

## Upland High School Celebrates New Athletic Facilities

Upland Unified is committed to maintaining safe, well-maintained facilities across the District's 14 campuses. On February 18, Upland High School celebrated the completion of upgraded athletic facilities, including new artificial turf baseball and football fields and scoreboard. These improvements were made possible through the generous support of valued community partners, reflecting a shared investment in student opportunities and school pride.

## Upland Unified Shines in 2025 California School Dashboard

Upland Unified continues to demonstrate strong student outcomes and a commitment to excellence across the District. With a graduation rate of 96.1 percent, earning a Blue designation on the California School Dashboard, our students are achieving at high levels and staying on track for future success.

Notably, African American students achieved a 100 percent graduation rate in 2025, reflecting our ongoing focus on equity and ensuring every student thrives. Academic progress remains a priority, with Districtwide English Language Arts scores increasing by 4.3 points in the 2024-25 school year. At the same time, suspension and chronic absenteeism rates declined, highlighting the positive impact of supportive learning environments and strong student engagement.

Upland High School has earned Blue and Green ratings across all Dashboard indicators for the second consecutive year, scoring at the two highest performance levels on the California School Dashboard. UHS was named a 2025 California Distinguished School for accelerating academic progress within historically underserved groups, demonstrating achievement for all students that is above the state median, and sustaining academic performance for all students.

## Upland Unified Signature Identities Inspire Excellence

Upland Unified is proud to offer expanded academic options, including Baldy View Elementary Dual Language Immersion Academy, which provides Spanish-language instruction through a 90/10 model, helping students become bilingual, biliterate, and bicultural.

Upland Elementary and Upland Junior High will merge in the 2026-27 school year to form Upland Academy of Arts and Communications, a TK-8 magnet school that combines creativity and rigorous academics to support authentic student expression.

Foothill Knolls STEAM Academy of Innovation is a TK-8 magnet school that is committed to project-based learning, design thinking, and real-world exploration that prepares students for a limitless future.
