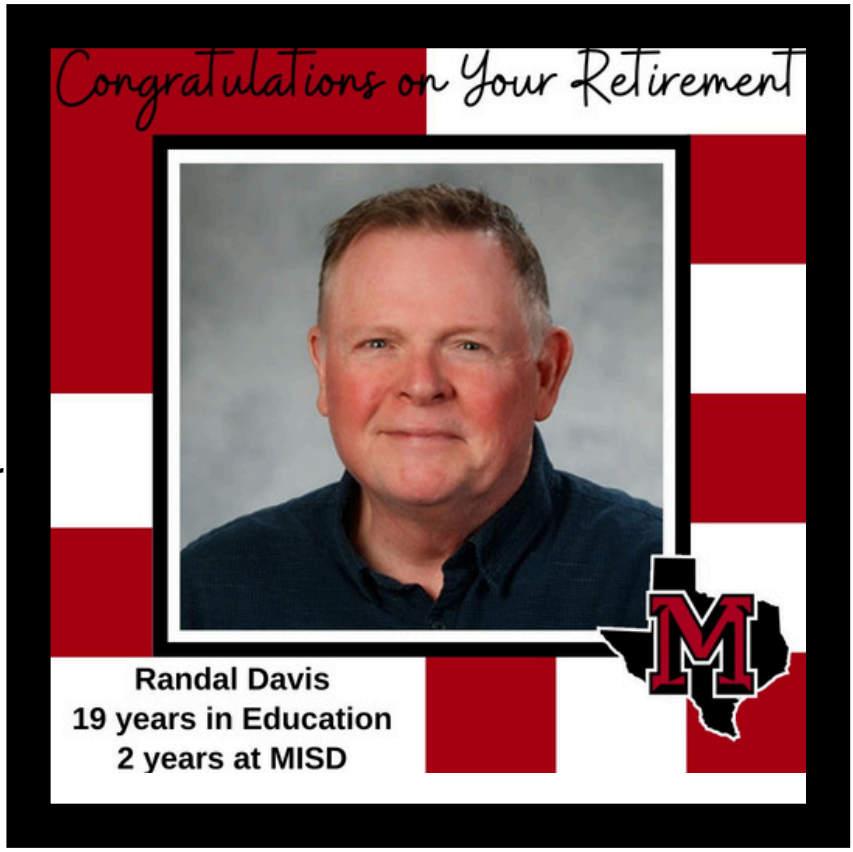

Randall Davis

Randy Davis has been in education for 19 years. He started out in Azle ISD, where he taught for 8 years in its Special Education Department. During his time in Azle ISD, Randy taught at whichever campus district decided they needed him. After his time at Azle, Mr. Davis moved to Weatherford ISD in 2014, where he worked with the Special Education department and taught inclusion at the Bridge Academy.

In 2023, Randy started at Muenster ISD as the Spanish 1 and 2 facilitator. Mr. Davis has filled many other positions while at Muenster. He has taught Ag, World Geography, and US History. Mr. Davis taught wherever he was needed. Randy has also served as a class sponsor and a prom chaperone.

Mr. Davis is planning on spending more time with his family and enjoying his retirement. He will be missed by the students and staff at Muenster High School. We wish him a wonderful and happy retirement.

Molly Sicking

After devoting 29 years of working with students, most of them at Muenster ISD, Molly Sicking has decided to retire. During her career in education, Mrs. Sicking helped many students find their way through the science department and biology. She also helped many of those young adults find their way through life.

As a native of Muenster, it is only fitting that the last 23 years of her 29 year career were in Muenster ISD. Mrs. Sicking is able to boast a Mastery record for her Biology students STAAR exams, that any teacher would be proud of, and many strive for. She pushed all of her students to succeed at what made them happy and always coached them up to be the best human beings that they could be. Her impact on the students and community of Muenster will be felt far into the future.The significance and influence that she brought to the students and staff at Muenster High School will be sorely missed. We wish her a wonderful and happy retirement.

Kyle Cavitt with High School Principal, Monte Sewell

Cheryl Presnall with Elementary Principal, Debra Sicking

Amy Anderle - 25 years, Brady Carney & **Dyan Fisher Huchton '92** - 15 years, Carol Cook - 20 years, **Kami Klement Creed '03** - 5 years, Beth Saucer - 20 years, and Cheryl and Jeff Presnall - 25 years

SECONDARY TEACHER SPOTLIGHT....
CODY MARTINDALE

Cody Martindale and family.

I am Cody Martindale, and I am originally from Valley View, Texas. Being from a small town, I grew up very involved in both agriculture and athletics. The agricultural side of it led me to Texas A & M University where I earned my degree in Agricultural Education. While at Texas A & M, I held the unique job of working at the University Dairy milking 117 cows daily.

My teaching career started in Gruver, TX, 567 miles away from Texas A & M, where Muenster Alumnus **Terry Felderhoff** gave me my first job coaching. After a couple of years, I made my way back to my hometown of Valley View where I served as the head basketball and track coach. After that, I took a few years off from education and owned and operated a residential construction company but felt a strong call to return to the classroom to help students learn real-world skills that would benefit them for life.

My wife Kristin and I have been married for 19 years, and we have three daughters, Pressley (15), Hadley (12), and Brynli (10). Outside of education, we enjoy camping as a family. We have traveled to places like Disney World, Big Bend, and Yellowstone in our camper. I am a massive Aggie fan, and our family loves going to multiple sporting events each year.

Elementary Teacher Spotlight.... Holly Mullins '97

I am **Holly Mullins '97**, born to Phil and Pauline Mullins, and I am the youngest of three children (**Marcy '90** and Darrell). I was born and raised in Muenster and proudly graduated from Muenster ISD in 1997.

My early years were shaped by many great teachers including Bob Gross, Nancy Perryman, Mary Dangelmayr, Robert McDaniel and Martha Koesler. My love of the arts was cultivated by the late Mrs. Taylor, former MISD band teacher. She listened and worked with me patiently for three years in band class before she begged the administration for an art class for people like me that were not so musically inclined. Who would have known that one day I would have the opportunity to be THAT art teacher?

I began my higher educational career at NCTC earning an Associate of Science degree with hopes of working in a medical environment. I enrolled at Tarleton State University and after two years, I decided to move home. With no clear path in site, I took a year to figure out my next steps. My mom saw an ad in the paper for an Elementary Art Aide. Not knowing what that entailed, I met with **Lou Dyer Heers '80**, elementary principal, and after that meeting, I knew this was a good fit for me! Not having a background in education, I looked to those around me for guidance, Lou Heers, Patsy Bayer, **Kay Fette Hickey '62**, Vicki Boaz, along with several other ladies I still work with today.

After 10 years in the capacity of Aide, I took the plunge and earned my bachelor's degree from Texas Woman's University and then received my official teaching certificate. In the classroom I am always looking for fun ways for my students to learn. I have them create using recycled materials. We have replicated the sock bunny project (a project from the 90s), and I proudly display my original sock bunny from Mary Danglemayr's art class.

In 2014, wanting to give back to Muenster ISD, **Marcy '90** and I joined the PTO and in 2015, we joined forces as Co-presidents. The PTO gave back to the school, but in turn, it gave me special time with my family. My mom, dad, aunts, uncle and cousins were always willing to lend a hand, and it allowed them to socialize with others, which they truly enjoyed. I am still a part of and am staying busy with the PTO today.

In my free time, I enjoy road trips as there are so many nearby places to explore. Some of my favorite adventures include seeing the elephants at The Endangered Ark, visitingthe Dallas Arboretum and Wichita Mountains, and exploring the history of cemeteries (a project introduced to many of us by Mr. McDaniel). I also enjoy gardening, thrift shopping, taking my dog Sam for rides, cuddling with my cats, Fatty and Tinkerbell, photography, and fishing with my boyfriend Michael.

Having FUN in Art!

A dynamic duo: **Marcy** & **Holly Mullins**!

Enjoying family time while working the concession stand!

Phil and Pauline were always eager to lend a hand!

WELCOME!

Emma W has served on the Student Council and as class president. She has been involved in National Honor Society since her sophomore year, serving as historian her junior year and president her senior year.

She has been very active in UIL, participating in Editorial Writing, Copy Editing, and Spelling and Vocabulary. Between these three events, she advanced to state three years, earning several awards at the state meet.

Over these years, she has placed 3rd, 5th, and 4th in editorial writing and was part of the 2nd place team her freshman and sophomore years and 1st place team her junior year for spelling and vocabulary.

Emma was also involved in sports. She advanced to state in cross country her freshman, sophomore, and junior years. She placed 9th at the state meet her freshman year, placed 3rd her sophomore year, and placed 7th her junior year. She helped bring her team to a 4th place finish at state her sophomore and junior years.

In track, she advanced to state her freshman and junior years, placing 6th and 8th respectively. She was also part of the softball team.

She plans to attend North Central Texas College for a year to complete her Associate's Degree before transferring to another college to pursue a career as a Physical Therapist Assistant.

Zach has competed in UIL accounting and social studies from freshman to senior year. He has been involved in student council, serving as treasurer and class representative.

He was also involved in several sports in his time at Muenster. He played football all four years of his high school career. During his Junior year, he earned All-District Honorable mention.

During his senior football season, he was part of the 2024 2A division 2 state championship team. This year, he was awarded 2nd Team All-State Academic, 1st Team All-District, and 1st Team All-State. In addition to football, he also participated in Powerlifting, in which he competed at the regional meet two years and medaled his senior year. In p owerlifting, he was also awarded the Academic All-State Elite Team.

After high school, Zach will be attending Texas A&M University to study Mechanical Engineering and plans to pursue a career in Automotive Design.

NORTH TEXAS GIVING DAY
SPONSORED BY amazon

North Texas Giving Day is your one-stop shop to supporting local nonprofits. Their mission is to empower nonprofits and encourage donors by providing a platform and resources that connect givers with the North Texas causes that matter most to them. We would love you to join us in supporting **Muenster Independent School District Education Foundation**. Donations can be made starting August 28 through September 18. Thanks for your support!

Muenster ISD EDUCATION FOUNDATION

Supporting the Tradition of Success

KEEP "THE HORNET HIVE" ALIVE!

Greetings, Hornet alumni!

We hope this newsletter finds you well! As you know, the Education Foundation is here to support our educators and our students of Muenster ISD. And with that, we want to share the happenings of our school by way of our newsletter. Unfortunately, as with everything else, the cost of publishing "The Hornet Hive" has increased. The MISD Education Foundation sends out this newsletter twice a year, an end-of-summer and a winter edition.

At one of our meetings, we spent a great amount of time brainstorming possible solutions. An idea that we all agreed upon was creating a page for ads. The ad would be 1" x 2" and cost $200 for the year; $100 for the end-of-summer edition and $100 for the winter edition. This ad could be from a business, an organization, an individual wanting to show support of the newsletter, or simply "in memory of" or "in honor of" a loved one.

Purchasing an ad is a tax-deductible gift that will greatly help with the cost of publishing the newsletter. The MISD Education Foundation's main goal is to assist teachers in their efforts to implement programs that enhance the learning of their students through instructional grants. However, "The Hornet Hive" is an excellent way for us to promote our school and alumni, and it is our wish to see that this continues. Please email foundation@muensterisd.org with your desire to purchase an ad. You will then receive an email in return with an attached form to be completed. Enclose form and payment in an envelope and mail it to:

The MISD Education Foundation
PO Box 608
Muenster, TX 76252

You can also simply drop off your information at:

MISD Administration Building
113 E. 7th Street
Muenster, TX 76252

Your consideration and support in this matter are greatly appreciated!

Wayne '67 & Tudor '69

Eric & Lia Hellman Class of 2010

Damian '87 & Deanna '89 Hellman

John '70 & Mary Dangelmayr

Thank you for your kindness and generosity in purchasing an ad to help defray the cost of publishing The Hornet Hive! If a business or individual is interested in helping with this cause simply email Lou Heers at foundation@muensterisd.org
