Executive Summary

District Strategic Plan 2025

Broward County Public Schools goal is to improve what students know and can do with the knowledge and skills Broward County Public Schools provide to succeed in the future. Broward County Schools uses a "student First - 2027 student outcome Focused Strategies Plan," aiming for significant gains in early literacy, Algebra proficiency (by 9th grade), Science, and College/Careers reediness by June 2027.

Vision: Educating today's students to succeed in tomorrow's world.

Mission: Educating all students to reach their highest potential.

Core Values: Emphasis on Excellence, Customer Focus, Teamwork, Integrity and Respect

School Mission Statement

Mission Statement

The mission statement of the staff and community of Croissant Park Elementary is to provide a safe, success-oriented environment for each of our students in which excellence in teaching is evident and lifelong learning is promoted. Every student, parent, staff member, and community member of CPE treats each other with respect. All stakeholders work as a team to ensure each student reaches his/her full potential. We believe in the partnership between the school and its families.

Vision Statement

Croissant Park Elementary's vision is to be a school with highly effective instructional practices that fuels a growth mindset among all learners.

School Community

Croissant Park serves 672 students enrolled in grades Pk-5th. The student population's ethnicity comprises 50 % Hispanic, African American 33.2%, 13.4 % Non-Hispanic students. Additionally, we serve 2.1% of Multicultural students as well as 1.3% of other nationalities.

The administration includes Principal Mrs. Michelle Allison. Croissant Park Elementary is proud to offer district-related programs which provide students with opportunities to improve their learning, develop new skills, and engage in meaningful experiences. These programs include Debate, Reading Rangers After-School Camp, and the B.E.S.T Mathematics Camp.

Our Debate Club allows students to deepen their critical thinking skills, improve their public speaking skills, build leadership, enhance research skills, boost self-esteem, and promote academic growth. Students are also able to build relationships with their peers and compete against other students from other schools across the district.

Our Reading Rangers After-School Camp focuses on addressing strategies and skills in the areas of vocabulary and reading comprehension with informational and literary texts. Our B.E.S.T. Mathematics Camp focuses on strategies and skills in the areas of Number Sense and Operations, Fractions, Geometry, Measurement, Data Analysis & Probability, and math vocabulary.

Purpose of Collection Development Policy

A school library collection development policy is a statement of guidelines for library staff members to follow when selecting, acquiring, and building library collections. It reflects the needs of faculty members and students. It identifies the programs supported by each collection, the collecting levels, and the collecting goals. It serves as a roadmap to guide library materials' selection, acquisition, and maintenance. It ensures the collection aligns with Florida Statutes, District's Strategic Plan Goals and Guardrails, the school's curriculum, and student needs by providing a framework for choosing resources that best support student learning across different subjects and interests while also addressing diversity and appropriate content levels.

A Collection Development Plan Serves Several Important Purposes:

Statutory Compliance: A Collection Development Plan establishes the framework for adhering to the mandatory state statute, requiring each district school board to adopt procedures for developing library media center collections and to post these procedures on each school's website.

District Alignment: Aligns with Broward County Public Schools 2022-2027 Strategic Plan Goals and Guardrails.

Supporting curriculum: The plan should directly connect library materials to the school's curriculum, ensuring students access relevant study resources.

Student needs assessment: It considers students' diverse needs, including reading levels, interests, and learning styles, to select materials that cater to a wide range of abilities.

Selection criteria: The plan outlines clear criteria for choosing materials, such as quality, accuracy, relevance, and alignment with school values.

Budget management: It helps allocate library funds effectively by prioritizing purchase needs based on identified gaps in the collection.

Collection maintenance: The plan includes procedures for discarding outdated or damaged materials and replacing them with current resources.

The administration includes Principal Mrs. Michelle Allison. Croissant Park Elementary is proud to offer district-related programs which provide students with opportunities to improve their learning, develop new skills, and engage in meaningful experiences. These programs include Debate, Reading Rangers After-School Camp, and the B.E.S.T Mathematics Camp.

Our Debate Club allows students to deepen their critical thinking skills, improve their public speaking skills, build leadership, enhance research skills, boost self-esteem, and promote academic growth. Students are also able to build relationships with their peers and compete against other students from other schools across the district.

Our Reading Rangers After-School Camp focuses on addressing strategies and skills in the areas of vocabulary and reading comprehension with informational and literary texts. Our B.E.S.T. Mathematics Camp focuses on strategies and skills in the areas of Number Sense and Operations, Fractions, Geometry, Measurement, Data Analysis & Probability, and math vocabulary.

Community engagement: It involves collaboration with students, teachers, administrators, and parents to gather input on collection needs.

A thorough analysis of the current media center collection at Croissant Park indicates that the average age of the collection is 2006, (19) years old, and the number of books per student is 10.9. The [American Library Association](#) has established a criteria for a highly effective media center that includes a ratio of 10 books available per student in the collection.

Currently, Croissant Park Elementary meets the recommended standards for the number of books per student.

Library Program

At Croissant Park Elementary, classes visit the Media Center at scheduled times throughout the week. During these visits, students have the opportunity to explore and select books that match their interests and reading levels. Our Media Center program is designed to foster a love of reading, build essential literacy skills, and inspire creativity in all students. We promote reading through engaging story time sessions, book talks, Accelerated Reader opportunities, and special events like Readers Theater and author visits.

Students also develop important information and digital literacy skills through beginning-of-year library orientation, research support, and lessons on safe and effective use of online resources. Our Media Center encourages creative expression through themed displays, writing contests, art projects, and dramatic play experiences such as our Storybook Character events.

We work closely with teachers to align Media Center activities with classroom instruction through collaborative planning, co-teaching, and classroom connections. Above all, we are committed to providing age-appropriate, diverse materials in a welcoming, technology-rich environment that inspires curiosity, creativity, and a lifelong love of learning.

In addition to scheduled visits, the Media Center is open to students and staff during and after the instructional day. We proudly support literacy initiatives such as Reading Across Broward and Beanstack Reading Challenges, encouraging a love of reading both in and out of the classroom.

Scope of the Collection

Croissant Park School's collection must consider the patrons being served. Since our schools' population is majorly Hispanic, forty percent of books purchased will be dual language with an emphasis on DRA Level 1-3. It will include hard and soft cover books that include phonics, non-fiction, and fiction. Some specific themes or subject areas needed are all four language skills (listening, speaking, reading, and writing). Additionally, the collection will have an emphasis on vocabulary building, grammar rules, pronunciation practice and real-life English usage scenarios to help students become proficient in the language across various contexts. Conversely, the collection will not have any material contrary to Broward Schools, district policy to include any items of ethical concerns, and lack of relevance to our collection's focus.

The district has provided online resources to ensure equitable access to information for teaching and learning to improve student performance and achievement. Students and teachers can use Clever or Canvas to access age-appropriate materials that support educational and social-emotional needs through the following online resources: Follett Destiny Online Library Catalog, SORA Gale Online Databases and eBooks, Beanstack, and Sora by Overdrive.

School media centers provide access to library media materials that eliminate educational barriers based on gender, race/ethnicity, national origin, color, religion, disability, age, sexual orientation, gender identity, expression, or other protected group status and that are free of bias, stereotypes, distortions, and prejudices. This includes the ability to obtain information in a variety of formats - electronic as well as print, without fear of censorship or reprisal.

Collection Development

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the input of teachers, students, and parents. Resources are selected according to principles of intellectual freedom and provide all learners with access to information representing diverse points of view.

Selection and Evaluation Criteria (Drawn from BCPS Policy 4120)

Selection of Materials

Funded by the state, district, and school, the media collection will contain a wide range of appropriate materials on varying levels of difficulty in various existing and emerging formats. It will focus on materials that address different learning styles and levels.

Responsibility

The School Board of Broward County is legally responsible for all matters relating to the operation of the Broward County Schools. The professionally trained media specialist is responsible for coordinating the selection of instructional materials for the School Media Center, consulting with the principal, teachers, and students.

***In the event there is not a school library media specialist,** the Principal and/or Administrative Designee will assume the responsibility for identifying and selecting an instructional staff member(s) to engage in the selection process to ensure materials support the needs of the school community.

NOTE: Clerical personnel should NOT be responsible for library material collection development and/or resource management and selection of materials.

Criteria for Selection of Print and Non-Print Materials

1. Materials are selected to support the mission of Croissant Park Elementary
2. Materials are selected to enrich and support the curriculum and the educational, emotional, and recreational needs of the users.
3. Materials shall be appropriate for the age, emotional development, ability levels, learning styles, and social development of the students.
4. Materials shall represent differing viewpoints of controversial issues so that users may be motivated to engage in critical analysis of such issues, to explore their own beliefs, attitudes, and behavior, and to make informed choices in their lives.

In keeping with the **Library Bill of Rights**, materials will be considered based on the following:

- Needs of the curriculum, learning/teaching styles of students, faculty, and staff
- Possible use of material (including small or large group instruction, in-depth study)
- Level of physical, artistic, and literary quality
- Representation of multiple viewpoints
- Treatment of subject and lack of cultural bias
- Accuracy and currency of information
- Scope of coverage
- Support of inquiry and critical thinking skills
- Relationship of the material to the overall collection
- Cost, packaging, and documentation

Selection Tools

The following professional resources are available to assist the media specialist in the selection process. However, selection is not limited to the use of these tools.

Follett Titlewave: Titlewave is a collection development and curriculum support tool for school libraries, librarians, and educators, featuring professionally curated content from Follett library services and support tools that help you find the most relevant materials.

Mackin: Mackin uses highly acclaimed review sources (Audio File, Booklist, Horn Book Magazine, Kirkus Reviews, Library Media Connection, Publishers Weekly, and School Library Journal). It places them in one convenient location to make the best selections for school libraries and students.

Periodicals: School Library Journal, Kirkus Reviews, Booklist, Horn Book, Library Media Connection, Journal of Adolescent and Adult Literacy, Young Adult Library Services, Knowledge Quest.

Books: Children's & YA Book Lists: Best Books, Best Books for Young Adult Readers; Books for You: An Annotated Booklist for Senior High Students; Outstanding Books for the College Bound: Choices for a Generation; and Senior High School Library Catalog.

Note: Common Sense Media, Amazon, Goodreads, The Manga Critic and Reviews from paid reviewing sources **may be used** in conjunction with professional reviewing sources.

Gifts and Donations

Any gifted or donated items must meet the same selection criteria as all other materials—the criteria listed in Florida Statute 1006.28 and Broward County School Board Policy 4120.

Collection Maintenance

Removing materials from a library collection that are no longer educationally appropriate is an equally important process of selecting new items of high quality. The library media specialist and/or instructional staff should have an ongoing process to evaluate the library media collection and to keep the collection relevant to the changing needs of the curriculum, personal interests, and needs of students. Evaluation of items under consideration for removal from the Library Media Center should be based on criteria related to the educational value of the resources. The removal (weeding) of library materials from the collection is the responsibility of a skilled professional library media specialist. Weeded items should not be disposed of or discarded at the school site. Weeded items should be boxed and identified as DISCARDED or WITHDRAWN and scheduled for pick up by Procurement and Warehousing Services by completing the enclosed Warehouse Assistance Request Form.

Reconsideration of Materials

Inquiries regarding the appropriateness of particular library and supplemental instructional materials are a normal part of the process of providing a wide variety of resources for student use.

Opt-Out Form

Parents may submit their request to limit their student's access to materials in the school or classroom library by submitting a completed Opt-Out Form to the school principal.

Procedures for Objections to Library Materials and Reading Lists

Superintendent Review Committee

1. The School Board shall form a Superintendent Review Committee (SRC) to review objections to library materials. The SRC must have a minimum of five members but may have as many additional members as the Superintendent or his/her designee appoints based on need.
2. Any committees convened for the purpose of resolving an objection by a parent or resident to specific materials must include parents of students who will have access to such material.
3. The membership of the review committee should reflect the broad racial, ethnic, socioeconomic, and cultural diversity of Broward County Public Schools as well as individual(s) with noted or reasonable subject matter expertise.

Phase 1: Complete Objection to Library/Instructional Materials Form

- a. A parent or resident of Broward County who wishes to object to materials used within the School Board of Broward County Public Schools must complete the "Objection to Library/Instructional Materials Form," located on the school's Library Media website. The objection shall include the following information:
- b. Parent or resident of Broward County must specify the text within the material he/she believes is out of compliance with the requirements of Section 1006.28(2)(a)2.a. or b., Florida Statutes, and the nature of the alleged noncompliance.

Phase 2: Notifications

- a. Upon receipt of the completed "Objection to Library/Instructional Materials" form, notifications will be sent to the principal where the challenge originates as well as the Innovative Learning Department staff, school board members, and superintendent.
- b. Any item subject to an objection on the basis of sub sub-subparagraph b. (I) or sub-sub-subparagraph b.(II) must be removed within 5 school days of receipt Page 9 of 10 of the objection and remain unavailable to students of that school until the objection is resolved.

Phase 3: Superintendent's Review Committee Review

- a. The Innovative Learning Department Director shall convene the SRC to review the material.
- b. SRC will utilize an approved review rubric aligned to School Board policies and state statutes approved by the Superintendent.

Phase 4: SRC's Recommendation to the Superintendent

- a. A decision will be rendered within ninety (90) days after receipt of the objection.
- b. Committee will submit their recommendation to the School Board of Broward County, the Superintendent, and the parent or resident of Broward County.
 - i. allows the challenged material to maintain its current status;
 - ii. leave the challenged material in the classroom or school media center, but allow students to use alternate materials approved by school personnel who require the use of the disputed items;
 - iii. limit the educational use of the challenged material;
 - iv. transfer the challenged material to a higher-level school (e. g. elementary to a middle school); and/or
 - v. remove the challenged material from the school environment.

Phase 5: Appeal

- a. If a parent or resident of Broward County disagrees with the determination made by the SRC, he/she may request inclusion on the School Board agenda.
- b. If they disagree with the School Board's decision on the objection to the use of a specific material, a parent or resident of Broward County may request from the Commissioner of Education appointment of a special magistrate who is a member of the Florida Bar in good standing and who has at least 5 years' experience in administrative law to render a recommended decision.

Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the Library Bill of Rights are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices. See the documents designated by the Intellectual Freedom Committee as Interpretations of the Library Bill of Rights.
