Public Relations

4100

The District shall strive to maintain effective two-way communication channels with the public.

Such channels shall enable the Board and staff to interpret the schools' needs to the community and provide a means for citizens to express their needs and expectations to the Board and staff.

The Superintendent shall establish and maintain a communication process within the school system and between it and the community. Such a public information program shall provide for news releases at appropriate times, arrange for news media coverage of District programs and events, provide for regular direct communications between individual schools and the citizens they serve, and assist staff in improving their skill and understanding in communicating with the public.

Community opinion may be solicited through parent organizations, parent-teacher conferences, open houses and other such events or activities which may bring staff and citizens together.

Public Participation in Board Meeting

4105

All regular and special meetings of the Board shall be open to the public, but any person who disturbs good order may be required to leave.

During all regular meetings and board public hearings, the Board of Trustees encourages all members of the District community to express their ideas and concerns on agenda items. The comments of the community will be given careful consideration. In the evaluation of such comments, the first priority will be District students and their educational program. Public input on agenda items shall not be on any subject matter that would compel the Board to enter into executive session. The Board shall make a determination as to whether or not the desired subject matter requested for public input is related to the Board's agenda and/or if a matter would require executive session.

The Board may offer the ability to attend their meeting remotely, including the ability to submit patron input electronically ahead of time at a time and in a manner identified by the Board. Such electronically provided input shall be provided to the trustees and made a part of the minutes.

Addressing Complaints and Grievances

Due to their sensitive nature, comments and complaints about personnel or individual students cannot be heard in open session. Additionally, other topics described in Policy 1500 may only be appropriate for executive session and all grievance processes shall be followed before the Board may entertain such subject matter. The Board shall determine whether a public comment is appropriate in open session and notify the commenter if it is not.

Any complaint about the District on these or other topics; including instruction, discipline, District personnel policy, procedure, or curriculum; should be referred through proper administrative channels before it is presented to the Board for consideration and action. All complaints should be resolved through proper channels in the following order:

1. Teacher or staff
2. Principal or supervisor
3. Director or administrator
4. Superintendent
5. Board of Trustees.

Please also see District Policy No. 4110 Public Complaints and Suggestions.

Complaints or grievances on topics that may only be considered in executive session will only be heard by the Board in accordance with the applicable grievance or complaint policy. Such executive session may be arranged in advance and included on the agenda as described in Policy 1500 and Procedure 1500P.

Rules and Process for Public Comment

Members of the public will not be recognized by the Chair as the Board conducts its official business except during the Board's scheduled comment periods during regular meetings and public hearings of the Board. The Board will listen to the public but, at the same time, expects the public to listen and speak only when properly recognized. The Board may take public comment on items on the Board's agenda before action items and reserve space at the end of the meeting for public comment on items not before the Board for discussion or action.

At each regular meeting of the Board the agenda shall provide time for public comment before the Board on agenda items or at public hearings of the Board. At special meetings of the Board, the Board may accept public comment. Public comment will be accepted before the Board addresses action items on District business, including items on the consent agenda. Persons wishing to

address the Board at a regular meeting or public hearing on agenda items will be required to submit a “Request to Address the Board” form. Forms are available from the Board Clerk and will be available at each meeting.

The Board shall ensure that members of the following groups, listed in no particular order, are given priority to participate in Board meetings:

1. Students who attend a District school.
2. Parents/guardians of such students.
3. District employees; and
4. People who reside within the District.

Attendees who do not belong to any of these groups will only be allowed to speak after members of the groups listed above have provided comment and only if there is still time available within the public comment period.

To be efficient and effective, long board meetings will be avoided. As such, total time allotted for public comment will not exceed 30 minutes. Public participation will be limited to the time allotted on the agenda. Each speaker will be limited to three to five minutes. A speaker can supplement their comments with additional information provided in writing if they wish. Public comment will only be taken action items scheduled on the Board’s agenda at a regular meeting of the Board or during a Board public hearing. Should a large number of the members of the public wish to speak on the same issue or topic, members of the public are encouraged to select one or more representatives to summarize their position. Additionally, the Board clerk will accept written comments on agenda items for regular meetings and Board public hearings for distribution to the Board. The Board may decline to hear repetitive comments.

Written comments for Trustees must be submitted to the Board Clerk. The written comments must include the name, address, and telephone number of the person submitting it. A copy of the materials that meet requirements will be forwarded to the Trustees if received by 3:00 pm the Thursday preceding the Board meeting. Materials should not be sent directly to Trustees. Materials may be presented or mailed to the Board clerk at P.O. Box 304, Challis Idaho 83226 or emailed to the Board clerk at kim@d181.k12.id.us.

If a topic is being considered by a committee established for that purpose, the Chair may refer the public comment to that committee.

Because of the diversity of issues that may be commented on and the confines of the Open Meeting Laws, Trustees will not respond to public comments nor engage in discussion with individuals or entities presenting public input. Instead, issues may be recorded and referred to the proper staff person for follow-up and/or considered by the Board in addressing the pending agenda items through open discussion or voting. The Chair may interrupt or terminate an individual’s statement when it is too lengthy, abusive, obscene, repetitive, irrelevant, threatening to any individual, or if they are going off topic from an item listed on the agenda during a public comment period reserved for agenda items. These restrictions shall be applied narrowly and equally, regardless of the speaker’s opinions or viewpoint. The Board shall have the final decision in determining the appropriateness of all such rulings.

Nothing in this policy shall prohibit the removal of any person who, in the judgement of the Board Chair, willfully disrupts a meeting to the extent that orderly conduct is seriously compromised. Defamatory or abusive remarks are always out of order, and any person may be removed from the meeting if they are engaging in illegal conduct. The presiding officer may terminate the speaker’s privilege of address if, after being called to order, the speaker persists in improper conduct or remarks.

If a special meeting has been held to obtain public comment on a specific issue, the Chair of the Board may choose not to recognize speakers wishing to comment on the same topic at a regular

meeting of the Board.

A PERSON WHO DISRUPTS THE EDUCATIONAL PROCESS OR WHOSE PRESENCE IS DETRIMENTAL TO THE MORALS, HEALTH, SAFETY, ACADEMIC LEARNING, OR DISCIPLINE OF THE PUPILS OR WHO LOITERS IN SCHOOLS OR ON SCHOOL GROUNDS, IS GUILTY OF A MISDEMEANOR.

Any complaint about the District, including instruction, discipline, District personnel policy, procedure, or curriculum, should be referred through proper administrative channels before it is presented to the Board. All complaints should be resolved through proper channels in the following order:

1. Teacher or Staff
2. Principal or Supervisor

You will have the floor a maximum of five minutes.

The Board of Trustees encourages input from the public. If you want the Board to receive more information than time permits, please reduce your concerns to written form and send them to the Board Clerk. All individuals appearing before the Board are expected to follow these guidelines:

1. Address the Board only at the appropriate time as indicated on the agenda and when recognized by the Board Chair.
2. Identify oneself and be brief. Comments shall be limited to five minutes. In unusual circumstances, and when an individual has made a request in advance to provide public comment for a longer period of time, the individual may be allowed to speak longer if approved by the Chair.
3. The Board Chair may shorten or lengthen an individual's opportunity to speak. The Chair may also deny an individual the opportunity if the individual has previously addressed the Board on the same subject within the past two months.
4. Speakers who are District students, parents/guardians of District students, District employees, and District residents will be given priority over speakers who are not members of any of these categories. Attendees who do not belong to any of these groups will only be allowed to speak after

members of these groups have provided comment and only if there is still time available within the public comment period.

5. The Board Chair shall have the authority to determine procedural matters regarding public participation not otherwise defined in Board policy.
6. Patrons and community members who are unable to attend meetings in-person, are encouraged to submit public comment in writing. The Board Clerk will provide written comments to the Board during the period of public comment.
7. Presentations are to be civil and respectful. Public input shall not disrupt the public meeting. There shall be no intimidation against the Board, members of the Board, school employees, or students of the District. Shouting, loud statements, threats, name calling, profanity, or other improper conduct is strictly forbidden. Individuals engaging in inappropriate conduct will be asked to leave the meeting. Nothing in this policy shall prohibit the removal of any person who willfully disrupts a meeting to the extent that orderly conduct is, in the determination of the Board Chair, seriously compromised. Any person otherwise engaged in illegal conduct at the meeting may also be removed. Failure to leave may result in law enforcement intervention.

Public Complaints and Suggestions

4110

The Board is committed to providing an effective means for parents and the community to voice concerns and offer suggestions to improve the operation of Challis School District. The Board also strives to resolve matters raised by members of the school community whenever possible. To this end, the Board has established the following process to address concerns, complaints, and suggestions that do not fall within the scope of:

1. Any District complaint policy;
2. Policy 2530 Learning Materials Review; or
3. Any other complaint or appeal process specifically provided in policy.

Each complaint or suggestion shall be considered on its merits.

Suggestions

The Board believes that a continuing two-way dialogue between the schools and the public is necessary. It shall be the policy of the Board to give consideration to suggestions posed to the Board by residents of the District, students of the District and their parents/guardians, and District employees and volunteers. Those wishing to make suggestions should submit them in writing to the appropriate school administrator, to the Superintendent, or to the Board clerk to forward to the Trustees as appropriate.

Complaints

Complaints will be processed according to the step-by-step process outlined below. However, if a person designated to hear a complaint is the subject of the complaint, the process will begin at the next highest step and the process shall be modified as needed to meet the objectives of this policy. If a complaint is directly based on official Board action, the complaint shall be directed to the Clerk of the Board. The complaint may be heard by the Board at the sole discretion of the Board.

Level 1: Address Complaint with Employee Involved or at the Level of the Complaint

The complaint should be received and addressed with the employee involved or at the level closest to which the complaint originated. For example, a complaint regarding a classroom issue should be heard first by the teacher. A complaint regarding the school in general should be addressed first by the building principal.

Any employee receiving a complaint should verify whether the complaint has been appropriately referred to them and, if not, assist the complainant by identifying the appropriate employee to receive the complaint.

Once appropriately referred, the employee should work with the complainant to resolve the issue. If the complainant is unable to resolve the matter with the employee, the employee should direct them to this policy.

Level 2: Principal

If the complaint is not resolved at Level 1, the complainant may provide a written complaint to the building principal stating:

1. The nature of the problem and the date the complainant attempted to address the matter as described in Level 1; and
2. The remedy requested.

It must be signed and dated by the complainant. The written complaint must be filed with the

principal within 60 days of the event or incident, or from the date the complainant could reasonably become aware of such occurrence.

The principal may investigate and attempt to resolve the complaint within 30 school business days. If either party is not satisfied with the principal's decision, the complaint may be advanced to Level 3 by requesting in writing that the Superintendent review the principal's decision. This request must be submitted to the Superintendent within 15 days of the principal's decision.

Level 3: Superintendent

If the principal with whom the complaint was filed in Level 2 is also the Superintendent, the complainant may skip Level 3 and submit an appeal to the Board within 15 days as described in the last paragraph of Level 3.

Upon receipt of the request for review, the Superintendent may schedule a meeting between the complainant, and other parties, and the principal. The complaint and other parties may be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent shall decide the matter within ten days of the meeting and shall notify the parties in writing of the decision.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within 15 days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Level 4: The Board

When the Board receives a written appeal of the decision of the Superintendent in which the complainant alleges a failure to follow Board policy, the matter may be placed on the agenda of the Board for consideration at the earliest time convenient to the Board.

The Board has the sole discretion in determining how to handle the complaint review, including but not limited to the option of solely reviewing the written record and making a determination or seeking to speak with both sides of a complaint during a properly noticed meeting of the Board. A decision by the Board shall be made and reported in writing to all parties within 30 days of the Board's review, whether by written record or via meeting with the parties. The decision of the Board will be final.

Uniform Grievance Procedure

4120

It is the Board's desire that administrative procedures for settling complaints and grievances of any and all persons (i.e., staff, students, patrons, hereinafter "Grievant") be an orderly process within which solutions may be pursued. This policy shall apply to people employed by the District only if their grievance is in their capacity as a parent/guardian or patron. Any other employee complaints shall be resolved as described as specified below.

It is the intent of the Board that this policy will provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each grievant be assured an opportunity for orderly presentation and review of complaints without fear of reprisal.

Grievance Procedure

This grievance procedure should be followed if a grievant believes that the Board, its employees or agents have violated the grievant's rights guaranteed by the State or federal constitution, State or federal statute, or Board policy, except that any allegation of sexual misconduct or sexual harassment shall be addressed in accordance with Policy 3085. As referenced above, staff grievances relating to their employment position are solely controlled by:

1. Policy 5800 and Procedure 5800P in the case of classified staff.
2. Policy 5250 in the case of certificated staff; and

The District will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

Grievances will be processed according to the step-by-step process outlined below. However, if a person designated to hear a grievance is the subject of the grievance, the grievance process will begin at the next highest step and the process shall be modified as needed to meet the objectives of the Grievance Procedure. If a grievance is directly based on official Board action, the grievance shall be directed to the Clerk of the Board. The grievance may be heard by the Board at the sole discretion of the Board.

Level 1: Informal

A grievant with a complaint is encouraged to first discuss it with the employee (teacher, counselor, or building administrator, etc.) involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual misconduct against a student should be addressed in accordance with Policy 3085.

Level 2: Principal

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance, including identification of the state or federal constitutional provision, state, or federal statute, and/or Board policy the grievant alleges has been violated and the Date the grievant attempted to address the matter informally with the employee in Level 1; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the

Principal within 60 days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the Principal shall investigate and attempt to resolve the complaint within 30 school business days. If either party is not satisfied with the Principal's decision, the grievance may be advanced to Level 3 by requesting in writing that the Superintendent review the Principal's decision. This request must be submitted to the Superintendent within 15 days of the Principal's decision.

If the complaint alleges a violation of Title II, Section 504 of the Rehabilitation Act, or a violation of Title IX other than sexual misconduct, the Principal shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint. The Superintendent or appointee shall serve as Nondiscrimination Coordinator and will assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Superintendent within 30 school business days after receipt of the written grievance. The Coordinator may hire an outside investigator if necessary. If the Superintendent agrees with the recommendation of the Coordinator, the recommendation will be implemented. If the Superintendent rejects the recommendation of the Coordinator, and/or either party is not satisfied with the recommendations from Level 2, either party may make a written appeal within 15 days of receiving the report of the Coordinator to the Board for a hearing.

Level 3: Superintendent

If the principal with whom the grievance was filed in Level 2 is also the Superintendent, the grievant may skip Level 3 and submit an appeal to the Board within 15 days as described in the last paragraph of Level 3.

Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the Principal. The parties shall be afforded the opportunity to either dispute or concur with the Principal's report. The Superintendent shall decide the matter within ten days of the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the Principal, the recommendation will be implemented. If the Superintendent rejects the recommendation of the Principal, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within 15 days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, and appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Level 4: The Board

When the Board receives a written appeal of the decision of the Superintendent in which the grievant alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration at the earliest time convenient to the Board.

The Board has the sole discretion in determining how to handle the grievance review, including but not limited to the option of solely reviewing the written record and making a determination or seeking to speak with both sides of a grievance during a properly noticed meeting of the Board.

A decision by the Board shall be made and reported in writing to all parties within 30 days of the

Board’s review, whether by written record or via meeting with the parties. The decision of the Board will be final.

School-Support Organizations

4200

The Board recognizes that parent, teacher and student organizations are an invaluable resource to the District schools and so supports their formation and vitality. While parent, teacher and student organizations have no administrative authority and cannot determine District policy, their suggestions and assistance are always welcome. Membership must be open and unrestricted.

Booster clubs and/or special interest organizations may be formed to support and strengthen specific activities conducted within the school or District. All such groups must receive the approval of the school Principal, Superintendent and the Board in order to be recognized as a booster organization. Staff participation, cooperation and support are encouraged in such recognized organizations.

Approving Activities of Booster Organizations

Booster-proposed plans, projects, or activities must be evaluated and promoted in light of their stated contribution to the curricular as well as the extracurricular programs of the District. Careful consideration must be given to the total value of all students, rather than to specific elements such as team participants.

Annually, booster organizations must submit to the Superintendent or designee their tentative goals and objectives along with their fundraising plans for the next school year for review by the Board. Should the goals and objectives or fundraising plans change during the school year, the Superintendent or designee is to be advised before any final revisions are made.

Booster organizations must abide by all District policies as well as the following:

1. Booster organizations may not use the District's tax ID number;
2. Booster organizations may not accept checks made out to the District. The District may not accept checks made out to the booster organization;
3. District officials should not have a leadership role in booster organizations;
4. Fundraising activities should not occur on District premises or during school hours unless permission has been given by the Superintendent or designee; and

Fund-Raising by School Support Groups

Fund-raising by school support groups is considered a usual and desirable part of the function of such groups. The specific fund-raising activities must be approved in advance by the Principal.

The Principal must be consulted prior to any expenditure of such funds. All such funds raised by school adjunct groups are to be used for the direct or indirect support of school programs. Equipment purchased by support groups and donated to the schools becomes the property of the District and may be used or disposed of in accordance with District policy and state law.

Announcements of booster organization events and activities should clearly indicate that it is sponsored by a group and not the school or District. Groups should warrant that the activities will be adequately supervised.

Financial Records

Booster organizations shall handle their own accounting and bookkeeping procedures and maintain their own separate accounts for income and expenditures. Adequate, auditable financial records shall be maintained at all times.

Booster organizations shall use a fiscal reporting period that begins July 1 and ends June 30. Only elected officers of the booster organization may be authorized to sign checks drawn on the bank account of the organization. Two signatures are required on all organization checks. Persons authorized to sign may not be related nor live in the same house. An employee of the school may not be authorized to sign checks drawn on the bank account of a booster organization operating at that school.

High School Activities Association Regulations

The Idaho High School Activities Association (IHSAA) Rules and Regulations prohibit remuneration of any kind from any source outside the local School Board in return for services rendered in instructing or coaching any high school athletic team. Said prohibition shall also apply to any coach, instructor, or advisor of other teams, clubs, groups, etc. Coaches, instructors, or advisors may receive appreciation gifts from team members, students' parents, or community organizations that do not exceed the value of an IHSAA player award.

Parameters for Use of the District's Name, Logo or Mascot

The use of the District or any school name, logo, or mascot by booster organizations must be authorized by the Superintendent or designee. The Superintendent or designee may revoke the authorization to use the District's name, logo, or mascot if the Superintendent or designee determines that the booster organization has failed to comply with the terms of this policy or any other District policy.

Donations

Any item that a booster organization proposes to contribute to the school must meet all legal requirements, including safety codes. Before accepting any such donation, the Principal must ensure that funding is available to install and maintain all donated equipment, such as playground equipment, in compliance with all safety requirements. All items donated become the property of the District. While the intent of the donation will be considered, the District reserves the right to modify the use if the needs of the students or the District change.

Discrimination

The District and booster organizations may not create a vast difference in benefits or services to female and male athletes and/or students. The District and booster organization must ensure that any contribution by the booster organization does not create a disparity in participation opportunities, equipment, facilities, etc. between males and females.

Community Use of School Facilities

4210

School facilities are available to the community for education, civic, cultural, and other noncommercial uses consistent with the public interest, when such use does not interfere with the school program or school-sponsored activities. Such facilities may also be used for the operation of a senior citizen center. Use of school facilities for school purposes has precedence over all other uses. Persons on school premises must abide by the District's conduct rules at all times.

Student and school-related organizations shall be granted the use of school facilities at no cost. Other organizations granted the use of the facility shall pay fees and costs. The Superintendent shall develop procedures to manage community use of school facilities, which shall be reviewed and approved by the Board. Use of school facilities requires the Superintendent's or designee's approval and is subject to the procedures.

Authorization for use of school facilities shall not be considered an endorsement or approval of the activity, person, group or organization nor the purposes they represent.

The administration shall approve and schedule the various uses of the school facilities. A master calendar will be kept in the office for scheduling dates to avoid conflicts during the school year.

Requests for use of the school facilities must be submitted in advance of the event to the District office.

Proper protection, safety and care of school property shall be primary considerations in the use of school facilities. All facility use shall comply with state and local fire, health, safety and police regulations. All individuals using school facilities shall comply with the policies of this Board.

Records Available to Public

4260

Subject to the limitations provided herein, and as provided by law, full access to public records concerning the administration and operations of the District shall be afforded to the public. Public access to District records shall be afforded according to appropriate administrative procedures.

Every person has the right to examine and take a copy of any public record at all reasonable times. All District records except those restricted by State and federal law shall be made available to citizens upon written request for inspection at the Clerk's office.

The Superintendent shall serve, or designate someone to serve, as "Public Records Coordinator" with the responsibility and authority for ensuring compliance with the display, indexing, availability, inspection, retention, and copying requirements of federal law, State law, and this policy. Responsibility and authority for indexing shall include identifying the general subject matter of all public records kept or maintained by the District, the custodian of these records, and their physical location. The identified physical location of the District's records is provided in the Retention of District Records Policy. The Public Records Coordinator shall authorize the inspection and copying of the District's records only in accordance with the criteria set forth in this policy and in compliance with State and federal laws.

A written copy of the Board's minutes shall be available to the general public within a reasonable time after the meeting in which they are approved. Drafts of the Board's minutes are considered to be public records and shall be produced upon request. However, the District shall watermark such public records with the statement "Unofficial Draft Minutes not yet reviewed or approved by Board."

Definitions

A "public record" includes, but is not limited to, any writing containing information relating to the conduct or administration of the public's business prepared, owned, used, or retained by any State agency, independent public body corporate and politic, or local agency regardless of physical form or characteristics. Provided, however, that personal notes created by a public official solely for their own use shall not be a public record as long as such personal notes are not shared with any other person or entity.

A "writing" includes, but is not limited to, handwriting, typewriting, printing, photocopying, photographing, and every means of recording, including letters, words, pictures, sounds or symbols, or combination thereof; and all papers, maps, magnetic or paper tapes, photographic films and prints, magnetic or punched cards, discs, drums, or other documents.

A "Idaho resident" means a person whose domicile has been within Idaho continuously for at least 30 days. This includes domestic entities as provided IC 30-21-102, such as companies and nonprofit organizations that are registered in Idaho but does not include full-time students who are residents of another state. Establishment of residency includes a spouse and dependent children who reside with that person in the domicile.

Records Exempt from Disclosure

In accordance with Idaho Code, the following records shall NOT be subject to public inspection or

copying:

1. Any public record exempt from disclosure by federal or State law or federal regulations to the extent specifically provided for by such law or regulation.
2. Retired employees' and retired public officials' home addresses, home telephone numbers, and other financial and non-financial membership records.
3. Records of a current or former employee other than the employee's duration of employment with the District, position held, and location of employment. This exemption from disclosure does not include the contracts of employment or any remuneration, including reimbursement of expenses. However, all other personnel information relating to a public employee or applicant including, but not limited to, information regarding sex, race, marital status, birth date, home address and telephone number, net pay, applications, testing and scoring materials, grievances, correspondence, and performance evaluations shall not be disclosed to the public without the employee's or applicant's written consent.
4. Records relating to the appraisal of real property, timber, or mineral rights prior to its acquisition, sale, or lease by the District.
5. Any estimate prepared by the District that details the cost of a public project until such time as disclosed, or bids are opened, or upon award of the contract for construction of the public project.
6. Records of any risk retention or self-insurance program prepared in anticipation of litigation, or for analysis of, or settlement of potential or actual money damage claims against the District or its employees except as otherwise discoverable under the Idaho or federal rules of civil procedure. These records shall include but are not limited to claims evaluations, investigatory records, computerized reports of losses, case reserves, internal documents, and correspondence relating thereto. At the time any claim is concluded, only statistical data and actual amounts paid in settlement from public funds shall be deemed a public record unless otherwise ordered to be sealed by a court of competent jurisdiction. Provided however, nothing in this subsection is intended to limit the attorney client privilege or attorney work product privilege otherwise available to any public agency or independent public body corporate and politic.
7. Computer programs developed or purchased by or for the District for its own use. As used in this subsection, "computer program" means a series of instructions or statements which permit the functioning of a computer system in a manner designed to provide storage, retrieval, and manipulation of data from the computer system, and any associated documentation and source material that explain how to operate the computer program. This does not include:
 - A. The original data including but not limited to numbers, text, voice, graphics, and images;
 - B. Analysis, compilation, and other manipulated forms of the original data produced by use of the program; or
 - C. The mathematical or statistical formulas that would be used if the manipulated forms of the original data were to be produced manually.
8. Personal information from any file maintained for students. Information from student records shall be disclosed only in accordance with the requirements of the Family Educational Rights and Privacy Act, Idaho Code, and adopted District policy.
9. Test questions, scoring keys, or other examination data used to administer academic tests.
10. Records relevant to a controversy to which the District is a party, but which records would not be available to another party under the rules of pretrial discovery for cases pending

resolution.

11. Records of buildings, facilities, infrastructures, and systems when the disclosure of such information would jeopardize the safety of persons or the public safety. Such records may include emergency evacuation, escape, or other emergency response plans; vulnerability assessments; operation and security manuals; plans; blueprints; or security codes.

However, all personnel records of a current or former public official reflecting public service or employment history, classification, pay grade and step, longevity, gross salary and salary history, status, workplace, and employing agency are subject to public inspection and copying.

If the record requested for inspection and/or copying contains both information exempted from disclosure and nonexempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide a written explanation for the deletion.

Response to Requests

The District shall require that a public records request be submitted in writing upon a form prescribed by the District with the requester's name, mailing address, email address, telephone number, and a written declaration attesting or affirming under oath whether the requester is an Idaho resident or an employee of an Idaho resident. A request for public records may be conducted by email. The request shall specifically describe the subject matter and records sought, including a specific date range for when the records sought were created. The request shall be as specific as possible, describing the records sought in enough detail to let the Public Records Coordinator find the records with reasonable effort. The District may provide the requester information to help narrow the scope of the request or to help make the request more specific when the records requested are voluminous or costly.

When an Idaho resident or someone employed by an Idaho resident makes a public records request, the District shall either grant or deny the request to examine or copy public records within three working days of the date of the receipt of the request for public records. If a longer period of time is needed to locate or retrieve the records, the District shall notify the person requesting the records of this and provide the records to such person not later than ten working days following the request.

If a record is requested in electronic format and the record cannot easily be converted to electronic format within the applicant extended number of days, the District shall notify the person requesting the records of this fact and provide them with an estimate of the time necessary to complete the conversion. The documents shall then be provided at a time mutually agreeable to the parties giving consideration to any limitations that may exist regarding electronic conversion.

If the District fails to respond within the shorter applicable period of time described above, the request shall be deemed to be denied. If the District denies the request for examination or copying the public records or denies in part and grants in part the request for examination and copying of the public records, the Public Records Coordinator shall notify the person in writing of the denial or partial denial of the request for the public record. The notice of denial or partial denial shall state that the attorney for the District has reviewed the request or shall state that the District has had an opportunity to consult with an attorney regarding the request for examination or copying of a record and has chosen not to do so. The notice of denial or partial denial also shall indicate the

statutory authority for the denial and indicate clearly the right to appeal the denial or partial denial and the time periods for doing so.

The Public Records Coordinator is authorized to seek an injunction to prevent the disclosure of records otherwise suitable for disclosure when it is determined that there is reasonable cause to believe that the disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.

Fee Waiver

The District will adhere to its copying fee schedule unless it is determined by the public records coordinator that an Idaho resident or employee of an Idaho resident shows that their request meets the following test:

1. the requester's examination and/or copying of public records is likely to contribute significantly to the public's understanding of the operations and activities of the government;
2. the requester's examination and/or copying of public records is not primarily in the individual interest of the requester including, but not limited to, the requester's interest in litigation in which the requester is or may become a party; and
3. the requester's examination and/or copying of public records will not occur if fees are charged because the requester has insufficient financial resources to pay such fees.

Upon a request that fees not be charged, and the Public Records Coordinator's consideration of the above factors, the Public Records Coordinator shall notify the requester in writing of their decision within ten working days following the request.

If the fee waiver is denied, the requester shall then have seven days to file an appeal of the denial with the Superintendent. The Superintendent shall review the denial and either affirm or reverse the denial of the Public Records Coordinator in writing within ten working days of receipt of the appeal. In the event that the Superintendent is the Public Records Coordinator then the appeal shall be filed within seven days with the Board. At the Board's next regularly scheduled meeting, the Board shall review the denial of fee waiver and either affirm or reverse it. There shall be no further appeal beyond the Board.

The request shall not be fulfilled or prepared, and the time for response will not begin to run, until such time as the final determination as to fees has been addressed and any fees to be charged have been paid.

A requester may not file multiple requests for public records solely to avoid payment of fees. If the District suspects that this is the case, it can aggregate the related requests and charge based upon its copying fee schedule.

Fee Schedule

The copying fee schedule of the District is as follows:

1. The District shall not charge Idaho residents or their employees a fee for the first 100 pages of records or the first two hours of labor in responding to a request.

2. Copies of public records - 5¢ per page [CANNOT EXCEED ACTUAL COST] for all copies except for the first 100 pages or two hours of labor responding to a request by an Idaho resident or their employee.
3. The District will charge for the labor costs associated with locating and copying documents if:
 - A. The request is for more than 100 pages of records;
 - B. The request includes nonpublic information that must be redacted from the public records;
 - C. The labor associated with locating and copying the records exceeds two hours.
 - D. The request is made by someone who is not an Idaho resident or an employee of an Idaho resident.
4. The fees for labor associated with responding to a public records request shall be charged at the per hour pay rate of the lowest-paid administrative staff employee of the District who is necessary and qualified to process the request.
5. The fees associated with redactions required to be made by an attorney employed by the District shall be charged at the lowest-paid hourly rate of the lowest paid attorney employed by the District or, if there are no attorneys employed by the District, the rate shall be no more than the usual and customary rate of the attorney retained by the District.
6. Copy of a duplicate computer disc or similar record system the fee shall not exceed:
 - A. The District's cost of copying the information in that form;
 - B. The District's cost of conversion, or the cost of conversion charged by a third party, if the electronic record must be converted to electronic form.

Fees shall be collected in advance. The District shall provide requesters with an itemized statement of fees to show the per page costs for copies and the hourly rate of employees and attorneys involved in responding to the request.

Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law occurring during school hours or at school activities. Where there is substantial threat to the health and safety of students or others such as in the case of bomb threats, mass demonstrations with threat of violence, individual threats of substantial bodily harm, trafficking in prohibited drugs or the scheduling of events where large crowds may be difficult to handle, the law enforcement agency shall be called upon for assistance. Information regarding major violations of the law shall be communicated to the appropriate law enforcement agency.

The District shall strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective and school authorities shall be established. Such procedures shall be made available to affected staff and periodically revised.

Visit to District Property by Sex Offenders

4420

The Challis School District recognizes the danger sex offenders pose to student safety. Therefore, the district implements this policy in an effort to protect students while under the control and supervision of the District.

For purposes of this policy, “school property” means school buildings, District buildings not being used as a school, vehicles used for school purposes, any location being utilized during a school athletic event or other school-sponsored event, properties posted with a notice that they are used by a school and school grounds.

School districts shall post a notice, as required by Idaho Code, and shall be at least 100 square inches, be placed at commonly used entrances to the property, and contain the following statement:

“This property is used by or as a school. Pursuant to IC § 18-8329, registered sex offenders only have limited rights to enter upon or be near school property. Please contact the school district at (208) 879-4231 or your probation/parole officer for more information.”

State law prohibits a person who is currently registered or is required to register under the sex offender registration act to:

1. Be on or remain on the premises of a school building or school grounds, or upon other properties posted with a notice that they are used by a school, when the person believes children under the age of 18 years are present and are involved in a school activity or when children are present within 30 minutes before or after school activity
2. Loiter on a public way within 500 feet of school grounds or a school building when children under the age of 18 years are present
3. Be in any vehicle owned, leased or contracted by a school to transport students to or from school or school-related activities when children under the age of 18 years are present in the vehicle
4. Reside within 500 feet of a school, measured from the nearest point of the exterior wall of the offenders’ dwelling unit to the school’s property line, unless the person’s residence was established prior to July 1, 2006

Items 1 and 2 from the list above shall not apply when the person:

- a. Is a student in attendance at the school
- b. Resides at a state licensed or certified facility for incarceration, health care or convalescent care
- c. Is exercising their right to vote in public elections
- d. Are taking delivery of their mail through an official post office located on school grounds
- e. Has contacted the District Office to obtain written permission from the District to be on the school ground or upon other property posted with a notice that the property is used by a school
- f. Stays at a homeless shelter or resides at a recovery facility if such shelter or facility has been approved for sex offenders by the county sheriff or municipal policy chief

[Note: These provisions are required for an individual who is dropping off or picking up a student and is the student’s parent or legal guardian; is attending an academic conference or other scheduled extracurricular event; or is temporarily on school grounds, during

school hours, for the purpose of delivering mail, food, or other items.]

An individual seeking written permission as outlined above must contact the District at least 10 workdays prior to the first visit. In determining whether to grant written permission as provided above, the District may, in its discretion, consider the nature of the offense committed, the time since an offense has been committed, the safety of the students, the likely disruption caused by the individual's access to the property, or any other factor. The District will provide a response to the requesting individual within seven days of receipt of the request.

Sex Offender Registry Notification

The Superintendent or designee shall request notification of registered sex offenders in the same or contiguous zip codes as any school within the District. The request can be made of either the Idaho State Police, the local Sheriff's Department, or the Idaho State Superintendent of Public Instruction. Such request and notification shall be made in accordance with Idaho Code. The information in the sex offender registries is for purposes of protecting the public. It is not to be used for the purpose of harassing or intimidating anyone.

Staff Notification

At the next staff meeting, the building Principal shall disseminate sex offender registry information received. The Principal shall inform staff of the roles and responsibilities of staff in dealing with instances of convicted sex offenders on school property, including, but not limited to, sex offenders on school property without approval, and/or whether a staff member is the school official assigned to escort the sex offender.

When sex offender registry information is disseminated by the Principal, it shall include a notice that such information should not be shared with others and may only be used for the purposes discussed in this policy and in accordance with Idaho Code. Employees who share registry information with others may be disciplined.

Enforcement

Any staff member may request identification from any person on school property. Any staff member shall seek the immediate removal of any person who refuses to provide requested identification.

As circumstances warrant, the District's administrators shall take appropriate action to enforce this policy.

If a sex offender violates this policy, school officials shall immediately contact law enforcement.

Public Gifts/Donations to the Schools

4500

The Board assumes responsibility, within its financial capabilities, for providing at public expense all items of equipment, supplies, and services that may be required in the interest of education in the school units under its jurisdiction. Gifts, donations, grants, or bequests will be accepted, and the action recorded, provided the conditions of acceptance do not remove any degree of control of the school District from the Board and will not cause inequitable treatment of any student(s) or student group(s).

A gift shall be defined as money, real or personal property and personal services provided without consideration. Gifts from organizations, community groups, and/or individuals that will benefit the District shall be encouraged by the District administration. Individuals or groups contemplating presenting a gift to a school or the District shall be encouraged to discuss, in advance, with the building Principal or the Superintendent what gifts are appropriate and needed.

Community groups or individuals may donate equipment to the District. Such equipment shall be added to the District's inventory, provided it is operative at the time of donation and meets an educational purpose of the District.

The District reserves the right to accept or decline any proposed gifts. In determining whether a gift will be accepted, consideration shall be given to District policies, goals, and objective (with particular emphasis on the goal of providing educational opportunities to all students) and adherence to the basic principles outlined in board-approved regulations.

Propositions giving funds, equipment, or materials to the school with a "matching agreement" or restriction are generally not acceptable. Acceptance of donated equipment or materials may depend upon the compliance with the board's policy of standardizing materials and equipment in the District which could restrict gifts purchased by the parent-teacher organizations to individual schools. While the intent of donations will be considered, the District reserves the right to modify the use if the needs of the students or the District change.

Any person or organization desiring to give a gift or make a donation, grant, or bequest to the board should contact the appropriate staff member as indicated by Procedure 4500p Public Gifts/Donations to the Schools. Also, where the appropriateness of a gift is in doubt, the Superintendent will refer the matter to the board for its acceptance or rejection. For example, single gifts of considerable value exhibiting the donor's name or business shall be considered on an individual basis by the board. All conditional gifts must be approved by the board.

Any gift or grant accepted by the board or the Superintendent as its executive officer shall become the property of the board of education and will comply with all state and federal laws.

Crowdfunding

4530

The District recognizes that crowdfunding is a useful tool to assist teachers and other employees in the procurement of funding for specific projects and/or programs. Crowdfunding campaigns have been used with great success to provide revenues for such benefits as classroom supplies, educational programs and activities and community advancement. However, the District also recognizes that unregulated use of employee crowdfunding campaigns that are administered on behalf of the District or an individual school or classroom within the District can subject the District and employees to legal liability.

Purpose

The purpose of this policy is to ensure that crowdfunding campaigns administered by employees in their capacity as District employees or on behalf of the District or to supplement any District programs are effectively regulated and are appropriately used to further the District's objectives and mission.

Definitions

"Crowdfunding campaign" means the practice of raising funds to meet an advertised goal or need by soliciting funds from a large number of people, typically via the Internet.

Prohibition on Unapproved Crowdfunding on Behalf of the District

District employees, including teachers, coaches, staff, and paraprofessionals, may not engage in crowdfunding campaigns in their official capacity as a District employee, on behalf of the District or for the benefit of a District program or activity, without obtaining prior written authorization from the building administrator.

Employees who have not obtained prior written approval pursuant to this policy may not:

1. Solicit funds or items on behalf of the District or an individual school or classroom within the District on a crowdfunding website;
2. Give the appearance of soliciting funds or items on behalf of the District on a crowdfunding website;
3. Use the District's name, logo, mascot, or other identifying information in a crowdfunding post;
4. Link to or reference any of the District's websites or social media sites; or
5. Link to or reference any other sites, platforms, or accounts associated with the District.

Absent prior written approval by the District of a crowdfunding project pursuant to this policy, employees are prohibited from providing any information that would lead a reasonable person to conclude that the funds identified on the crowdfunding website are to be used by the District or for any District purpose or program.

Procedures

Employees wishing to utilize crowdfunding for District purposes or programs are required to obtain written permission to do so by submitting a Crowdfunding Request Form, to the building administrator. Written permission must be received before launching any crowdfunding web page or effort. It shall be the responsibility of building administration to approve or deny all crowdfunding requests. Crowdfunding requests that are incomplete, not submitted in writing, and/or do not meet

the requirements of this policy shall not be considered for approval. Information required to be included in the crowdfunding request includes:

1. The name, job title, school, and contact information for the person overseeing the campaign;
2. The crowdfunding website to be used;
3. The items requested and/or the amount of funds targeted to be raised;
4. The classroom, program, and/or activity to be benefited;
5. The exact language that will be included in the post and/or advertising for the crowdfunding campaign; and
6. The start and projected end dates of the post and/or advertising.

Guidelines for Crowdfunding

- All crowdfunding campaigns involving classroom materials, projects, or resources must be consistent with the District-approved curriculum;
- Before the building administration accepts technology related items, the building administration is responsible for confirming acceptability with the coordinator of technology and media services.
- All crowdfunding campaigns, including the solicitation of donations, online posting, selection of items, and/or use of funds must be consistent with all applicable laws and District policies; and
- All crowdfunding campaigns must have specific, pre-determined beginning and ending dates.
- To the extent that physical property and not funds are solicited, such property shall be delivered directly to the building administrator of the building where the items are to be used and shall be deemed District property, subject to District policies concerning the use and disposal of District property.

Crowdfunding campaigns may not:

1. Include personally identifying information of any District student or otherwise focus on any identifiable student or groups of students;
2. Include pictures of District students on the crowdfunding website or post any personal or biographical information about any individual student or students on the website;

5. Disparage the District or any of its buildings, programs, students, or employees or paint the District or any of its employees, students, or programs in a negative light;
6. Be used for personal gain to the teacher or of any individual other than the District-related benefits associated with the campaign's purpose;
7. Result in funds and/or items being provided or delivered directly to the individual who requested the funds;
8. Solicit funds for items or projects that are religious or political in nature or that have a religious or political purpose;
9. Violate Title IX or any other applicable state or federal law;
10. Be contingent on additional District spending or require "matching" funds from the District or another organization;

12. Contain language that suggests or states that an item or items for which the donations are being sought are required for or otherwise integral to a student's special education program, necessary for a student to achieve his or her IEP goals, or necessary to ensure participation of a student or students with disabilities in school or any program offered by the District.

Requirements for Crowdfunding Sites

All crowdfunding sites that are approved by the District must meet all of the following requirements:

1. The site must be operated by a legitimate corporation or limited liability company with no significant history of fraud, unlawful activity, financial mismanagement, or other misconduct; and
2. The site must have a policy that requires all funds raised by an individual on behalf of the school to go directly to the school, not the individual who posted or advertised the fundraising request.

Additional Requirements and Regulations

Where a crowdfunding campaign requires the electronic transfer of funds, the building administrator in consultation with the business manager shall ensure that such transfer is made properly and in accordance with acceptable standards of practice. Where such transfer cannot be properly achieved, the campaign should not be approved.

The District reserves the right to refuse funds that have been raised through an approved crowdfunding campaign if it discovers that the project violated this policy or was in violation of the crowdfunding site's requirements, policies, or regulations.

The District reserves the right to terminate any pre-approved crowdfunding campaign for any reason or withhold approval for any crowdfunding campaign project for any reason.

Delegation of Responsibility

The Superintendent or designee shall ensure that procedures and guidelines are in place to monitor all crowdfunding requests. Building administrators will be responsible for forwarding all information to their staff. Building administrators are responsible for reviewing all crowdfunding requests and determining the appropriate response. The building administrator or designee shall review any ongoing crowdfunding campaigns to ensure compliance. The District's business manager shall ensure the proper recording and accounting of any funds or items received through a crowdfunding campaign and shall be notified of any unused funds and determine the most appropriate method of expending or returning any unused funds. These duties are intended as a guideline and in no way establish liability on the part of the District if a crowdfunding campaign fails to comply with District policies, state or federal law.

Volunteer Assistance Procedures

The District supports and encourages volunteers in our schools. Volunteers work in cooperation with schools to help in meeting the needs of children and the school staff. The final decision to accept or reject a volunteer applicant rests exclusively with the principal and/or volunteer coordinator. The following procedural guidelines are set with regard to volunteers.

Qualifications and Requirements

The qualifications and requirements of a volunteer include:

1. Being a community member of good standing and possessing an aptitude/interest for working with students and teachers
2. Being dependable and of appropriate character to work with students and teachers
3. Completing a Criminal History Records Check. All volunteers are subject to the background check requirements described in the “Background Check” section of this policy.
4. Reading the District’s policy and procedure regarding volunteers
5. Completing a Volunteer Application provided by the District

Section 3(e) of the Fair Labor Standards Act, 29 U.S.C. § 203(e)(4)(A), provides that individuals performing volunteer services for units of state and local governments will not be regarded as “employees” under the statute if several criteria are met:

1. The employee must perform the voluntary service without promise, expectation, or receipt of compensation for services rendered;
2. Individuals will be considered volunteers only where their services are offered freely and without pressure, direct or implied, from any employer; and
3. The individual may not be employed by the same School District to perform the same type of services as those for which the individual proposes to volunteer.

Additional Requirements

1. Any volunteer who falsifies information on their application will not be eligible for service;
2. Volunteers will work with students in areas designated by school staff
3. Volunteers will treat all students equally regardless of gender, gender identity and expression, sexual orientation, race, religion, or culture and refrain from making any comments that can be construed as racist, sexist, homophobic, transphobic or bigoted
4. Volunteers must refrain from promoting religious doctrines or beliefs, political candidates or parties, or commercial products
5. Disciplinary issues should be referred to the student’s teacher
6. Volunteers may not be in possession of or under the influence of alcohol or illegal substances
7. Smoking or the use of tobacco products is not permitted on school grounds or supervised trips

If a volunteer is unwilling to agree to the requirements of the District’s policy and procedure regarding volunteers, the Principal will inform the applicant that they may not perform volunteer services in the District.

Background Check

The District shall conduct, at District expense, a state criminal records check on all volunteers who:

1. Have any unsupervised contact with students.
2. Have contact with students on a regularly scheduled and/or continuing basis.
3. Have supervisory responsibility for children at a school site or on school-sponsored trips.

The background check shall include, but not limited to, a check of the Idaho Sex Offender Registry. No volunteer shall supervise students or be deemed to have the authority to supervise students, unless the volunteer has been designated to supervise students by the Principal or designee and the volunteer has undergone the required records check.

If the background check reveals evidence of convictions as identified in the list below or other concerns regarding past behavior, the candidate will not be recommended.

2. Found to have sexually assaulted or exploited any minor or to have physically abused any minor
3. Found by a court in a domestic relation proceeding to have sexually abused or exploited any minor or to have physically abused their spouse or any minor

If a criminal background check reveals a conviction or pending charge which substantially relates to the nature of the position and which the candidate failed to disclose as required on the District application form, their application for volunteer assignment may be rejected.

If the criminal background check confirms a conviction or pending charge which the candidate acknowledged on the application form, a determination shall be made, in consultation with legal counsel, on whether to reject the application based upon a consideration of the circumstances of the conviction/pending charge and whether the circumstances substantially relate to the nature of the volunteer duties sought particular position for which the candidate has applied.

Any issues that may arise will be referred to the volunteer coordinator or school principal as appropriate.

All volunteers working in schools will be under the direct supervision of an accountable member of the school's staff. Periodic assessments should be made to ensure volunteers are working productively with students.
