Dear New Lothrop Families,

This is a friendly reminder to complete the Parent Perception Survey before it closes on Friday, March 27.

Your feedback is an important part of our continuous improvement efforts and helps us better understand the experiences of our families. Along with input from students and staff, your responses will guide future planning and help us make informed decisions to best serve our students.

If you have not yet had a chance to participate, we encourage you to take a few minutes to share your thoughts. Your voice truly makes a difference.

Thank you for your continued partnership and support.

Sincerely,
