

A Parent Guide to Student iPads

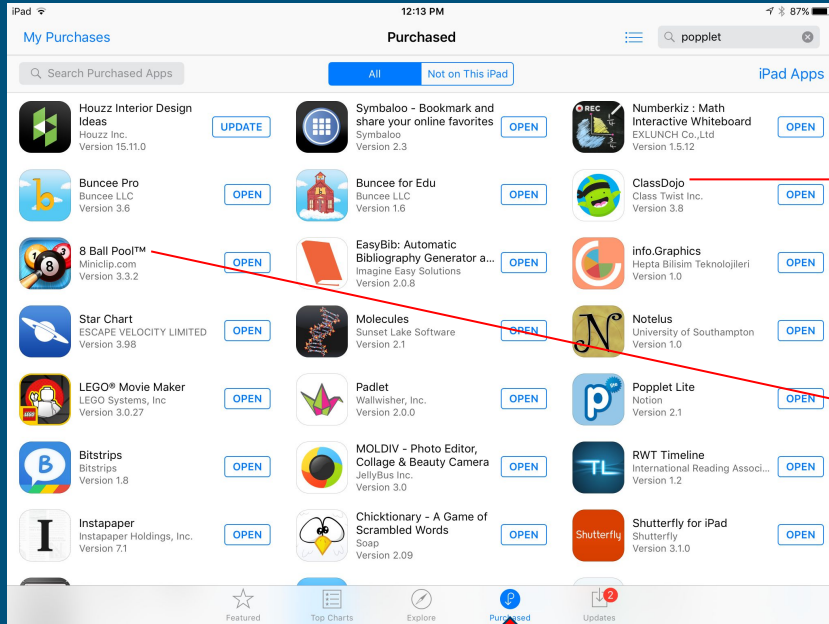

OLCHS Web Filter

- iPads are filtered both in school and at home
- iPad school filter is very restrictive
 - blocks inappropriate content
 - blocks social media - SnapChat, Kik, Facebook, Twitter, Instagram, Messenger
 - blocks streaming media - Pandora, Netflix
 - blocks some games - 8 Ball Pool, Clash of Clans
- iPad home filter is less restrictive
 - blocks inappropriate content
 - allows social media
 - allows streaming media
 - allows games

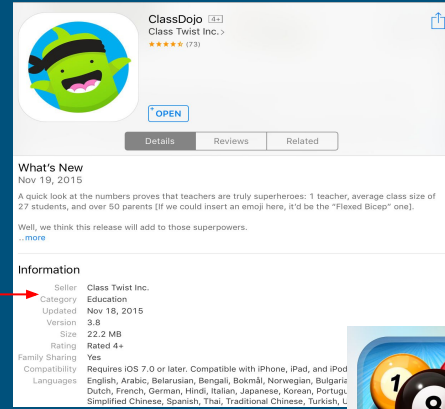

How do I know what category an app falls into?

1. Go to the app store

2. Click on purchased

4. Scroll down to find the category

3. Tap the app name to open app information.

iTunes U

- Teachers use iTunes U to organize their classroom
- Contains information and documents for each lesson
- Students/Parents can view previous assignments as well as current and possibly upcoming assignments.

iTunes U Helpful Hints

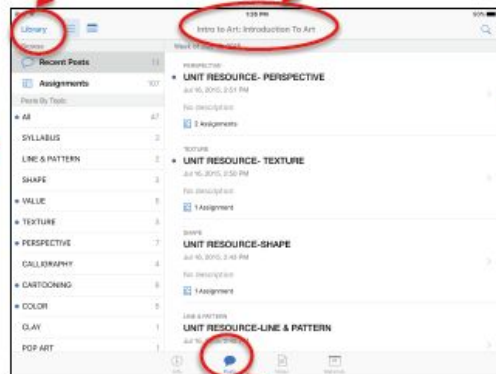

- Hold the iPad landscape
- Scroll posts by topic or by most recent
- Use the check box feature for assignment completion

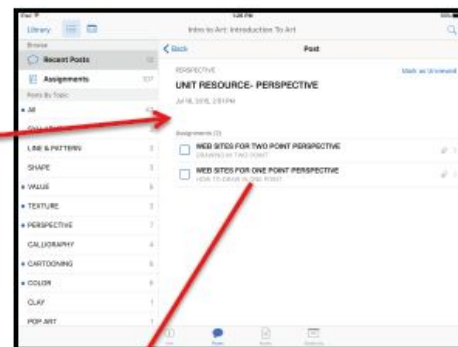

iTunes U

List other courses that student is enrolled in on iTunes U

Course Name

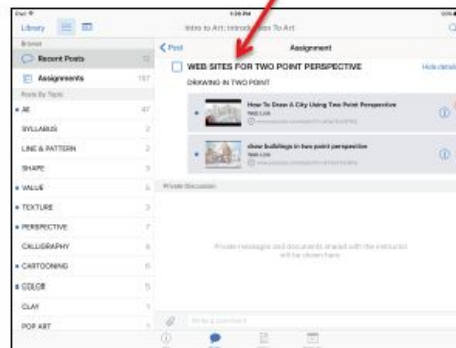

Tap the post to see more information about that post.

Tap the assignment to see more information about that assignment.

Posts contain instructions for the assignments.

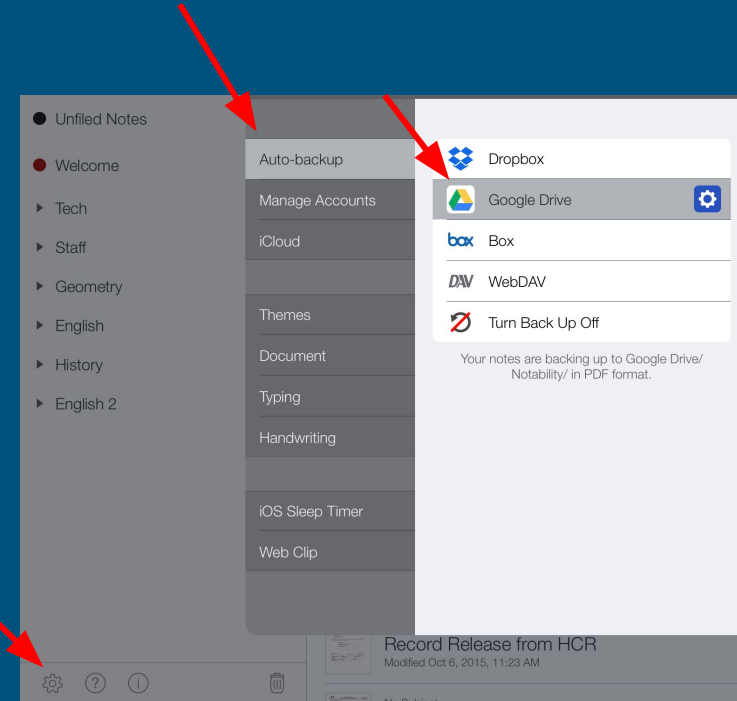

Posts are listed by topic or by most recent.

Tap the material to download and view the material. Students will open in Notability if they need to write on it.

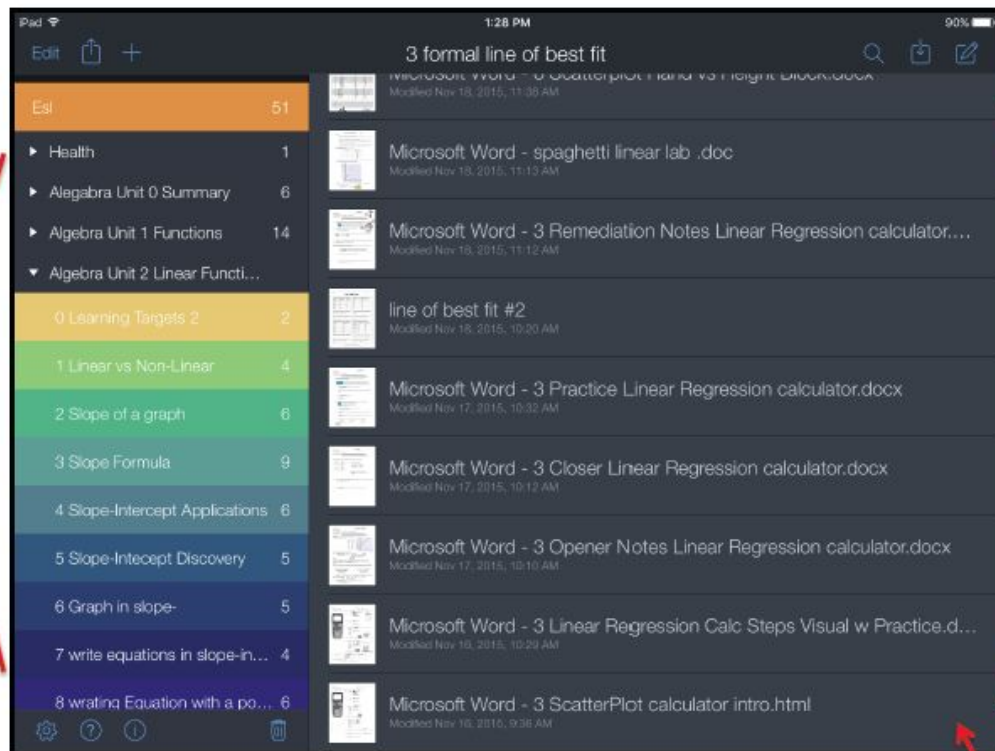

Notability

- Students use this app to write or type on PDF files
- Students can organize their documents into folders
 - Some teachers recommend folder names
- Students should backup their files to Google Drive. If students does not backup and the iPad is lost or damaged, they will lose all their work.
 - Settings
 - Auto-backup
 - Google Drive

Notability

**Folders to
organize your
student's files.**

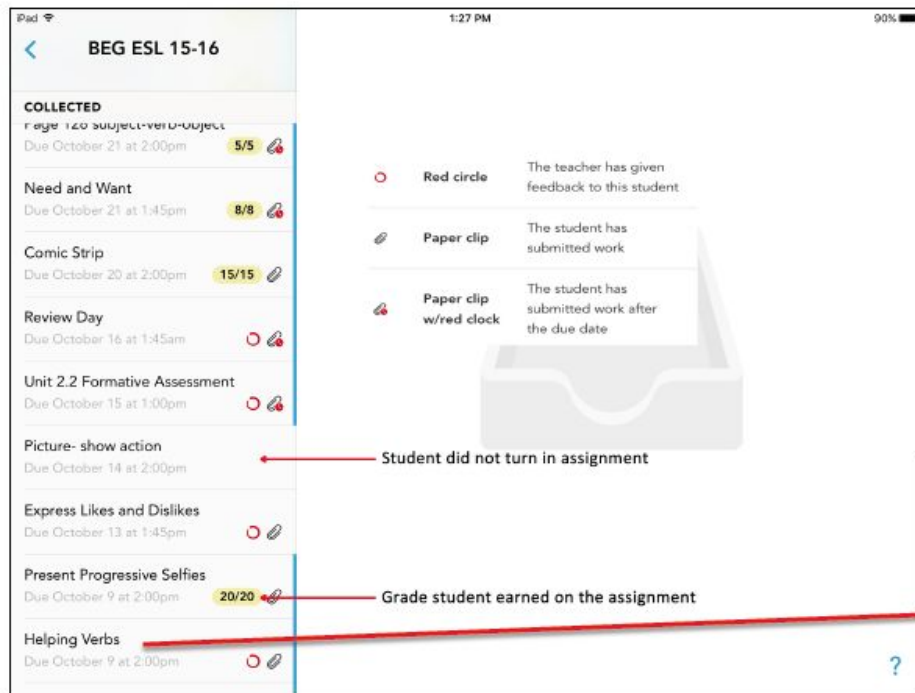

**All documents
that your student
has opened in
Notability**

Tap to open document

Showbie

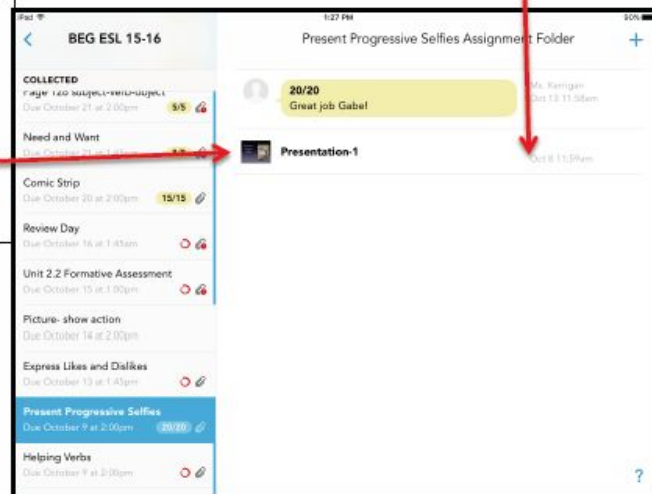

- Showbie is used by many teachers to collect assignments.
- Students join the teacher's class.
- Teacher creates assignment folder.
- Student submits document to the assignment folder.

Showbie

Tap on an assignment to see the grade and comments

Tap on the assignment itself to see the graded document.

Favorite Student Apps

- Book Creator
- Google Docs and Google Slides
- Socrative
- Keynote
