What is Title 1 & Family Engagement?

1

Title 1 is a federally funded program used to help students reach achievement goals. It is determined by free or reduced lunch numbers in a school.

2

Title 1 provides extra educational assistance beyond the regular classroom instruction. Title 1 schools in our district are school-wide programs meaning funds are used to support all students.

3

Title 1 provides supplemental support through staffing, learning materials, supplies and professional development.

4

Title 1 funds are reserved for family engagement at each school. Families have input on how family engagement money is spent each year based on SURVEY results and annual meeting outcomes.

5

Title 1 requires that a FAMILY ENGAGEMENT PLAN is developed jointly with staff and families to address ways families can be involved and collaborate with schools to improve student academic achievement.
Walla Walla District Family Engagement Plan

6

Title 1 also requires that a SCHOOL COMPACT is developed by staff and families to address how schools will: communicate with families, provide decision making opportunities, and encourage partnerships.

7

When parents and schools work together students:
Earn higher grades
Enroll in higher level programs
Adapt better to school and attend regularly
Have better social skills and behavior
Graduate and go on to higher education
