

# RTR SCHOOL DISTRICT Preschool Program

Greetings from RTR Elementary!

We are beginning our preparation for our 2026-2027 school year and we are eager to have your preschooler join us! The RTR preschool program prides itself in creating a caring and nurturing environment for our youngest learners. Our goal is to provide an opportunity for our children to grow socially, emotionally, and academically.

Our program will combine play and academics at a developmentally appropriate level for your child. We recognize the importance of a strong early childhood learning experience and we are confident that we can provide that for your child here at RTR. Through well-balanced programming we will provide a strong foundation for each child so they are ready to transition to Kindergarten and continue their educational journey successfully.

We will work to provide hands-on activities that encourage the development of your child in the following areas:

- Gross and fine motor skills
- Language development
- Academic readiness
- Creative play opportunities - encouraging social development

Please take a close look at the attached registration options and choose the option that best fits the needs of your family. If you have questions or wish to discuss our program in more detail, please do not hesitate to call us here at the elementary school. We would gladly explain our program to you and help you decide what option may be best for your child!

Thank you for choosing RTR Preschool for your child. We pledge to work together with you to ensure that you and your child have a positive early childhood educational experience. We are excited for the opportunity to help children grow and learn this upcoming school year! Please complete the attached enrollment information and feel free to call with any questions you may have.
